OUTDOOR POWER TOOLS

Now, famous SHOPSMITH quality, efficiency and versatility are available to you in outdoor power equipment. Naturally, we call it YARDSMITH—a worthy companion to famous SHOPSMITH.

New YARDSMITH Outdoor Power Tools will include a variety of Rotary and Reel type Mowers, a Riding Mower, a Tiller and a Convertible Tiller-Mower.

YARDSMITH Rotary Mowers are available as self-propelled or walking models in 22" and 19" sizes. They feature revolutionary Safe-T-Guard, Touch-A-Just instant height adjustment, carry a full year warranty and are sold on the convenient MAGNA Tool-Time Plan, as are all YARDSMITH Tools.

The YARDSMITH Riding Rotary is the last word in effortless lawn care. Up-hill, down-dale or on the level, it does a superb mowing job while you ride in armchair comfort. The YARDSMITH climbs *and* mows on hills that baffle other riding mowers.

The YARDSMITH Tiller is a most versatile ground worker, saving tremendously in time and labor in a wide range of garden tasks. The Convertible Tiller-Mower, bearing the newest and finest name in garden power equipment, has instant appeal to the SHOPSMITH owner for, like your favorite *indoor* power tool, it too uses a single power unit to do a multitude of lawn and garden jobs.

The Tiller prepares garden plots, furrows and hills, cultivates and weeds. The YARDSMITH "Convertible" also mows grass, edges walks and drives, aerates the ground and mulches fallen leaves. This most versatile outdoor power tool can be changed in seconds for Tiller or Mower operations.
