This image is a red-lined grid consisting of 13 columns and 30 rows. The grid is empty, with no text or data present. The lines are thin and red, forming a uniform pattern of small squares across the entire page.

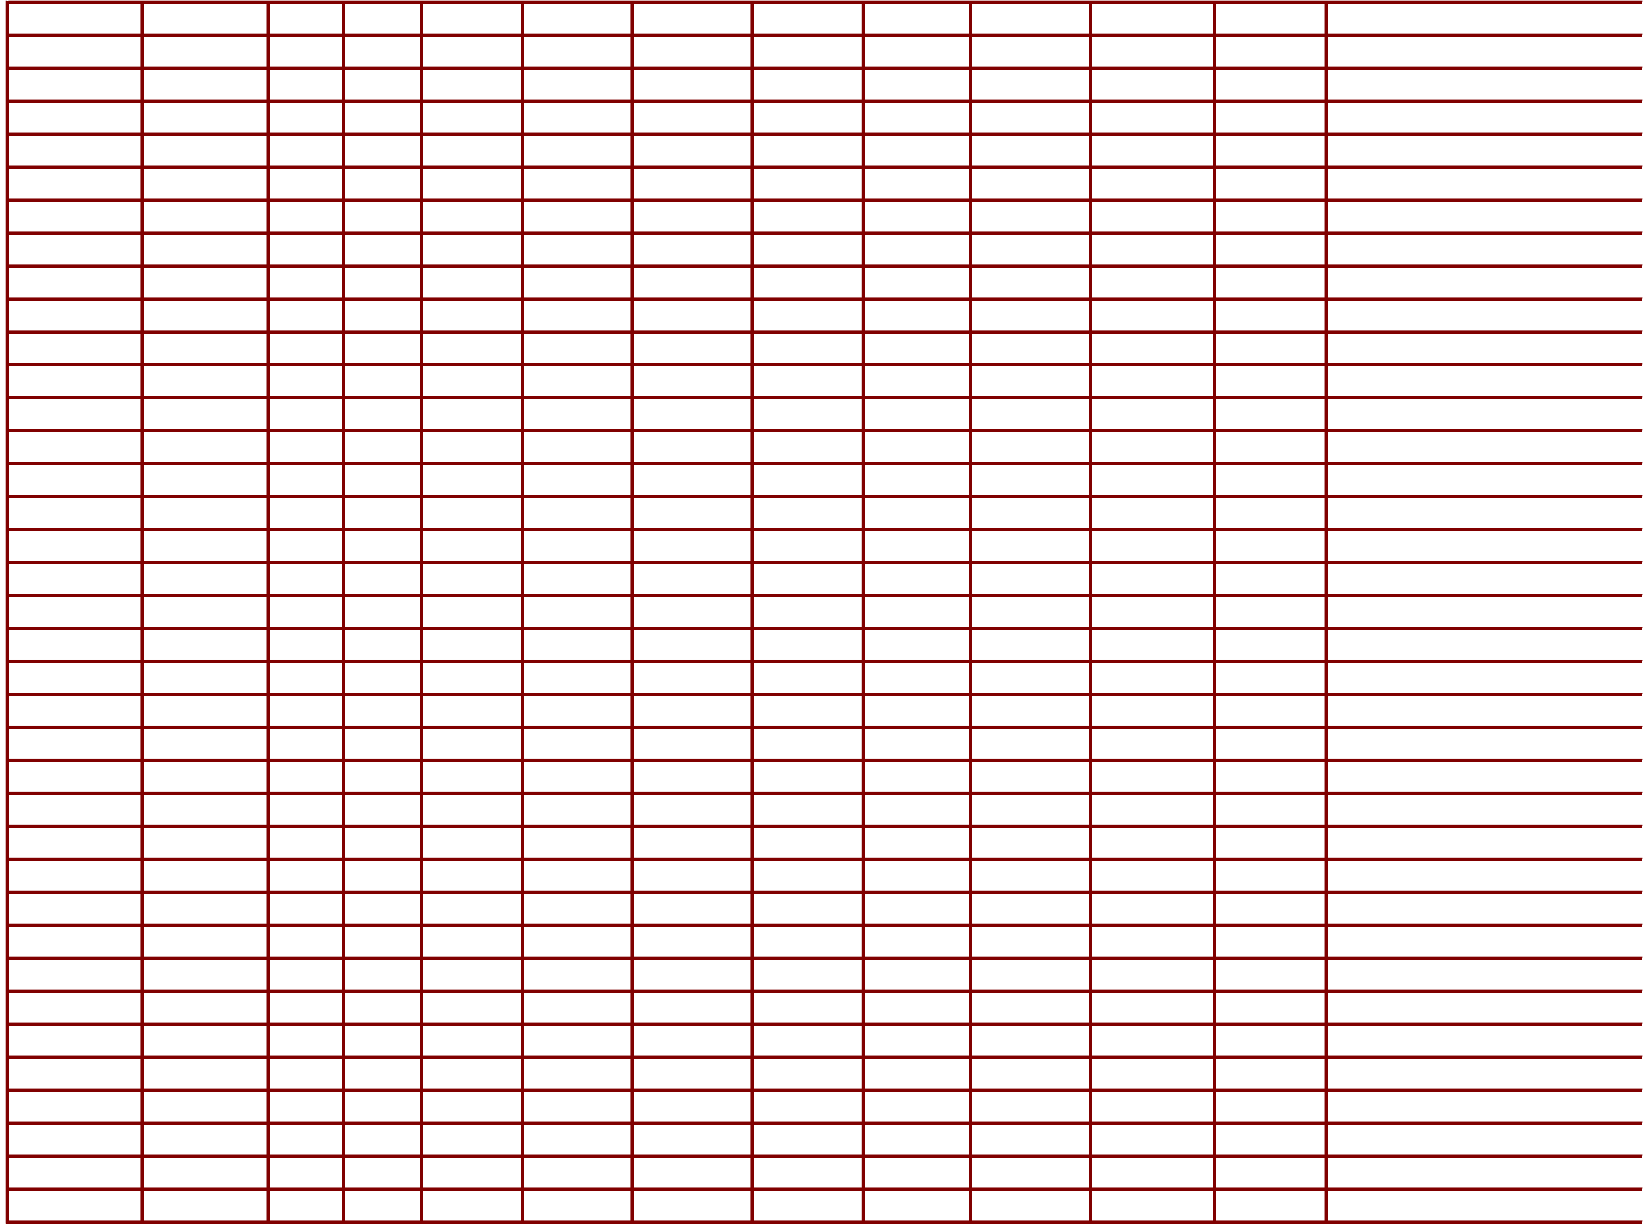

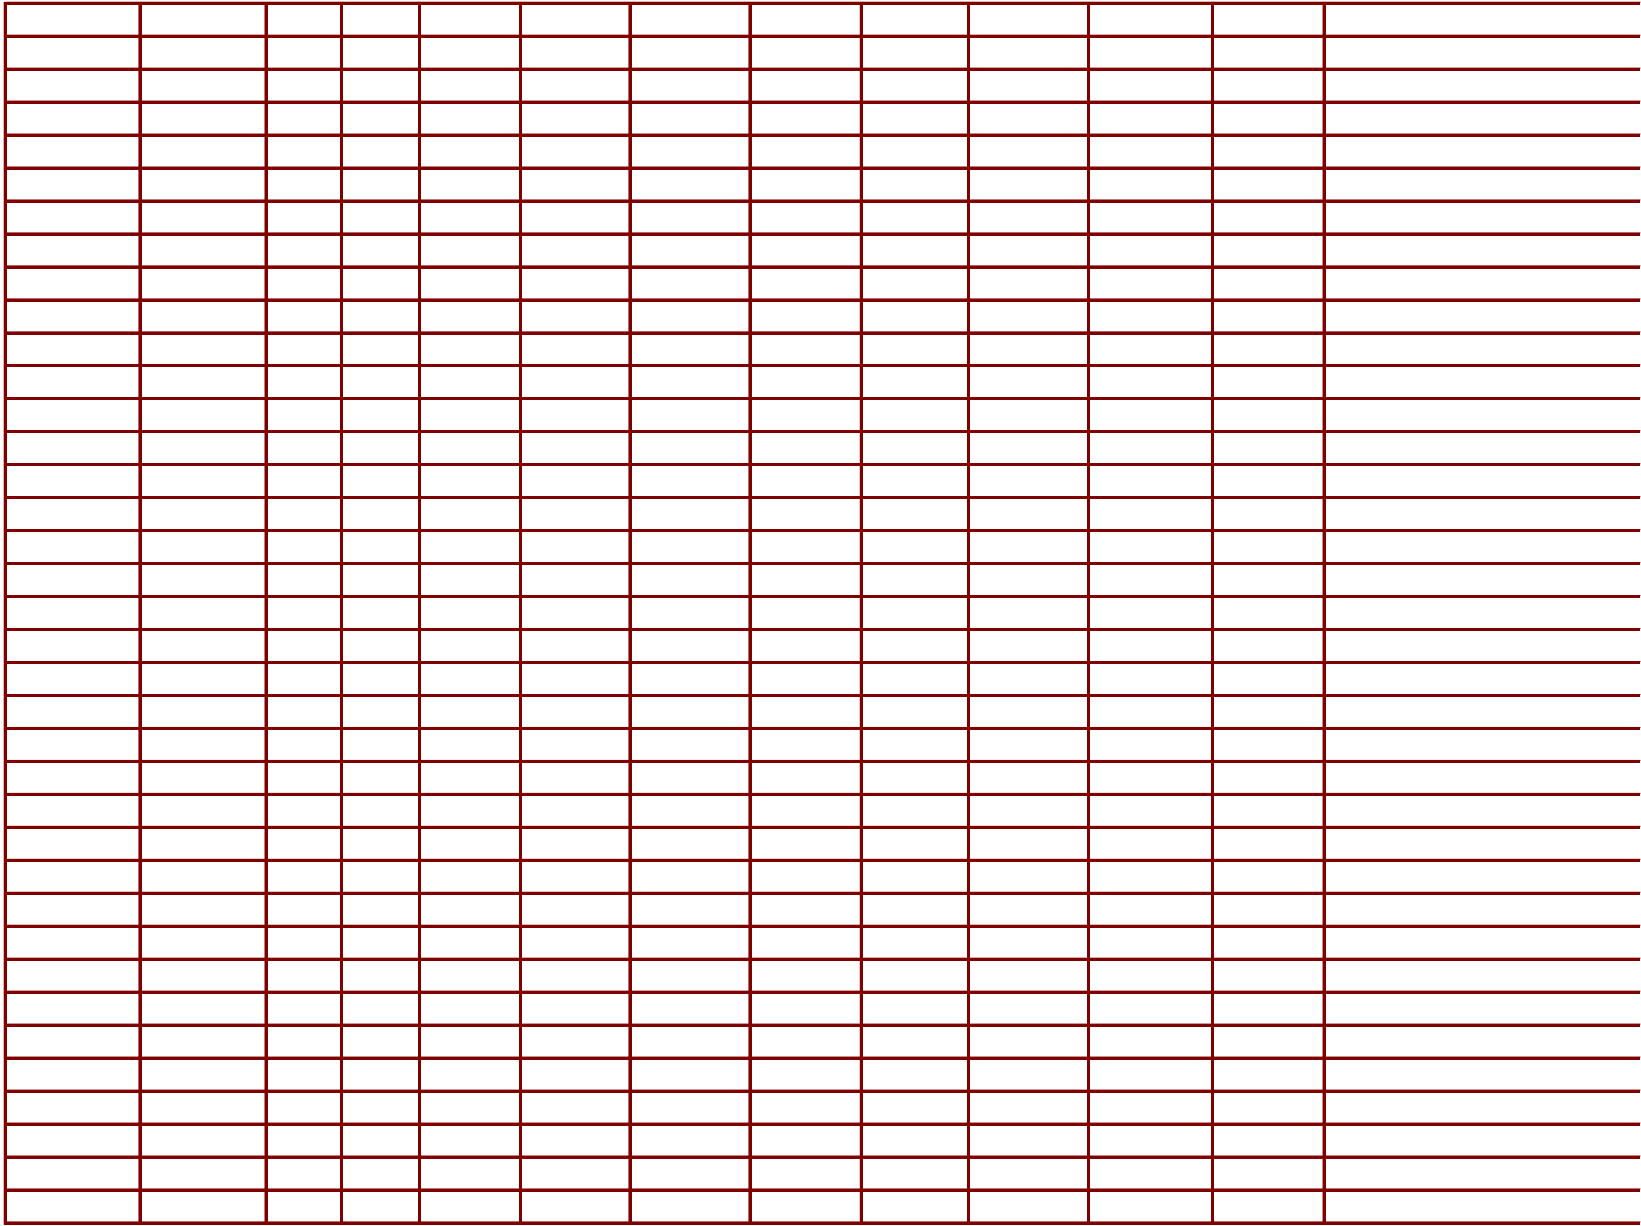

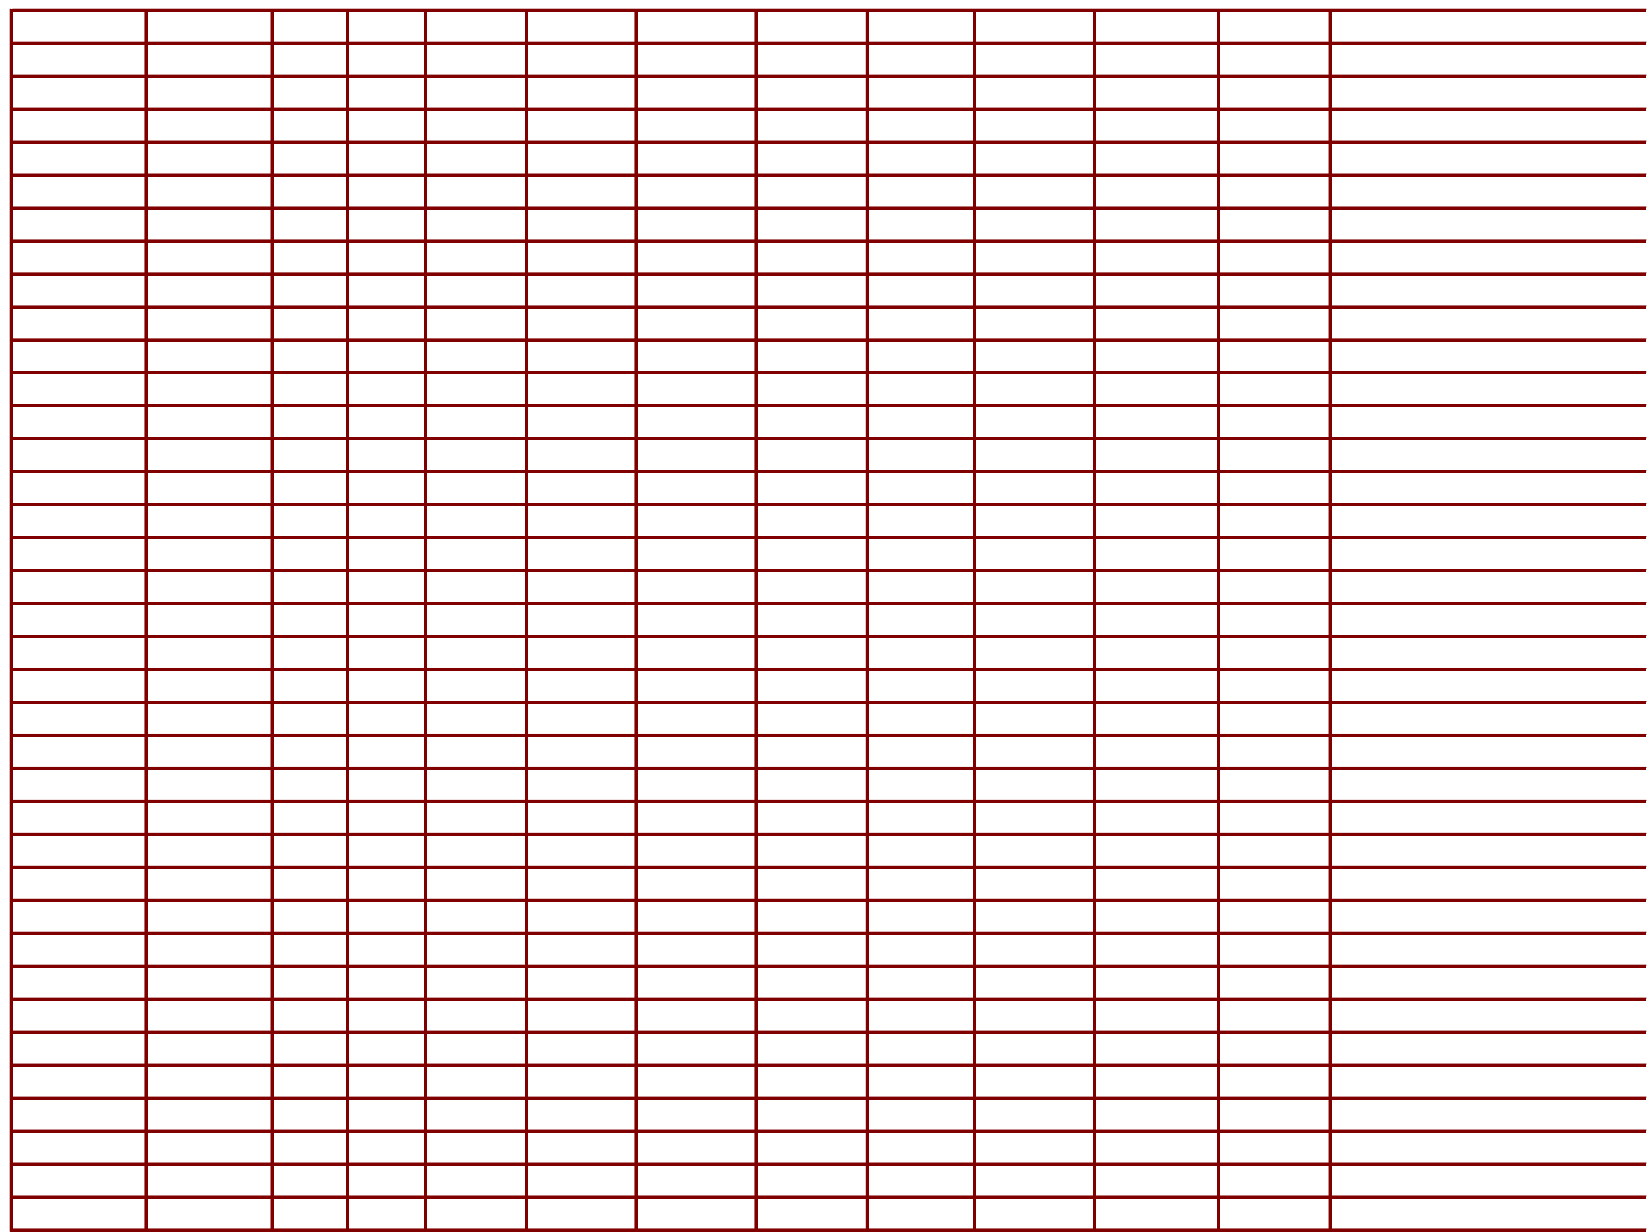

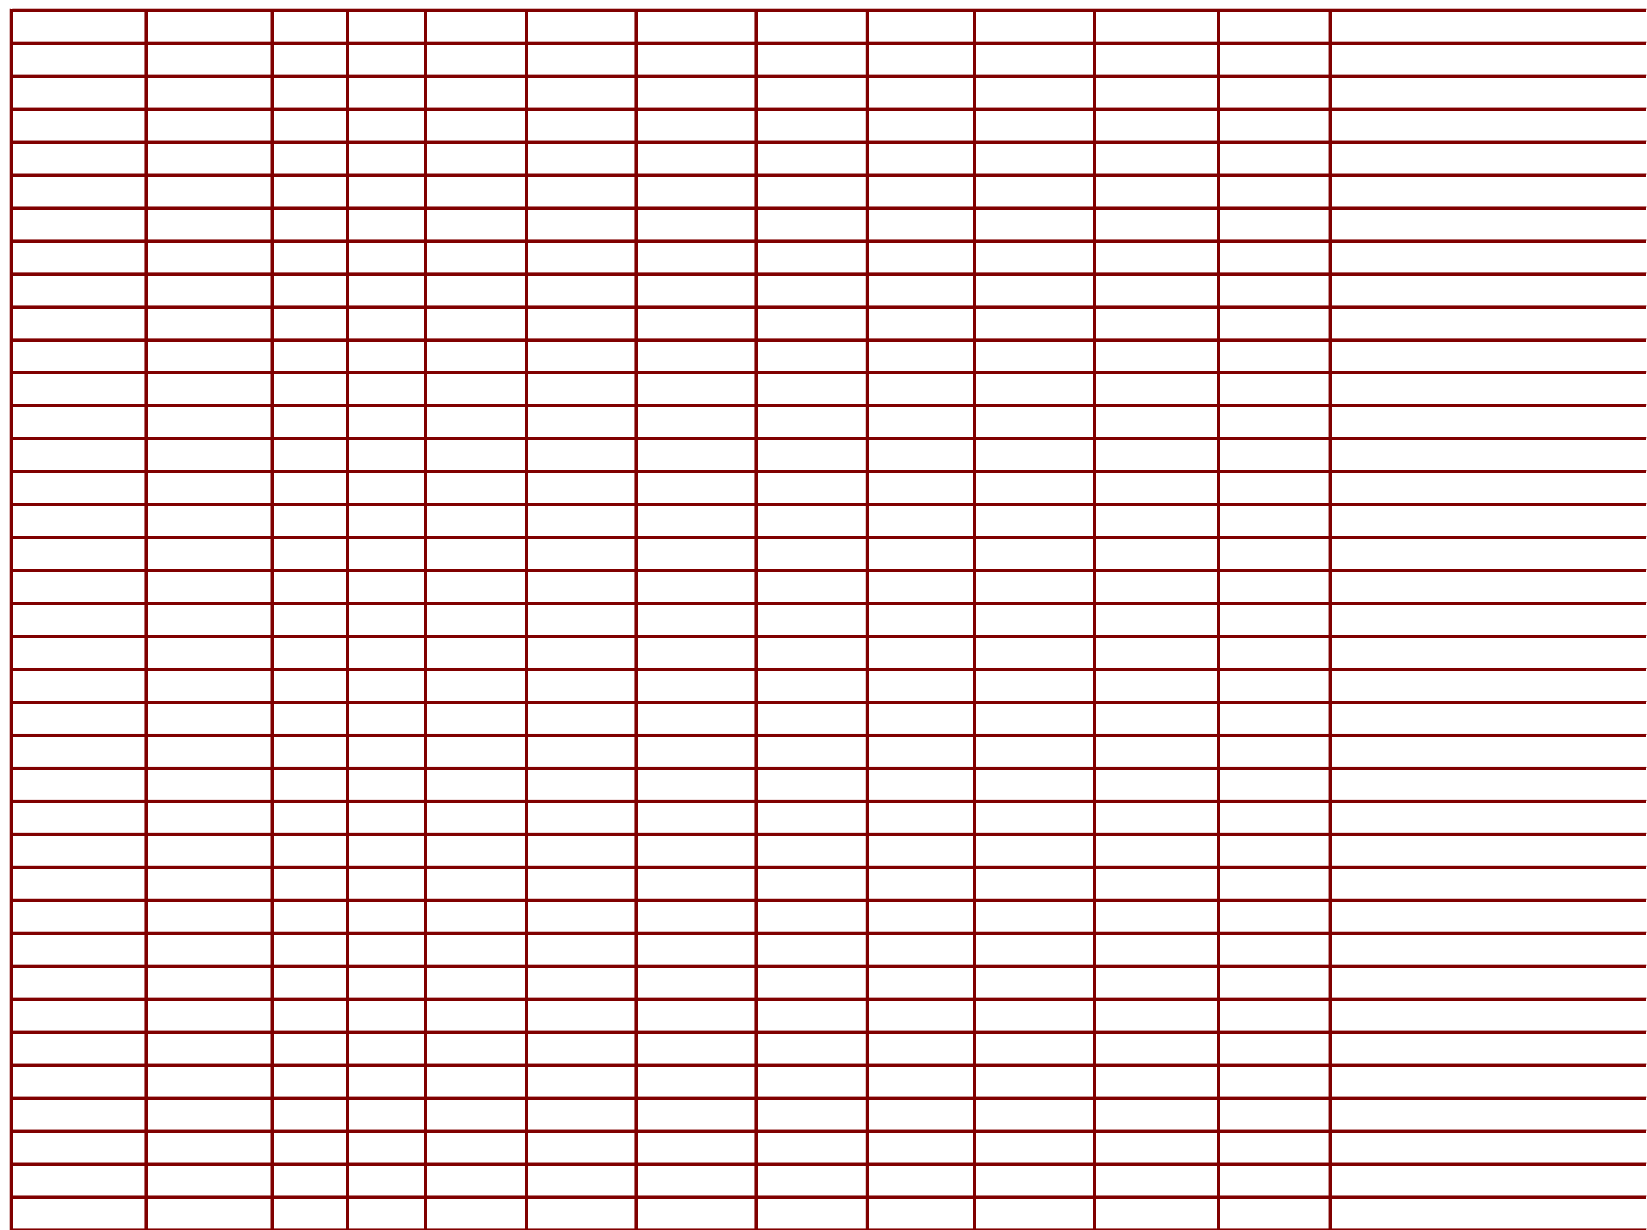

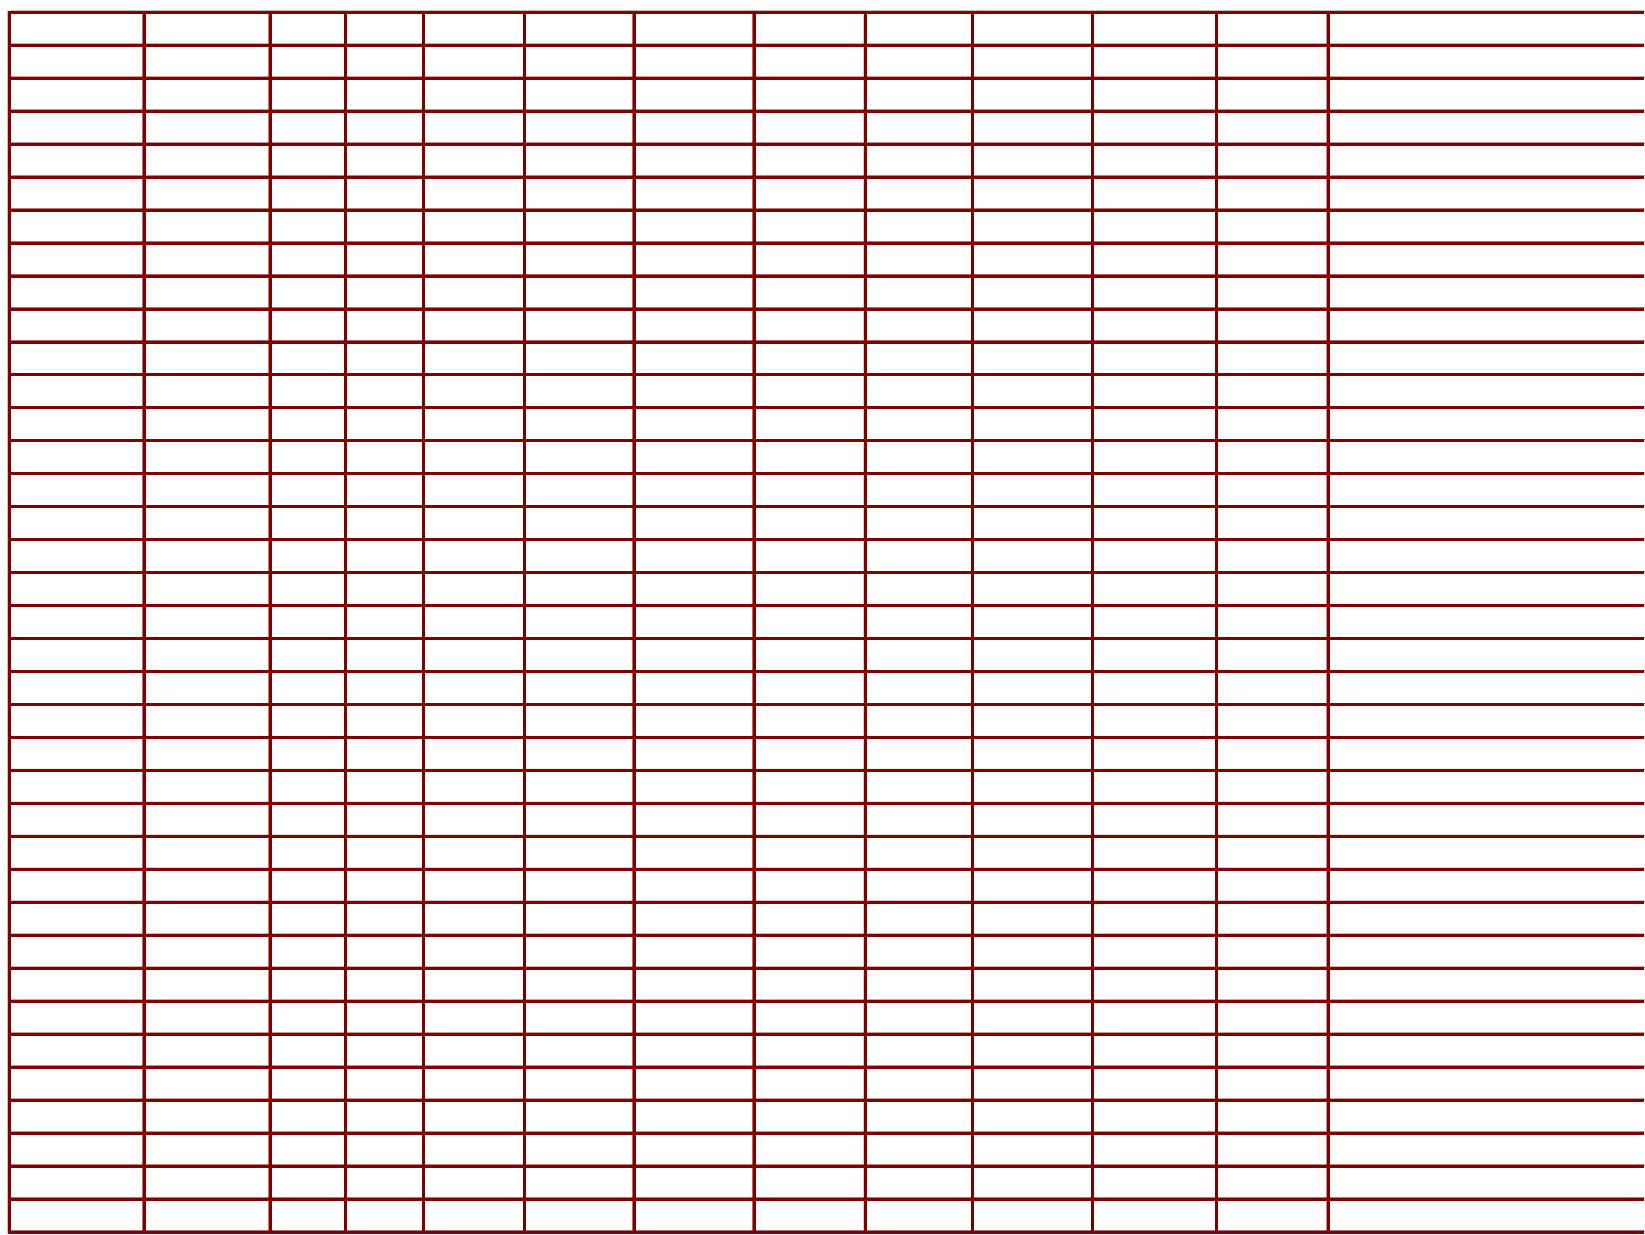

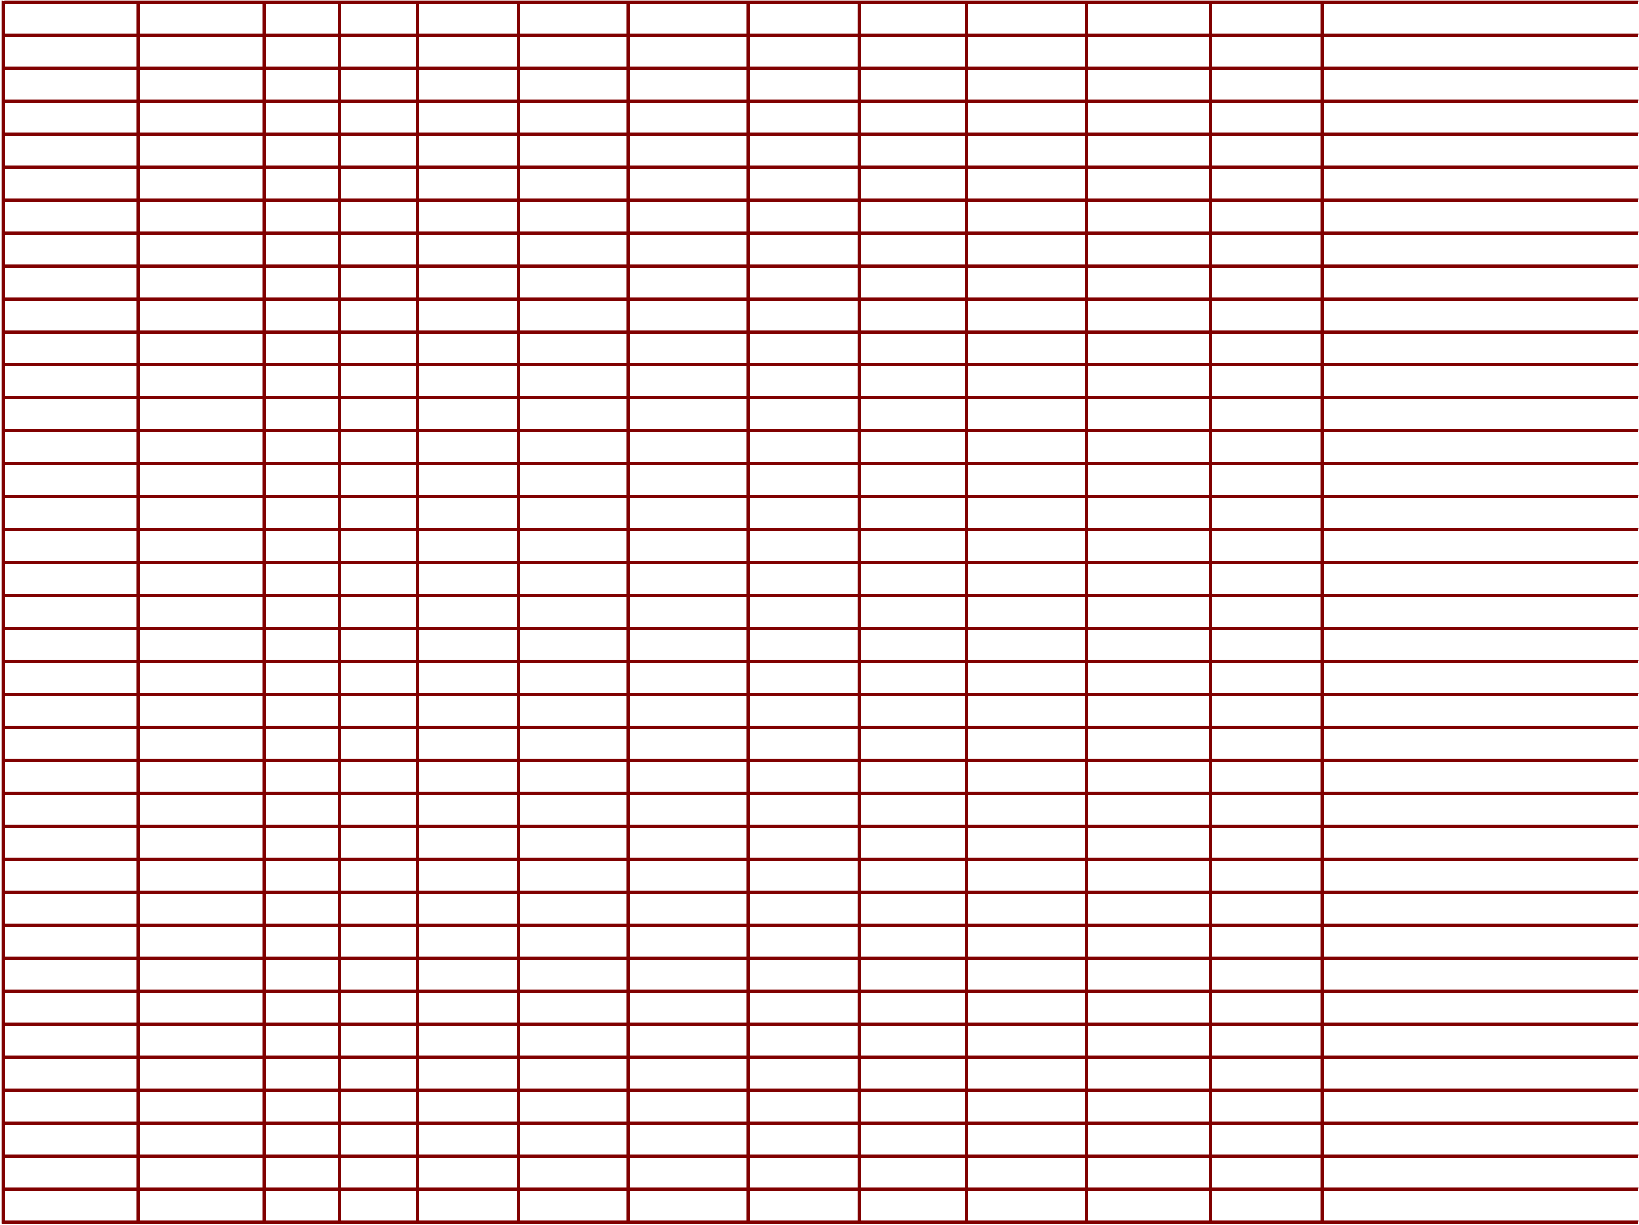

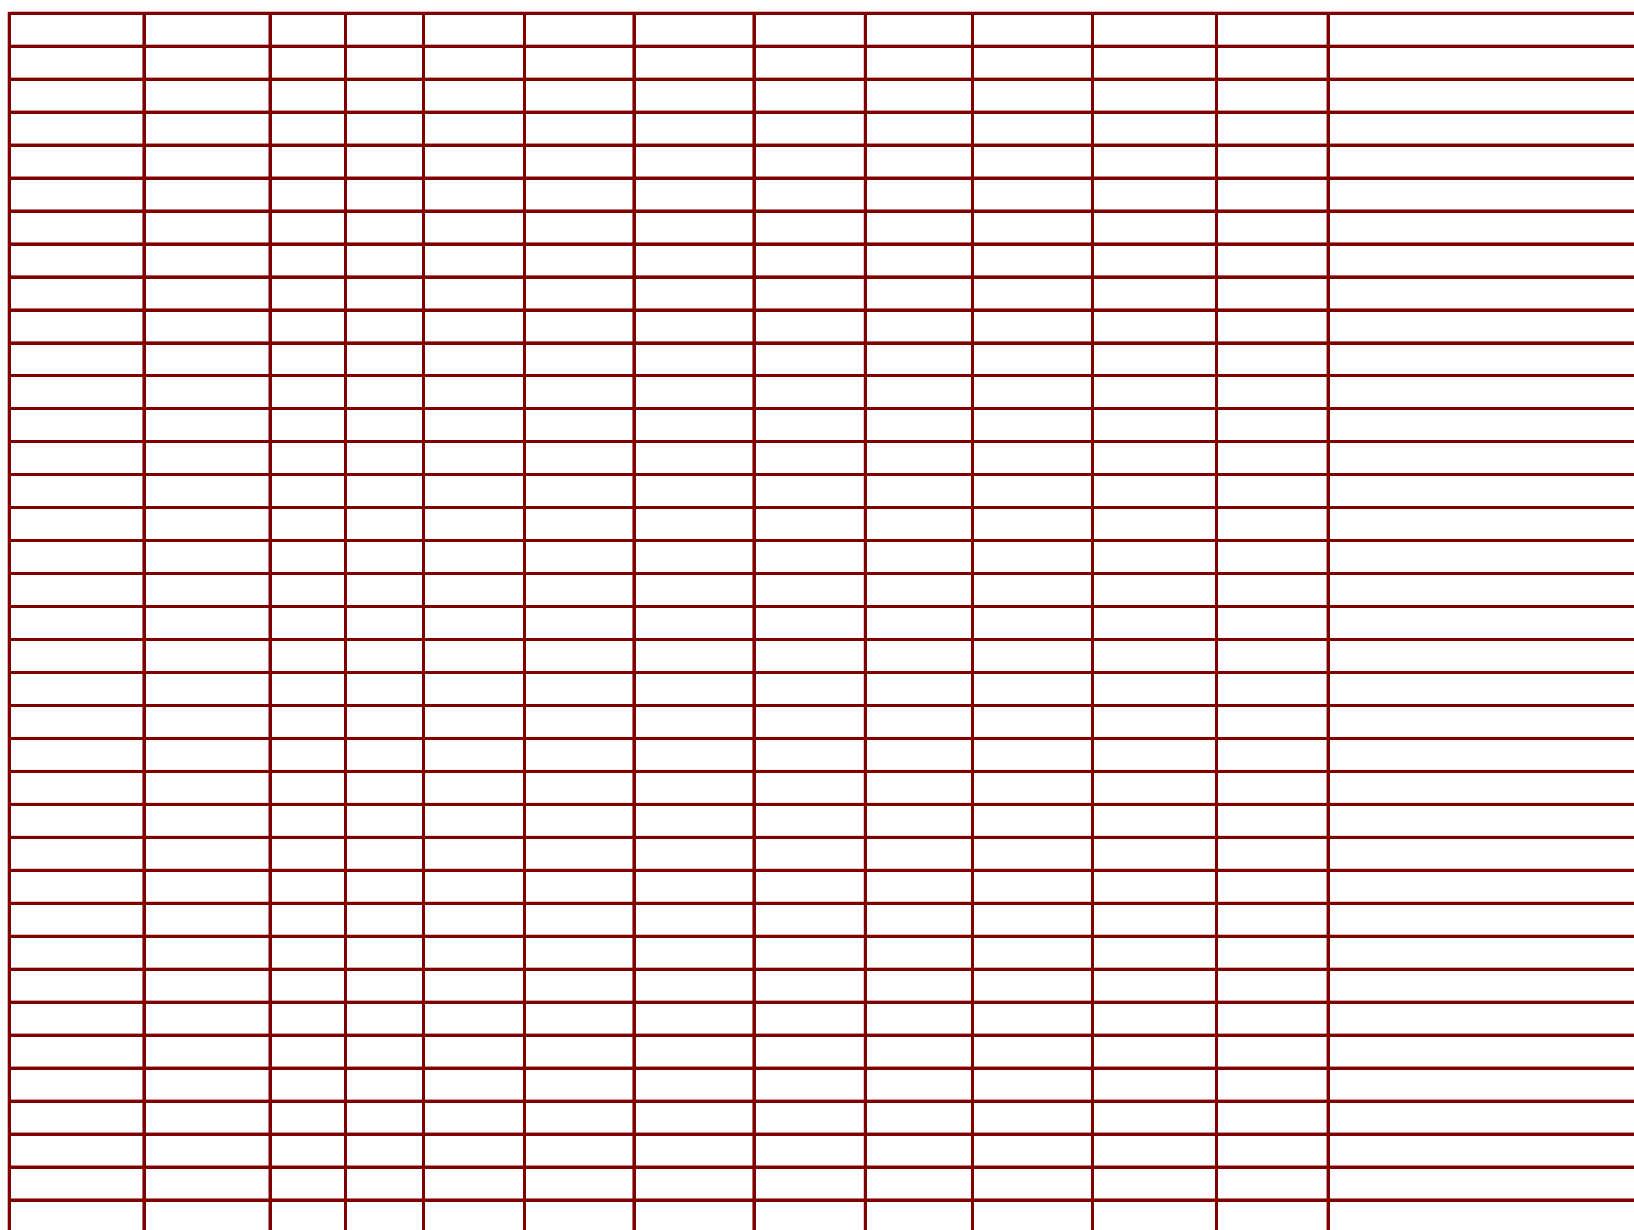

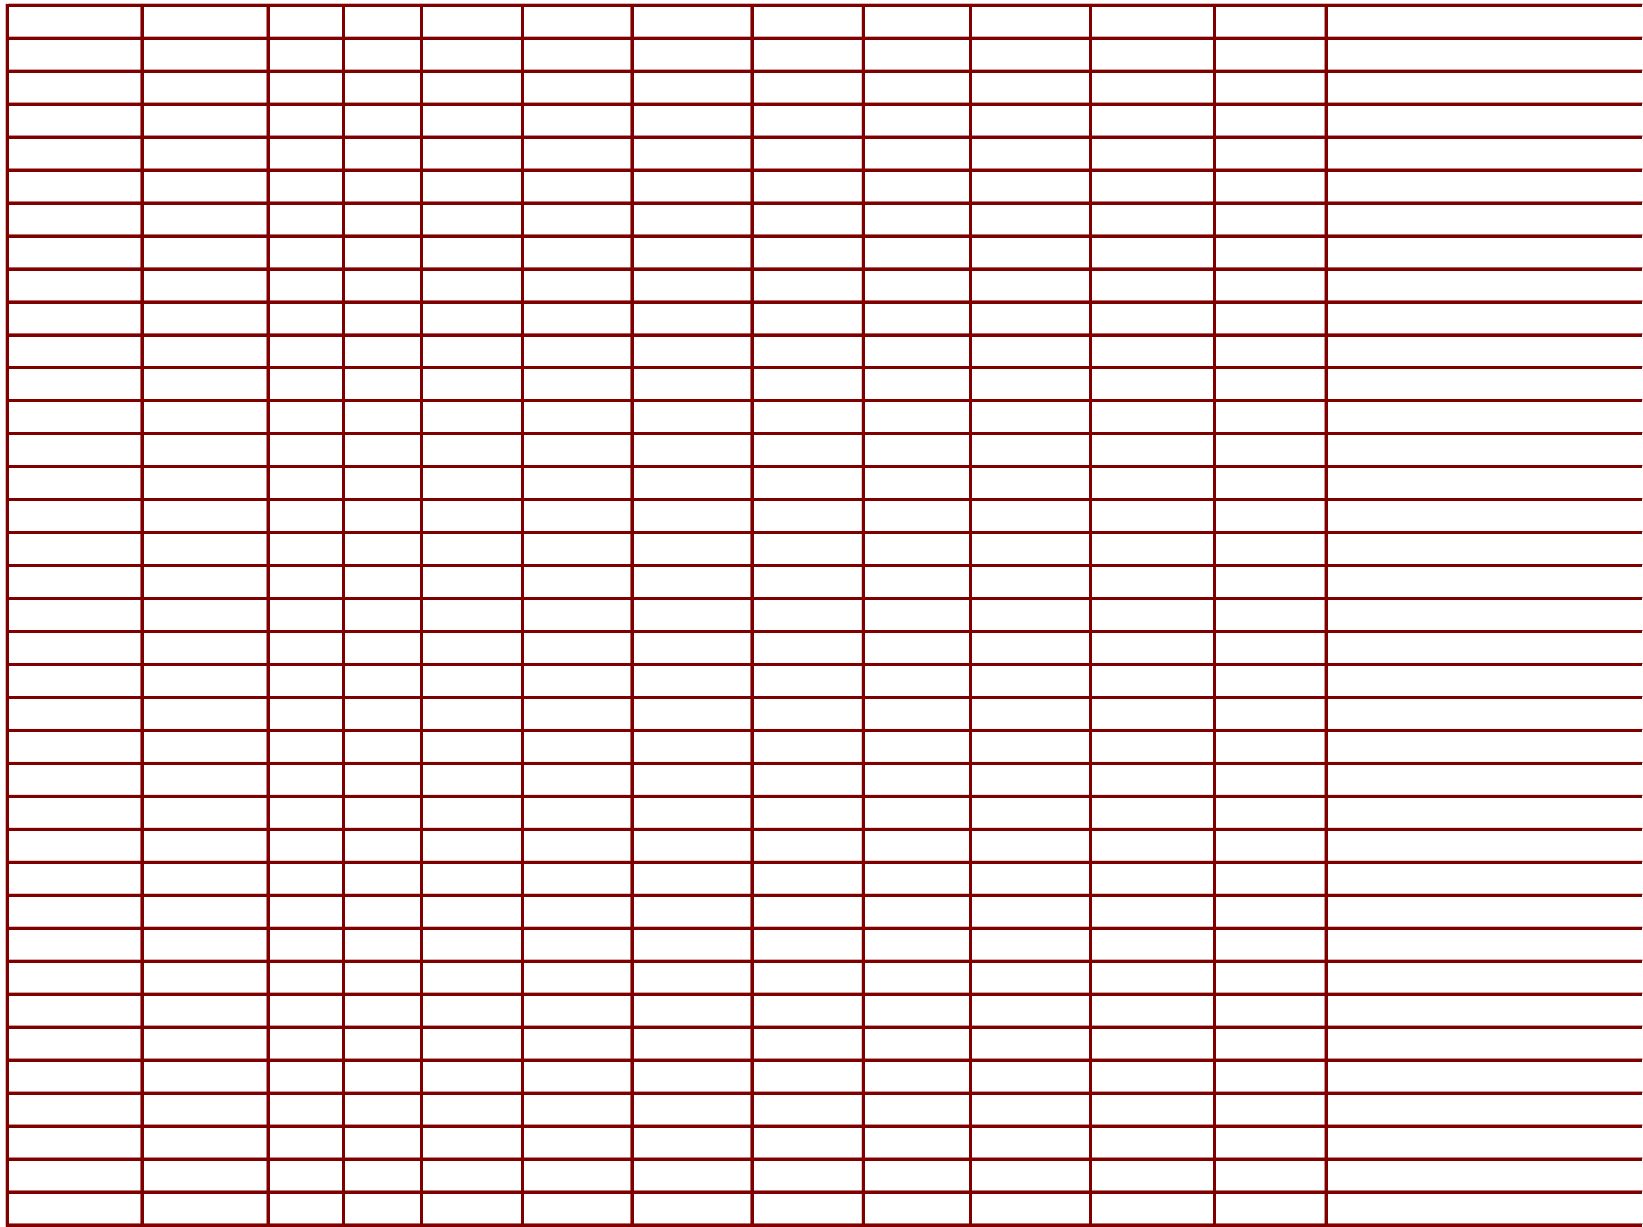

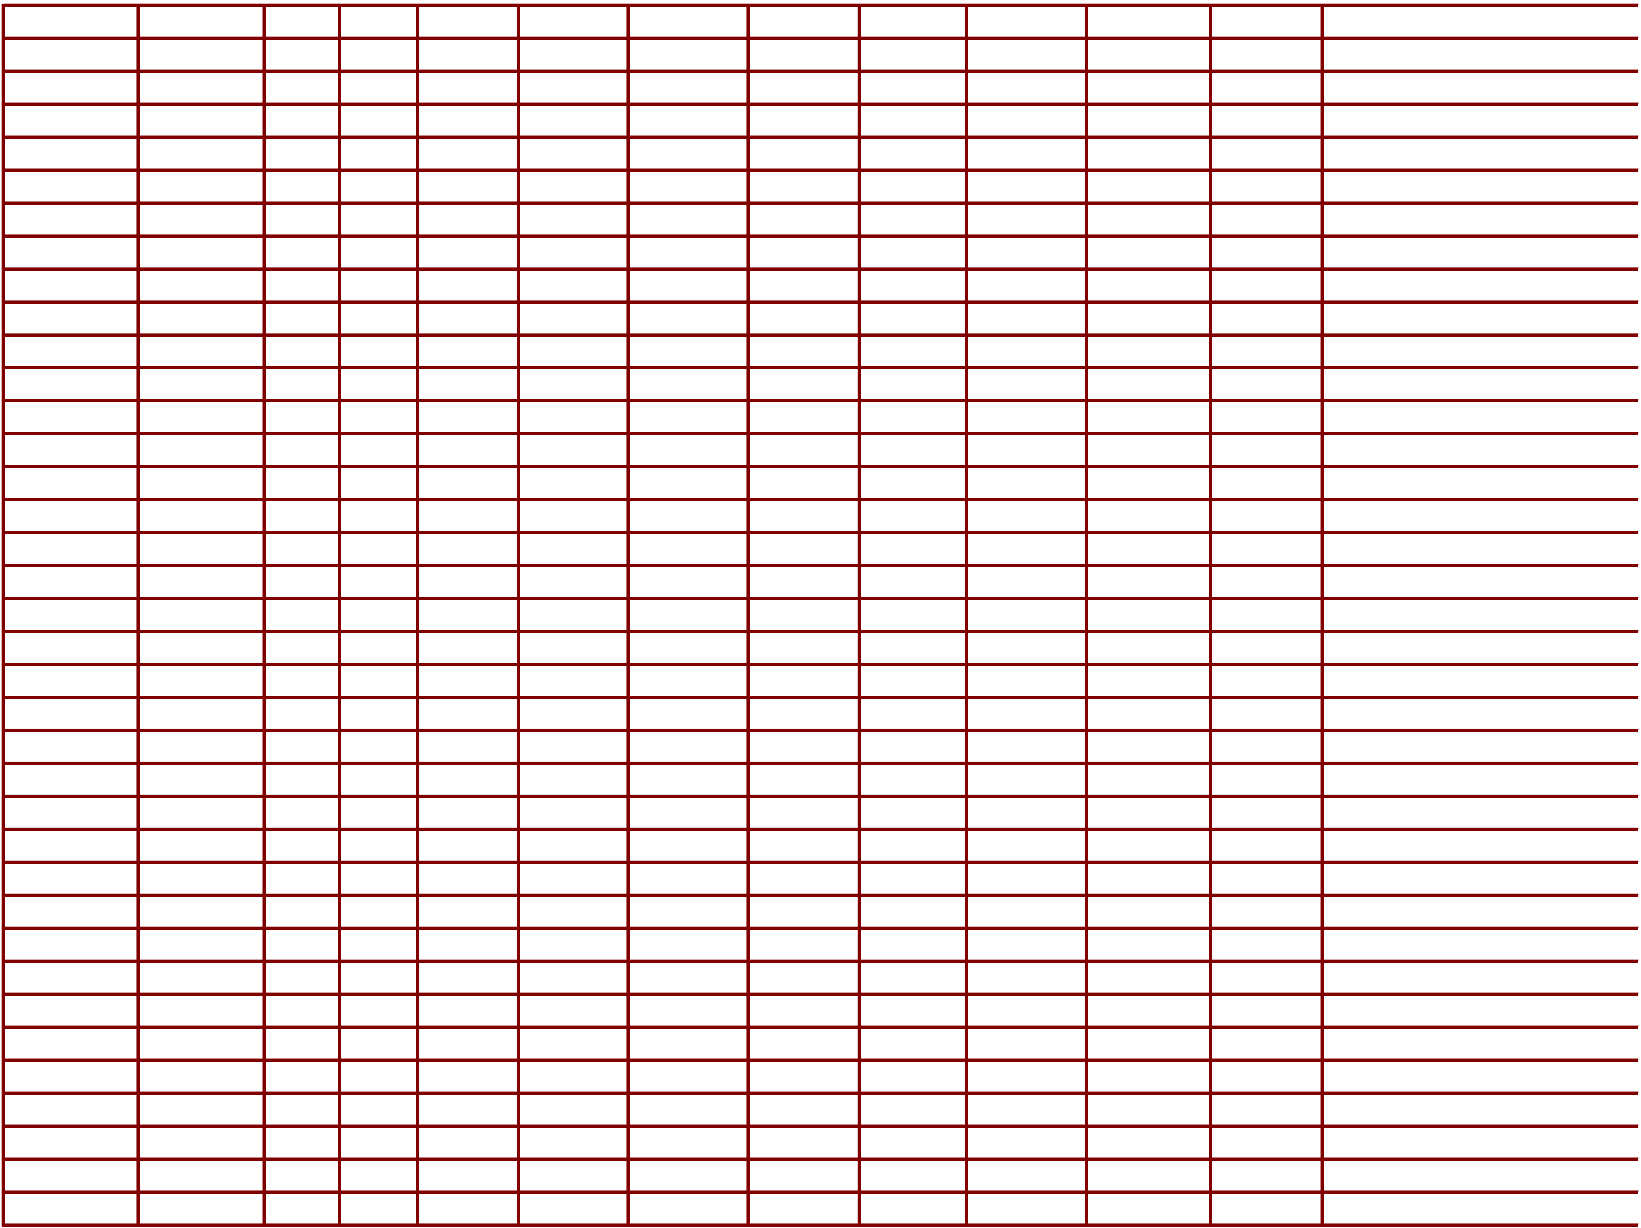

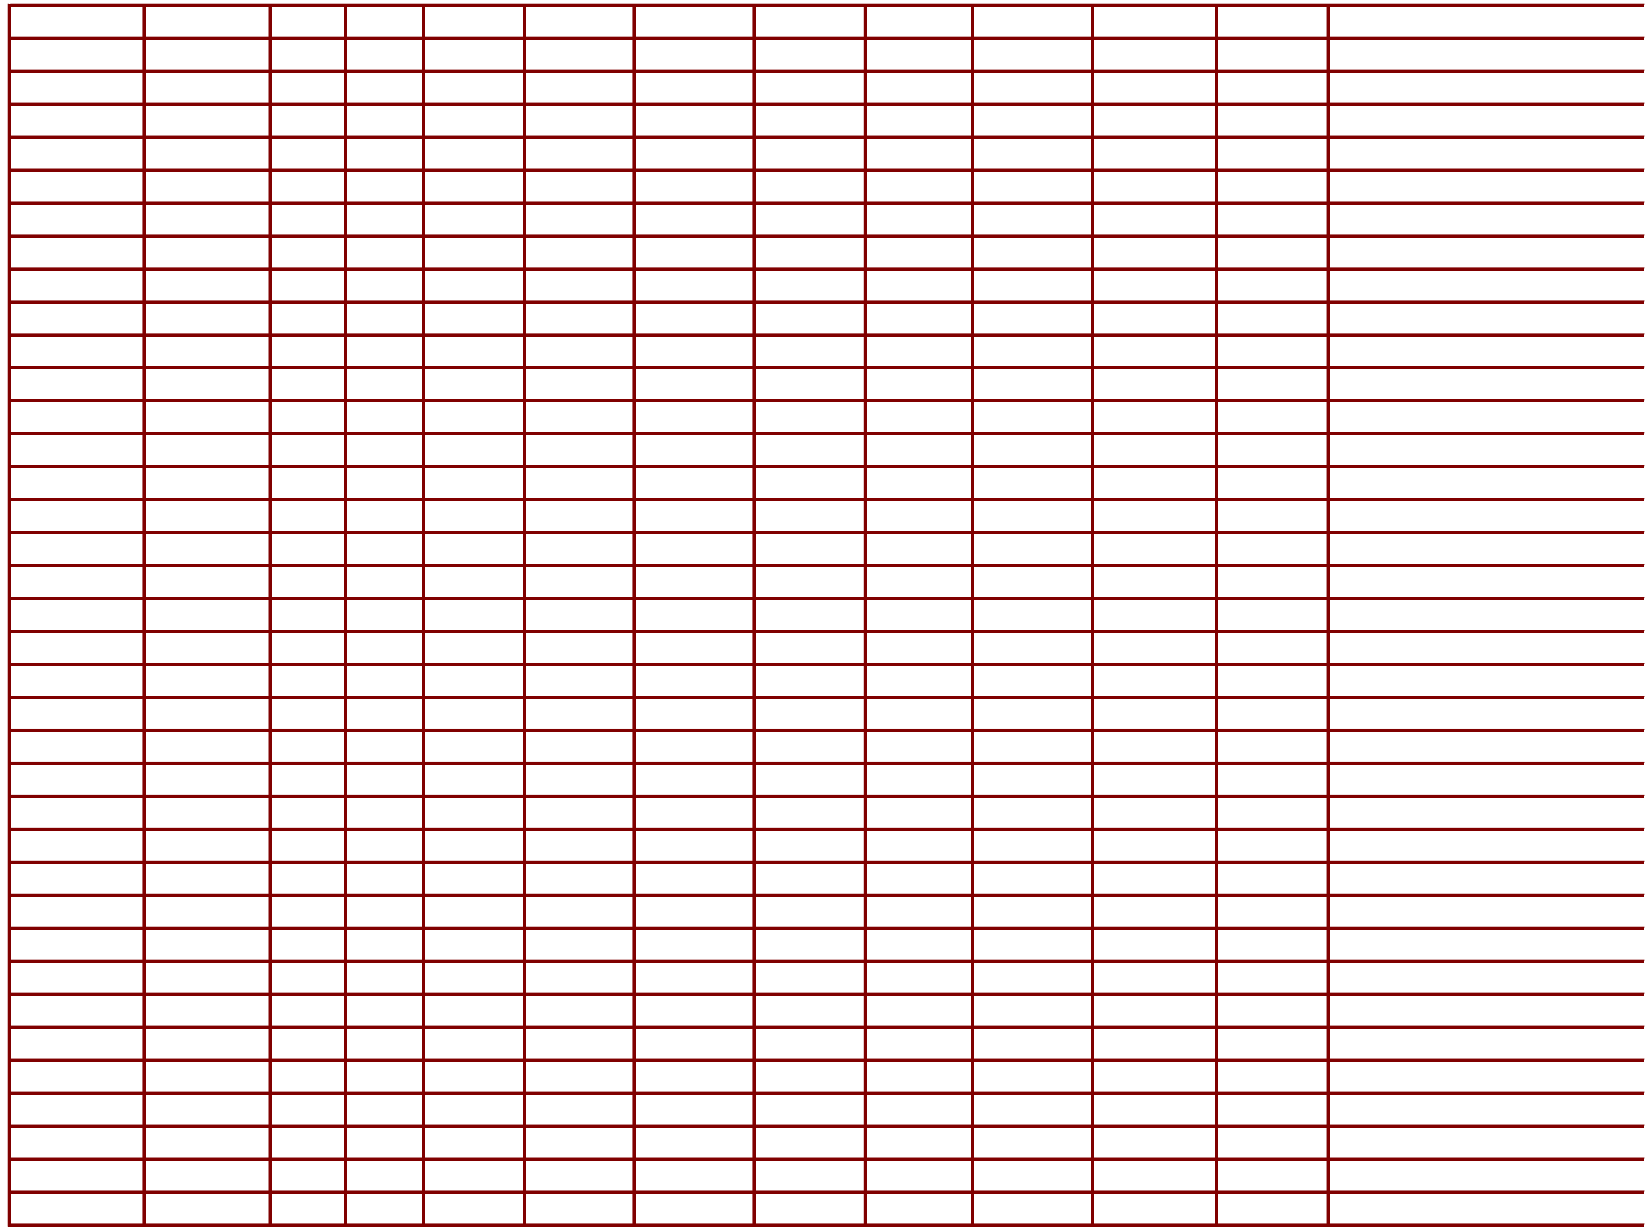

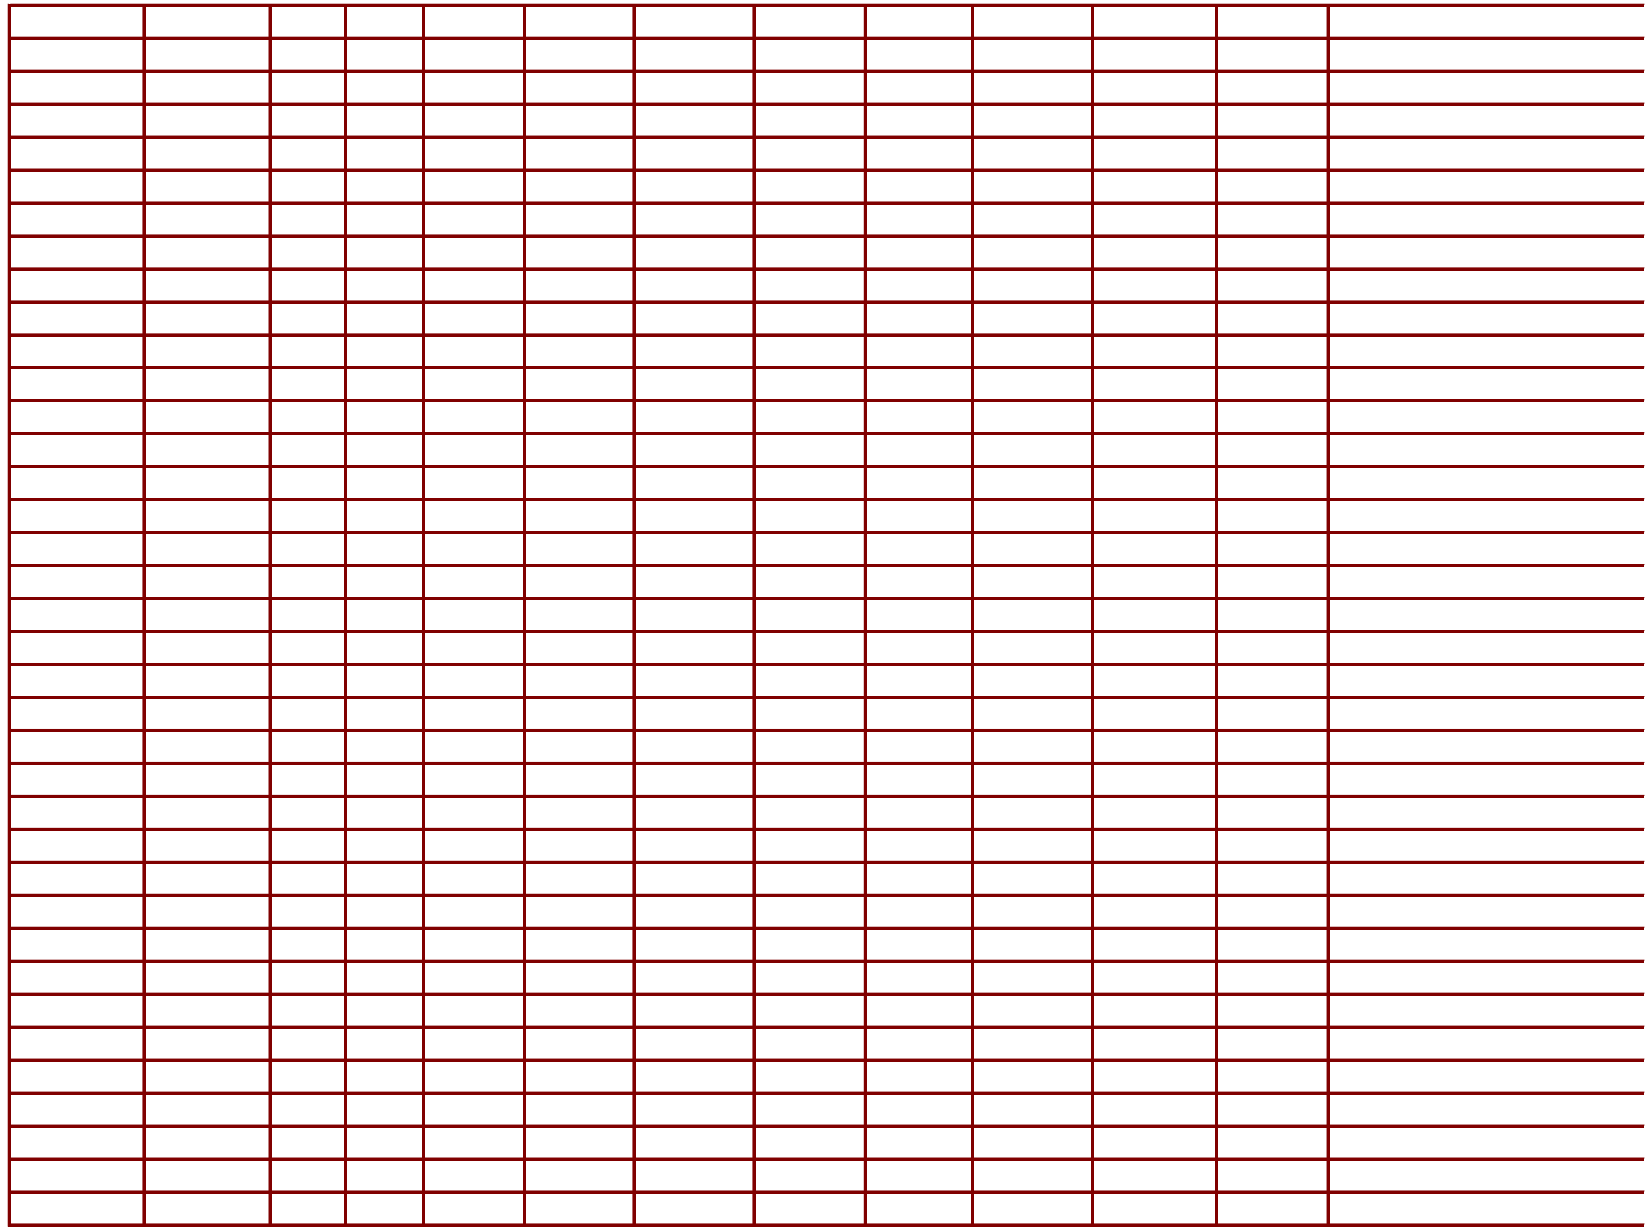

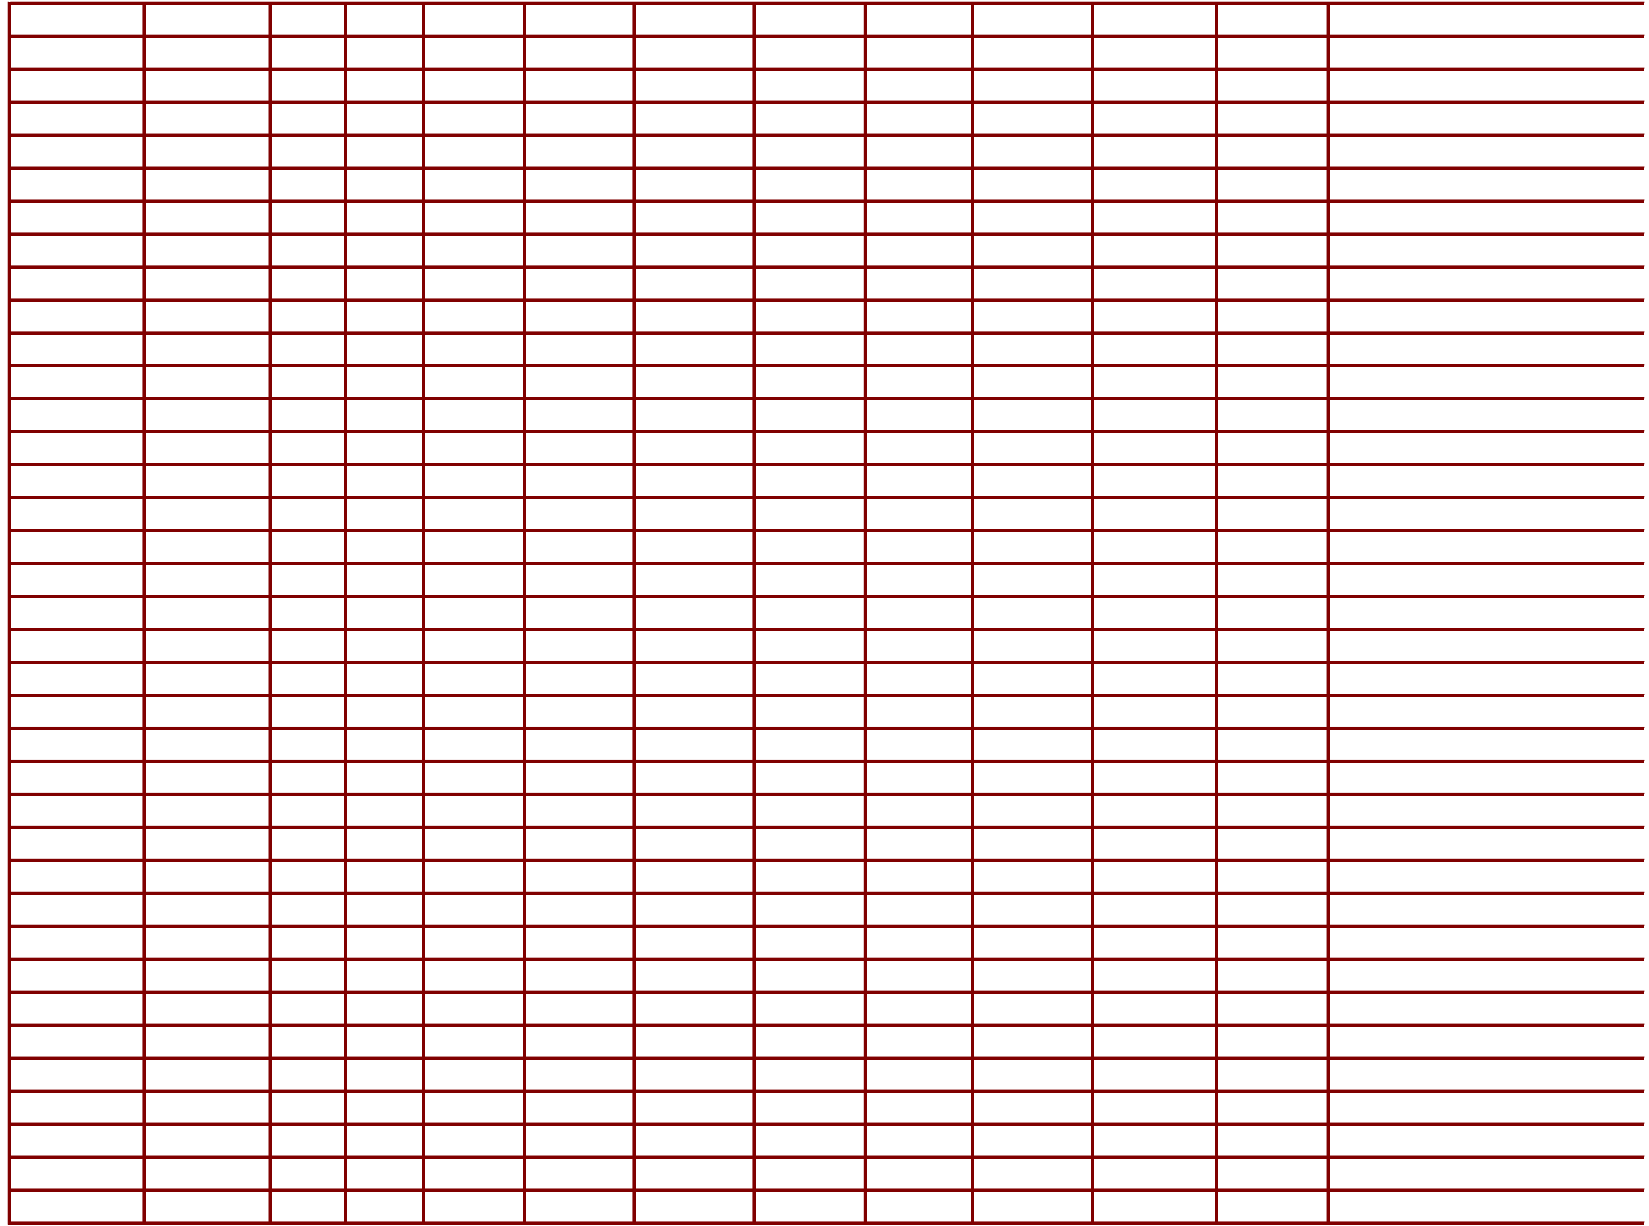

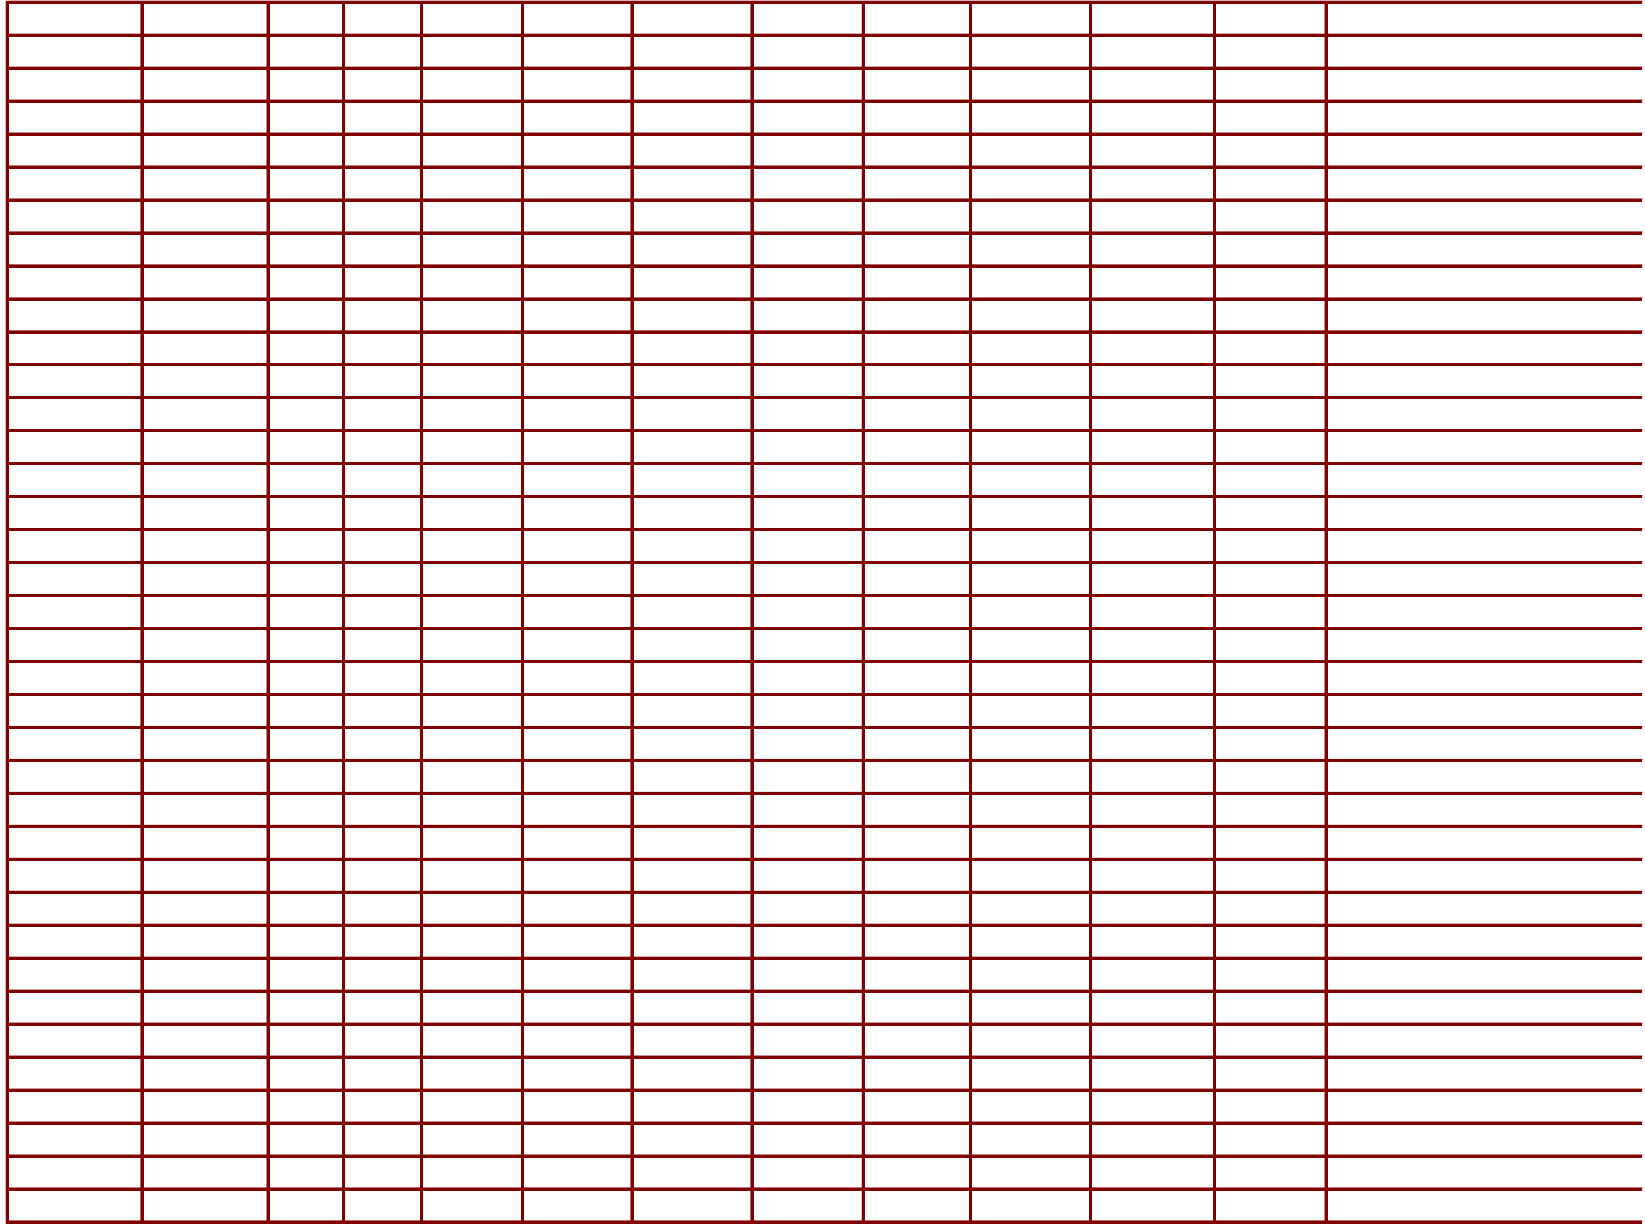

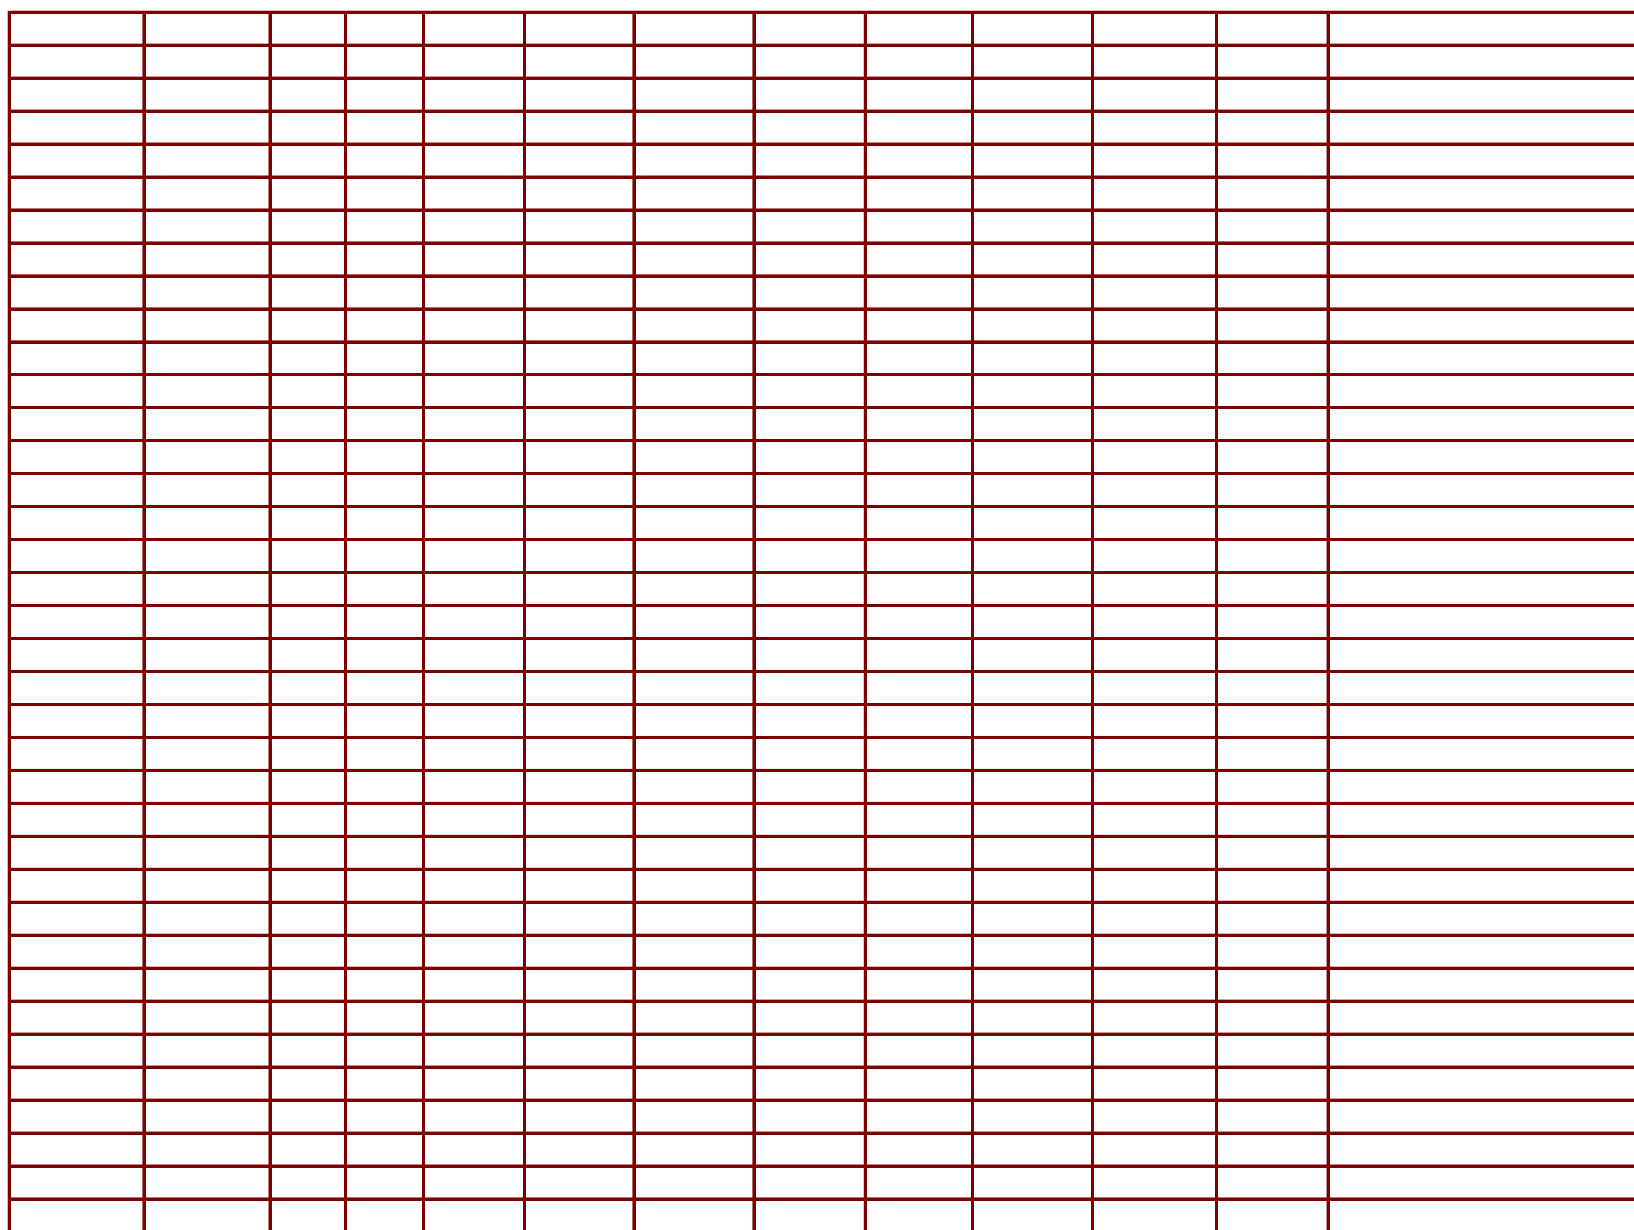

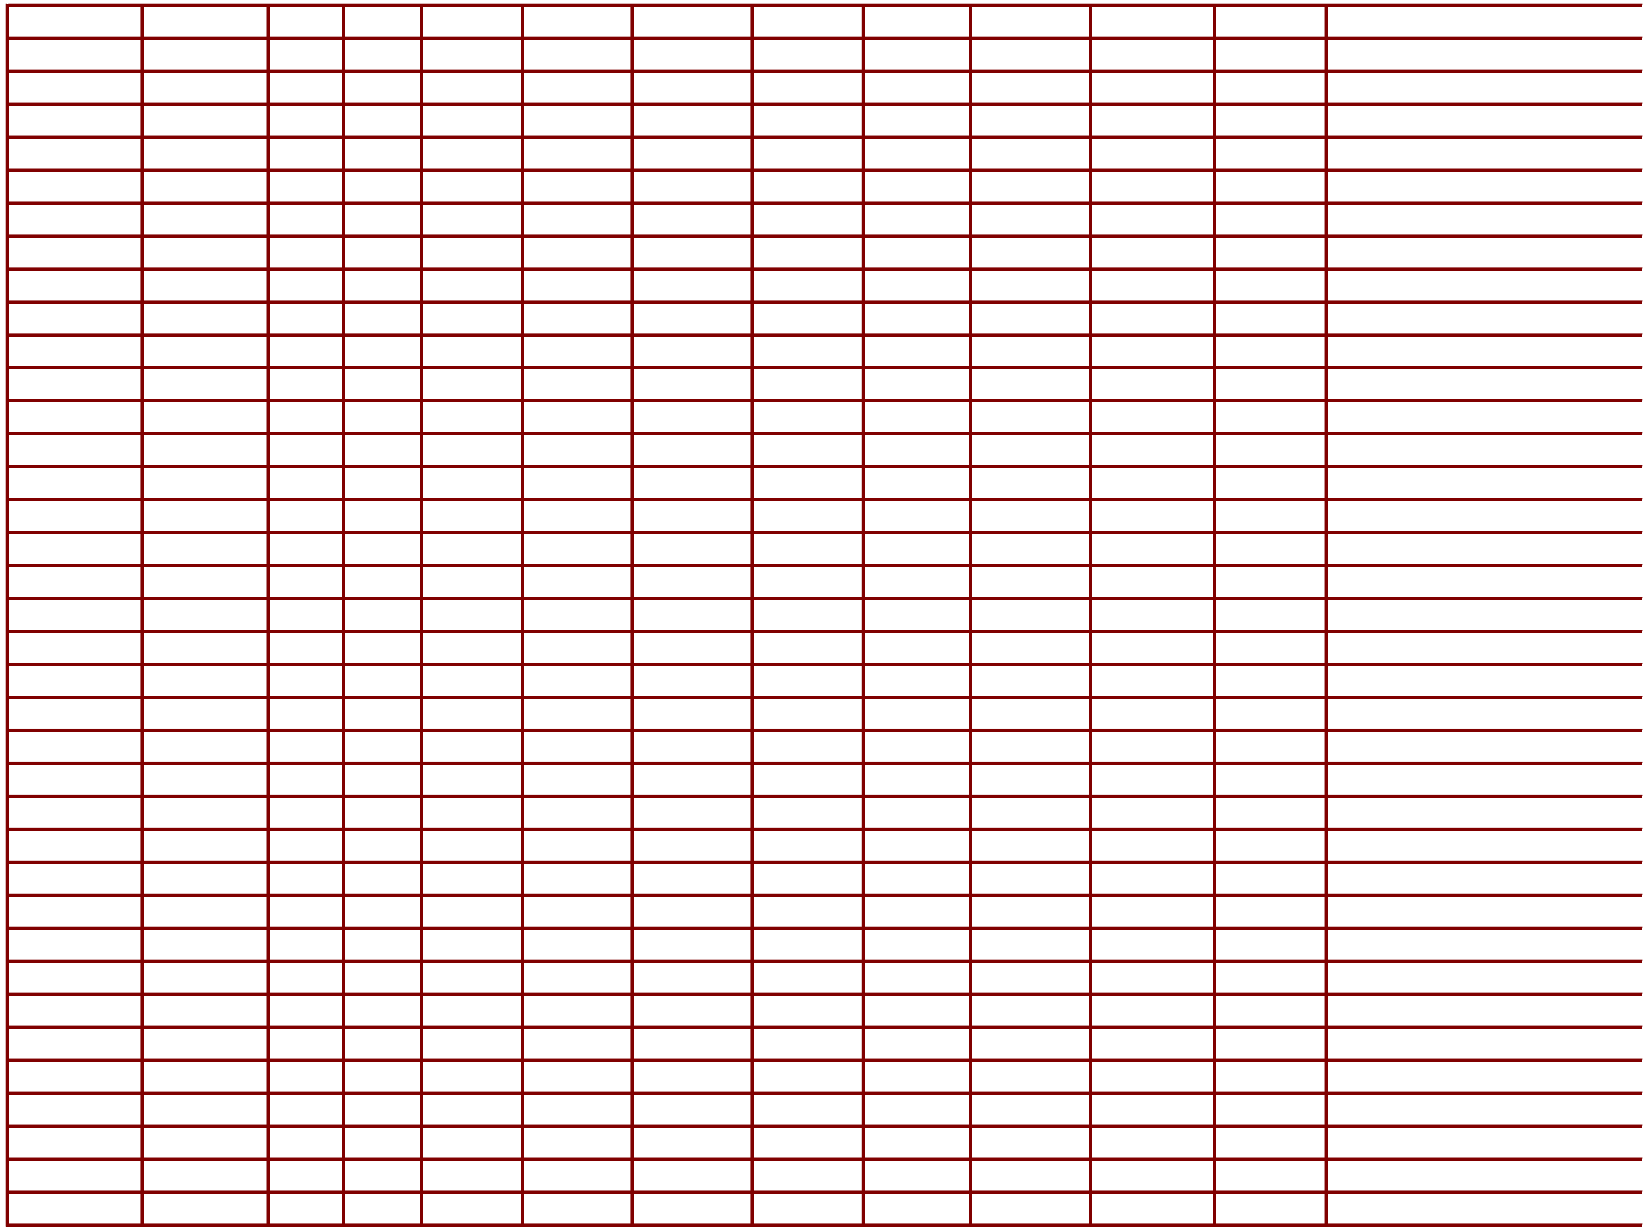

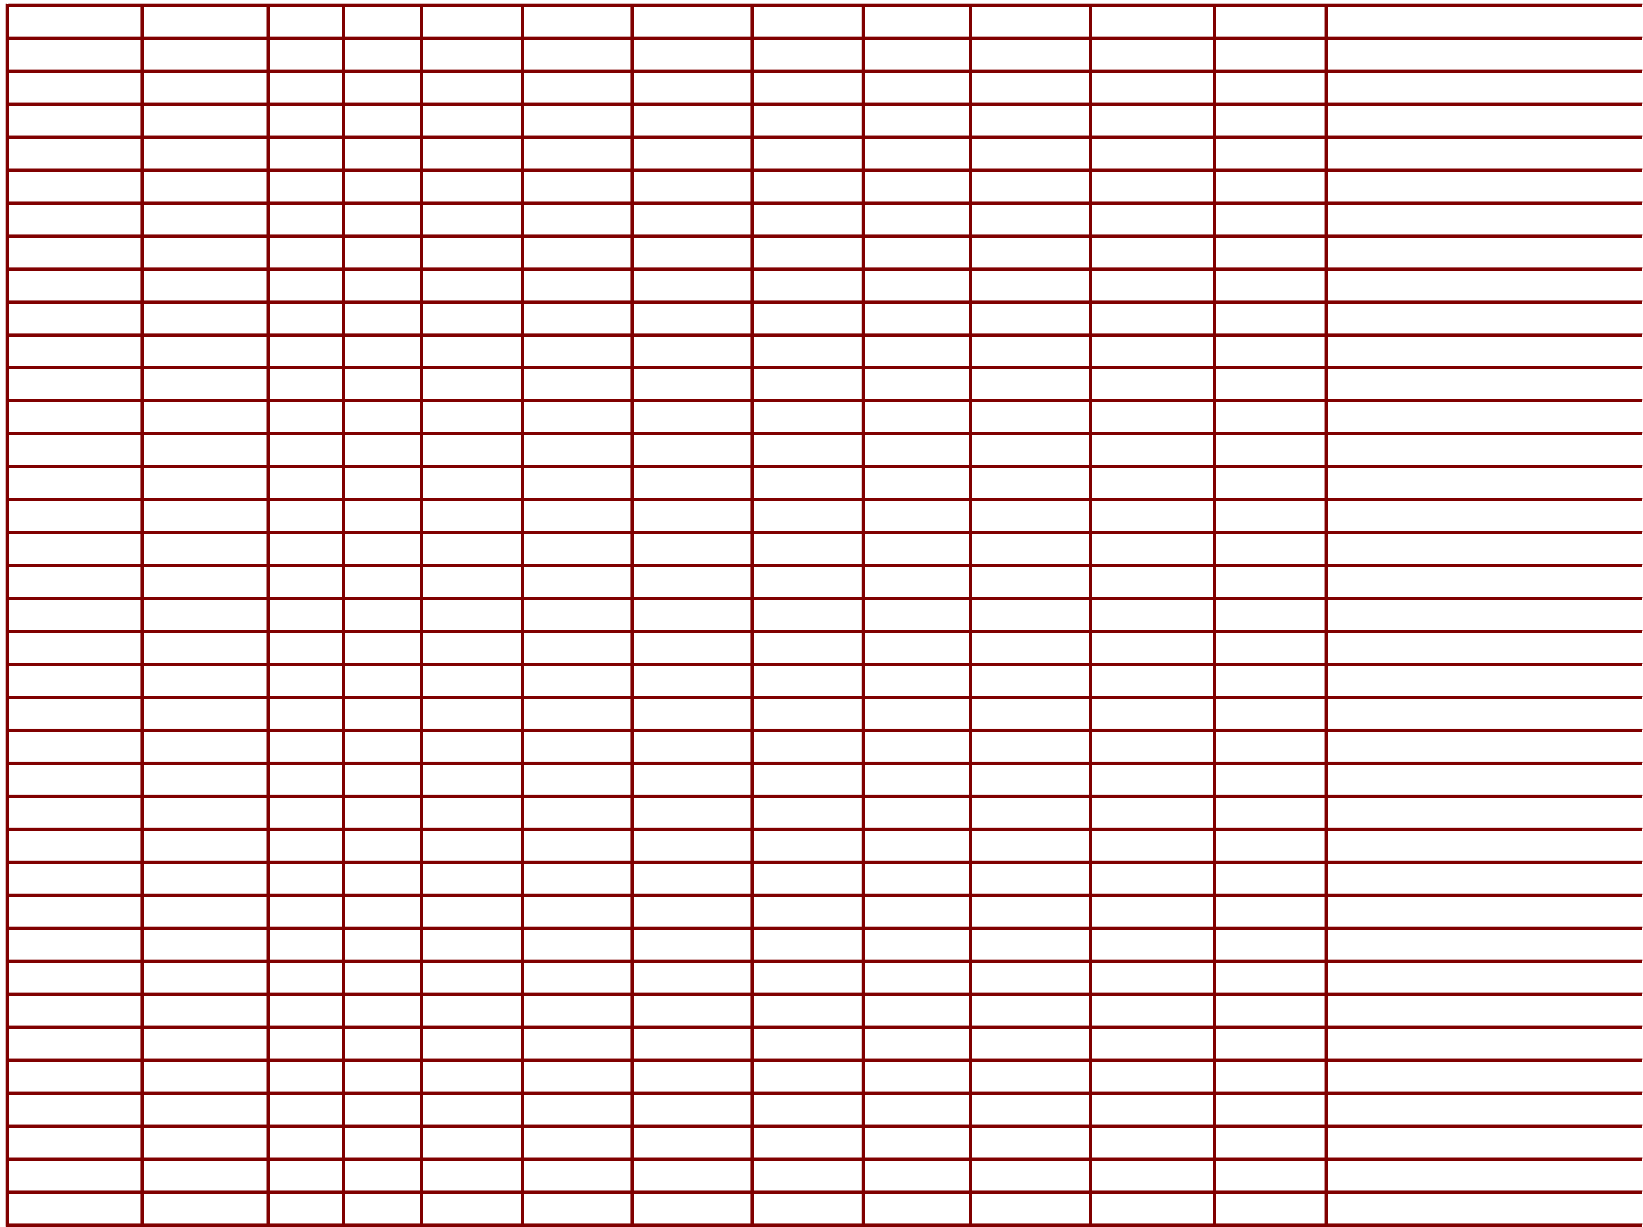

This image shows a blank grid table with 13 columns and 29 rows. The grid is composed of thin, dark lines forming a uniform pattern of squares. There are no markings, text, or data within the grid cells.

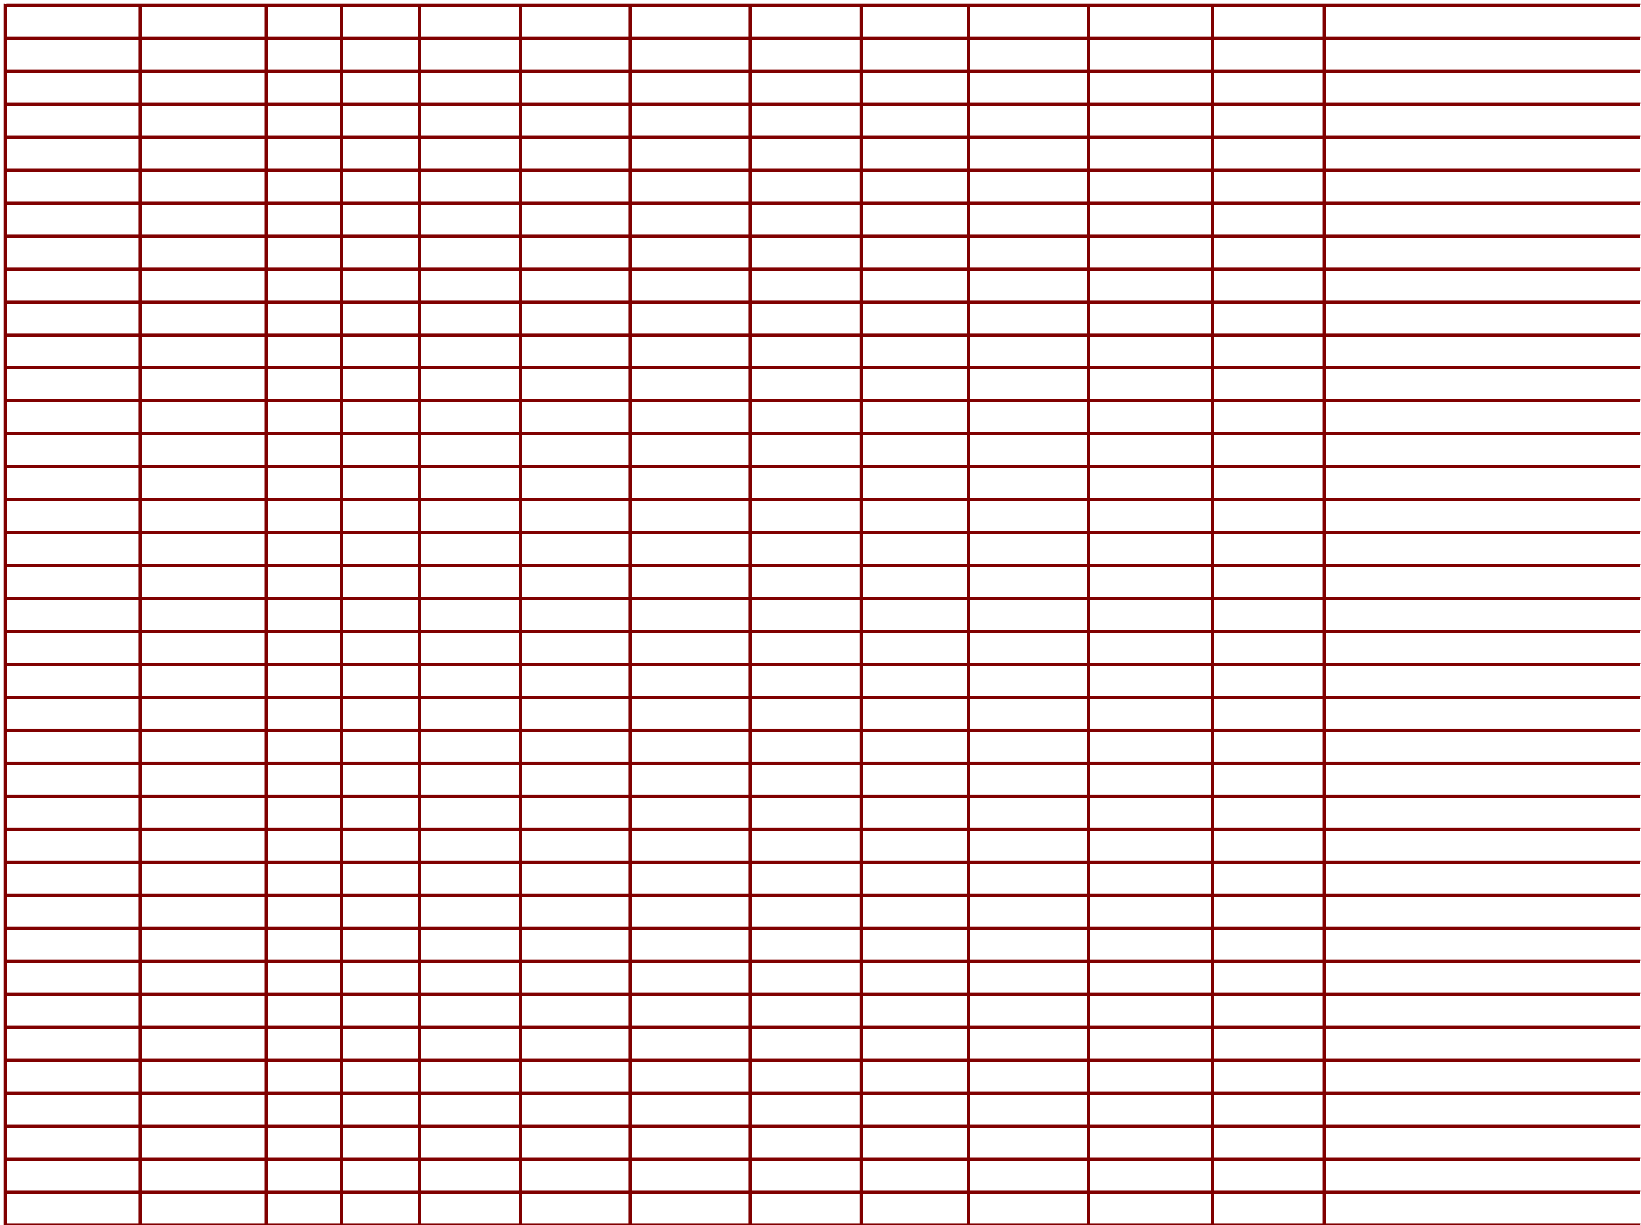

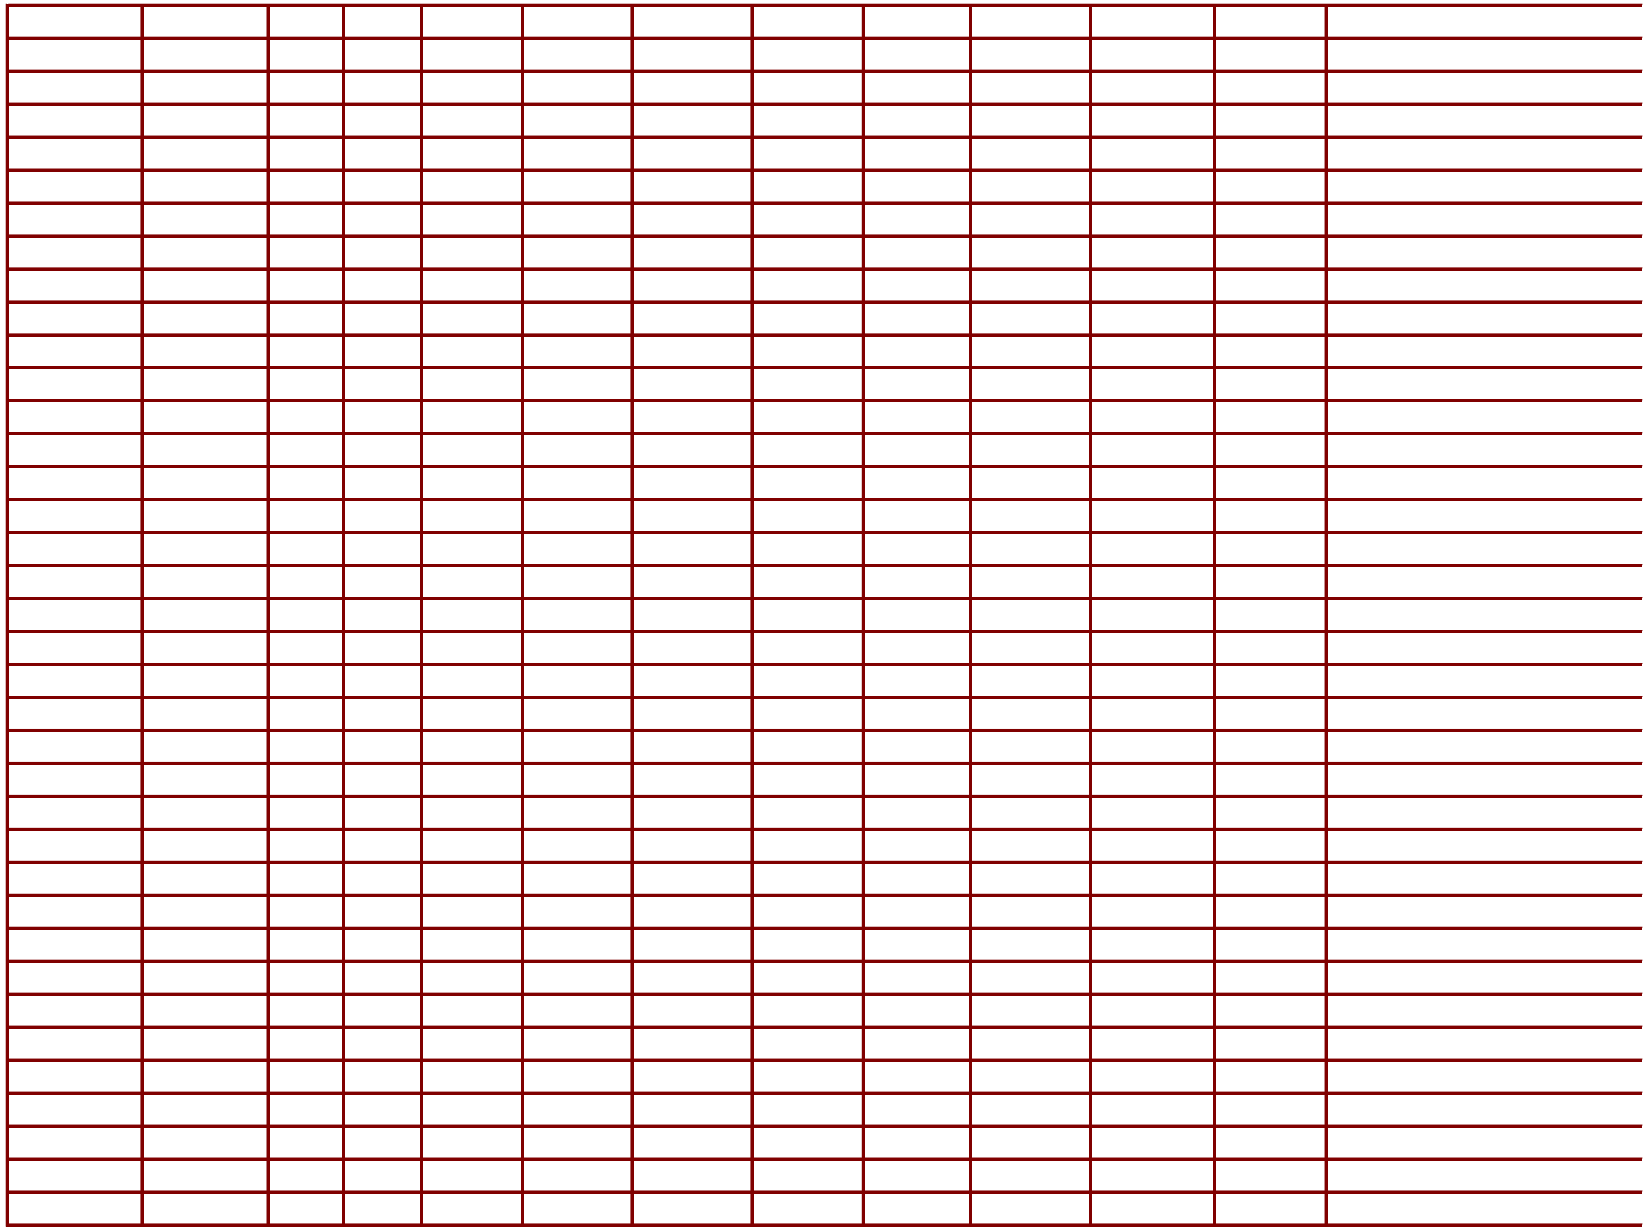

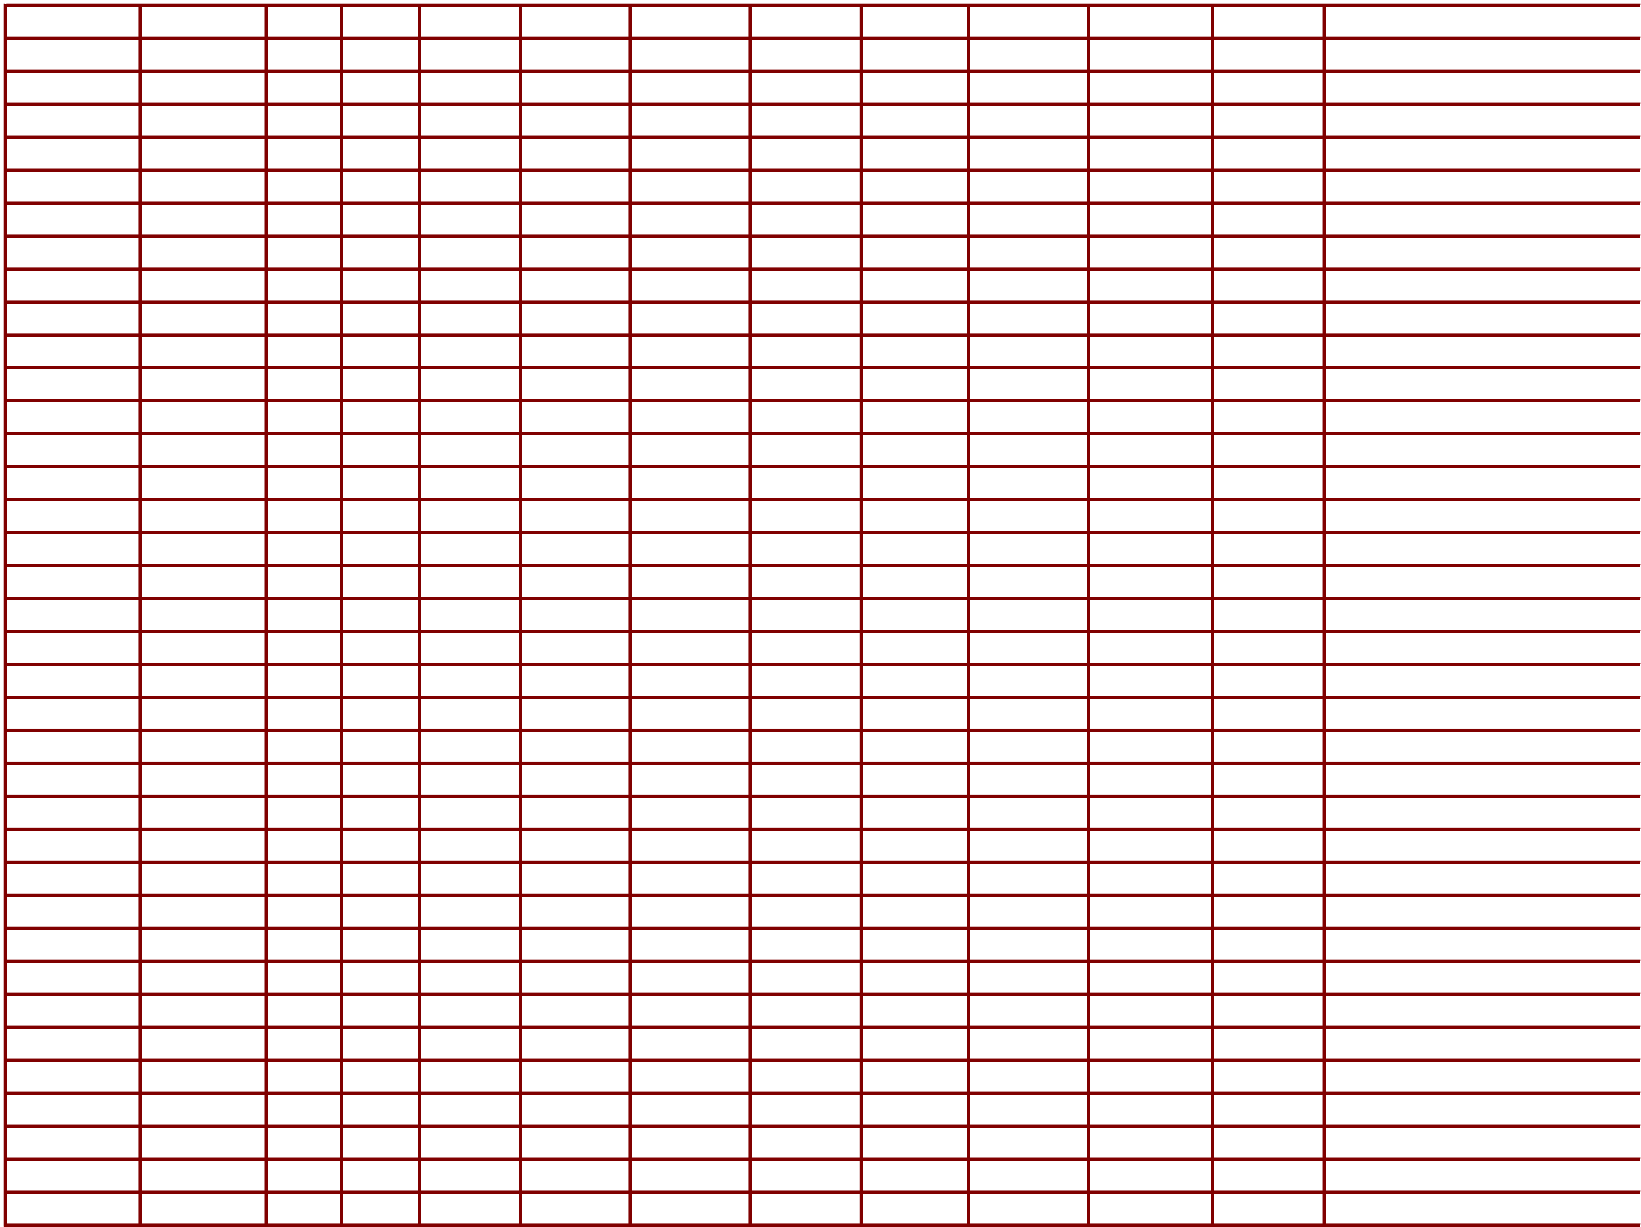

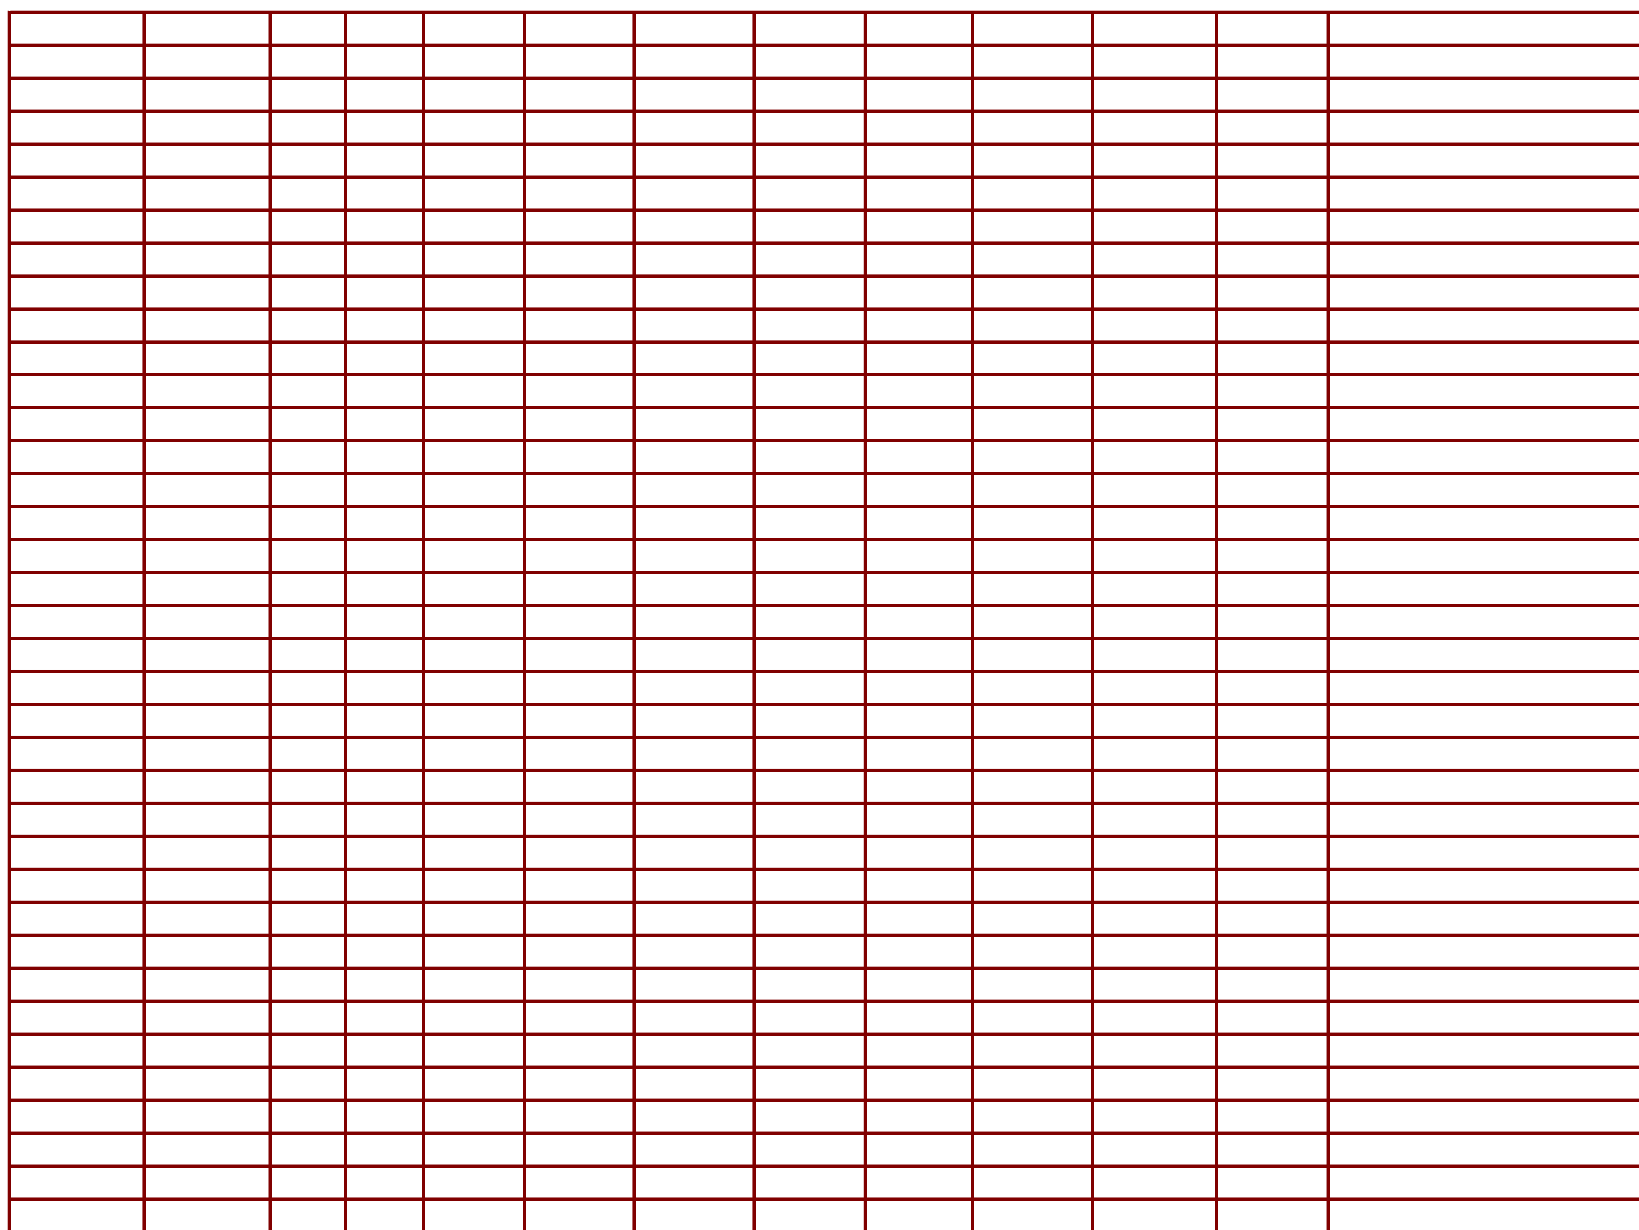

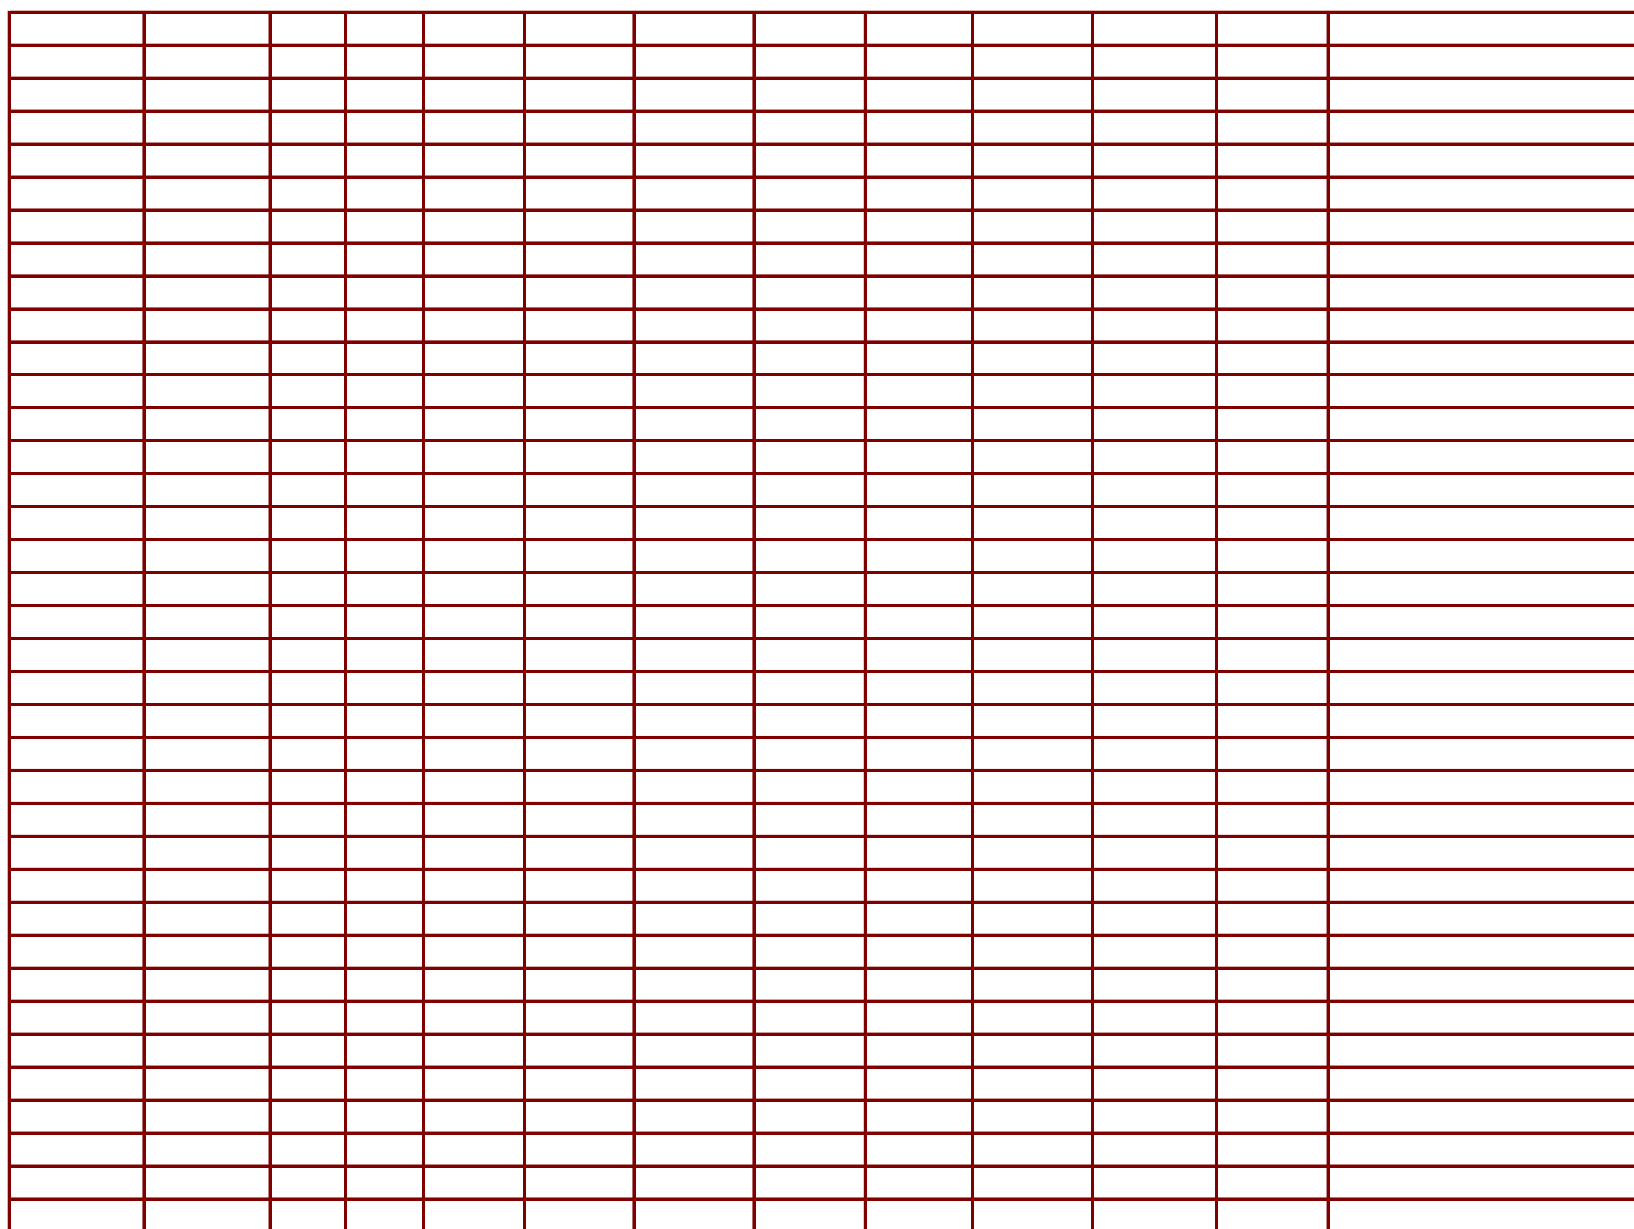

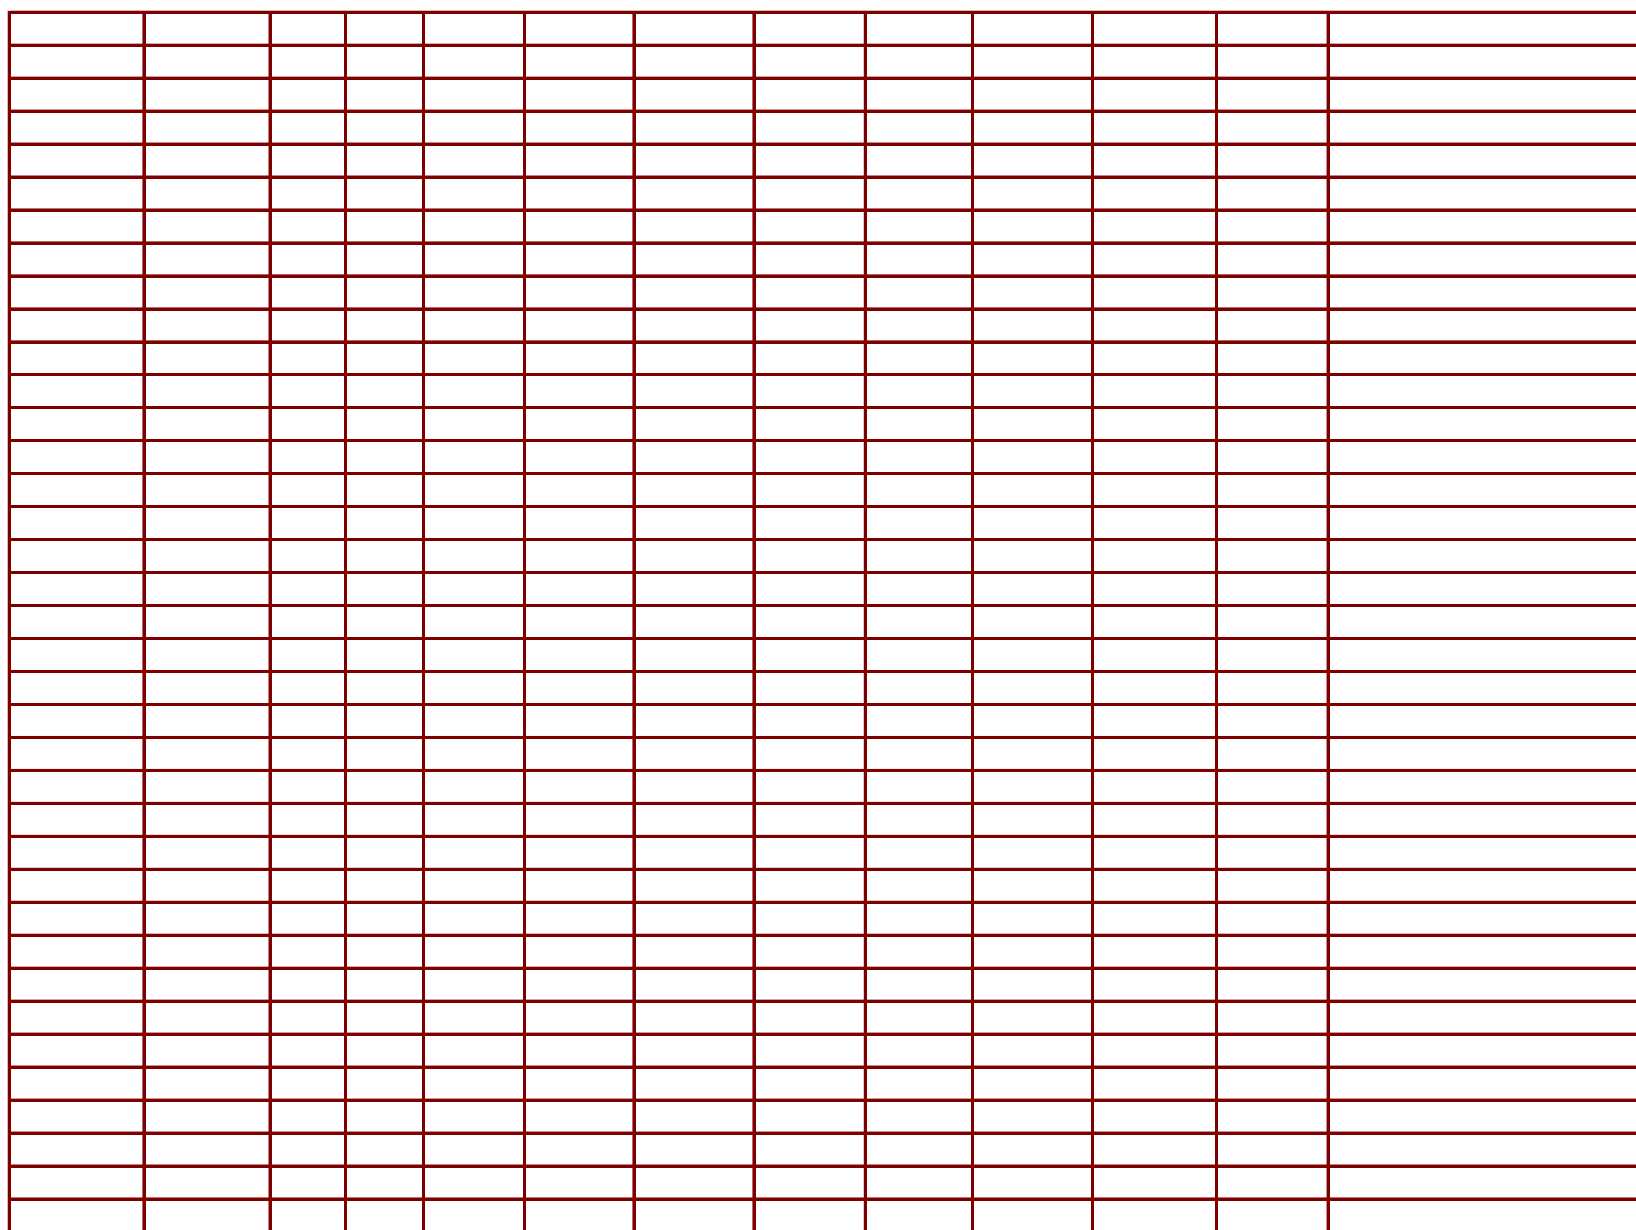

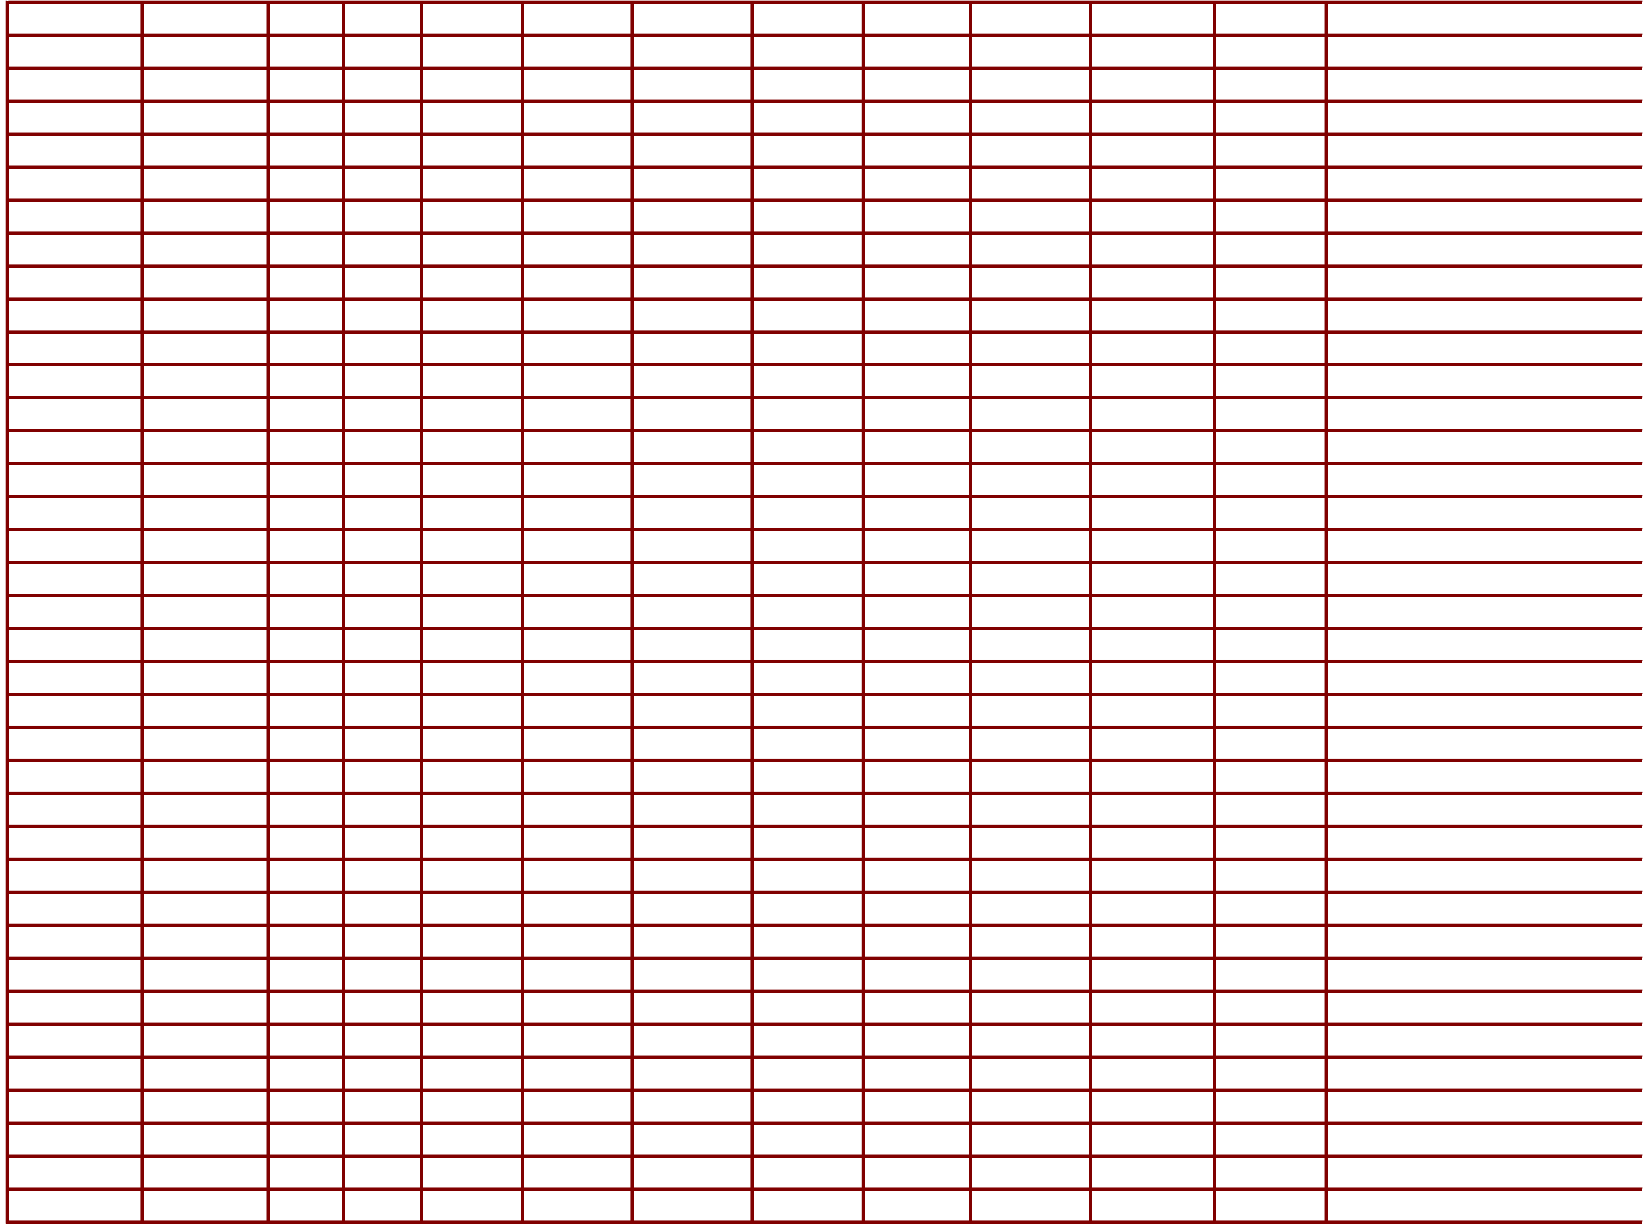

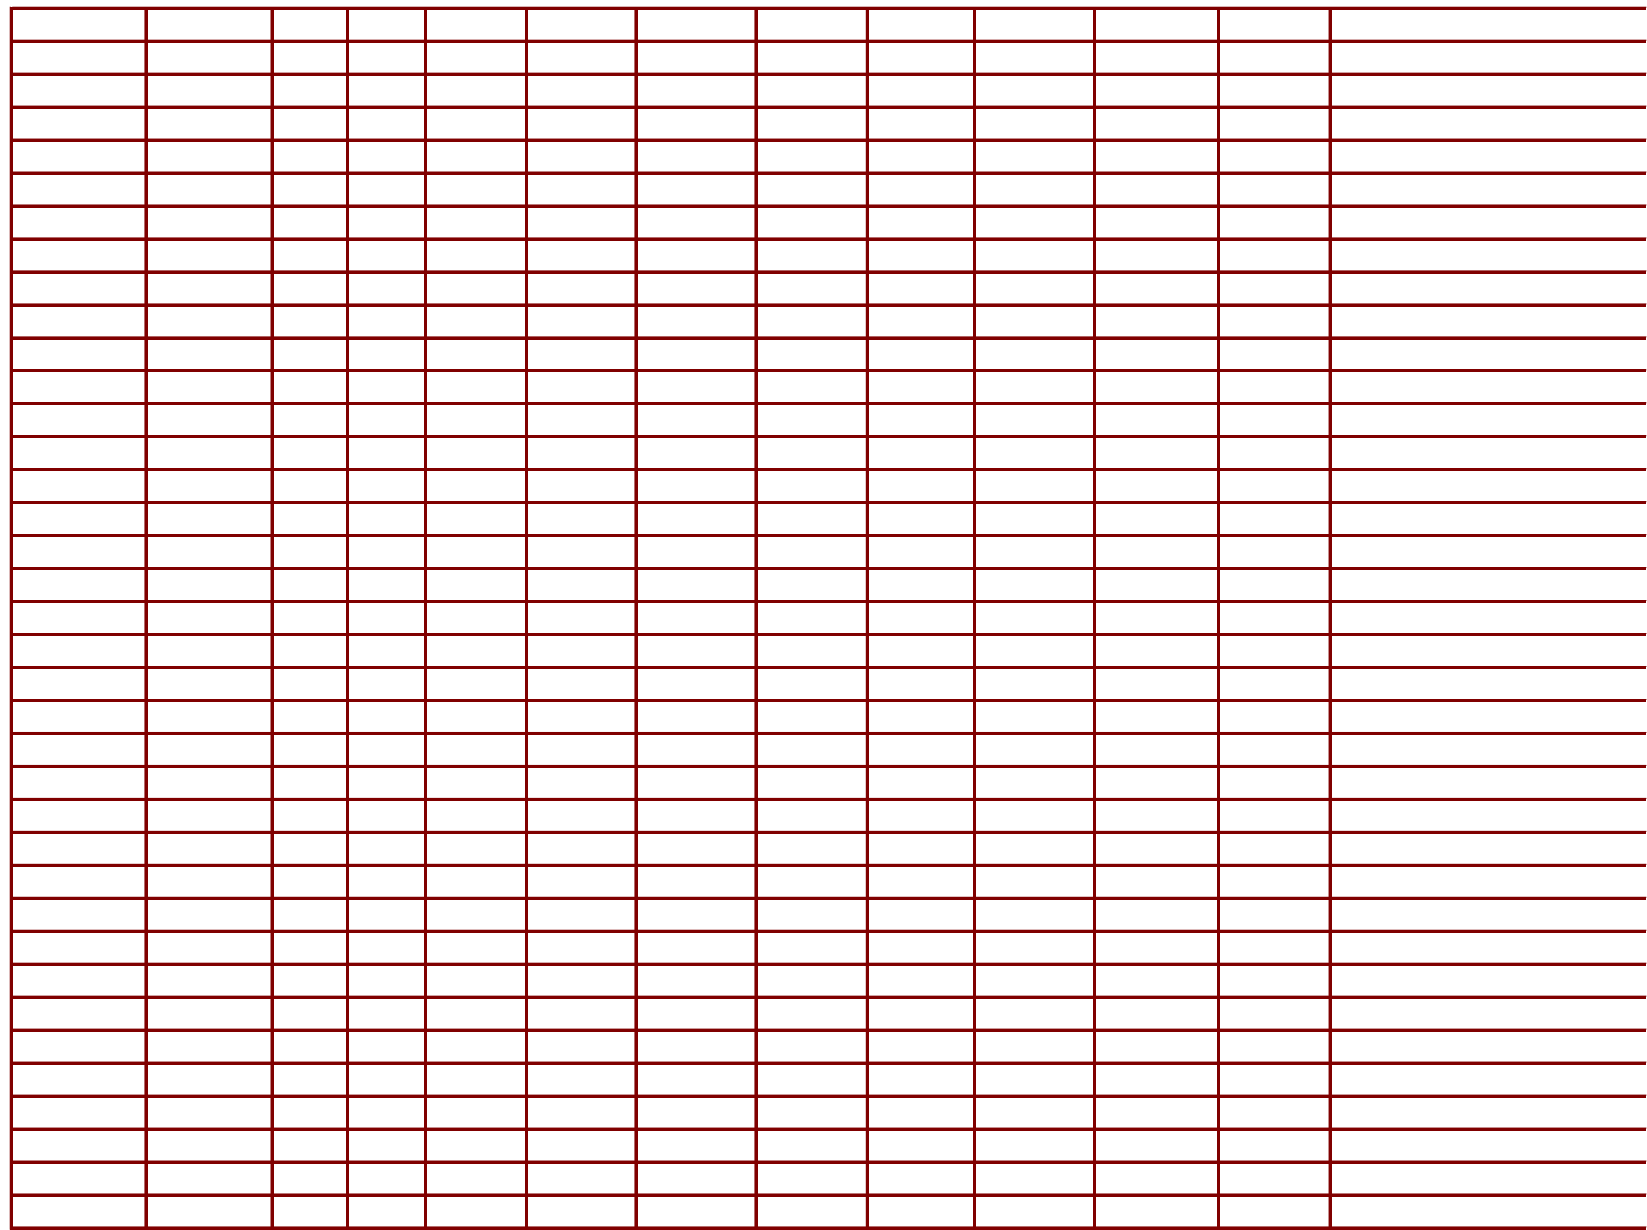

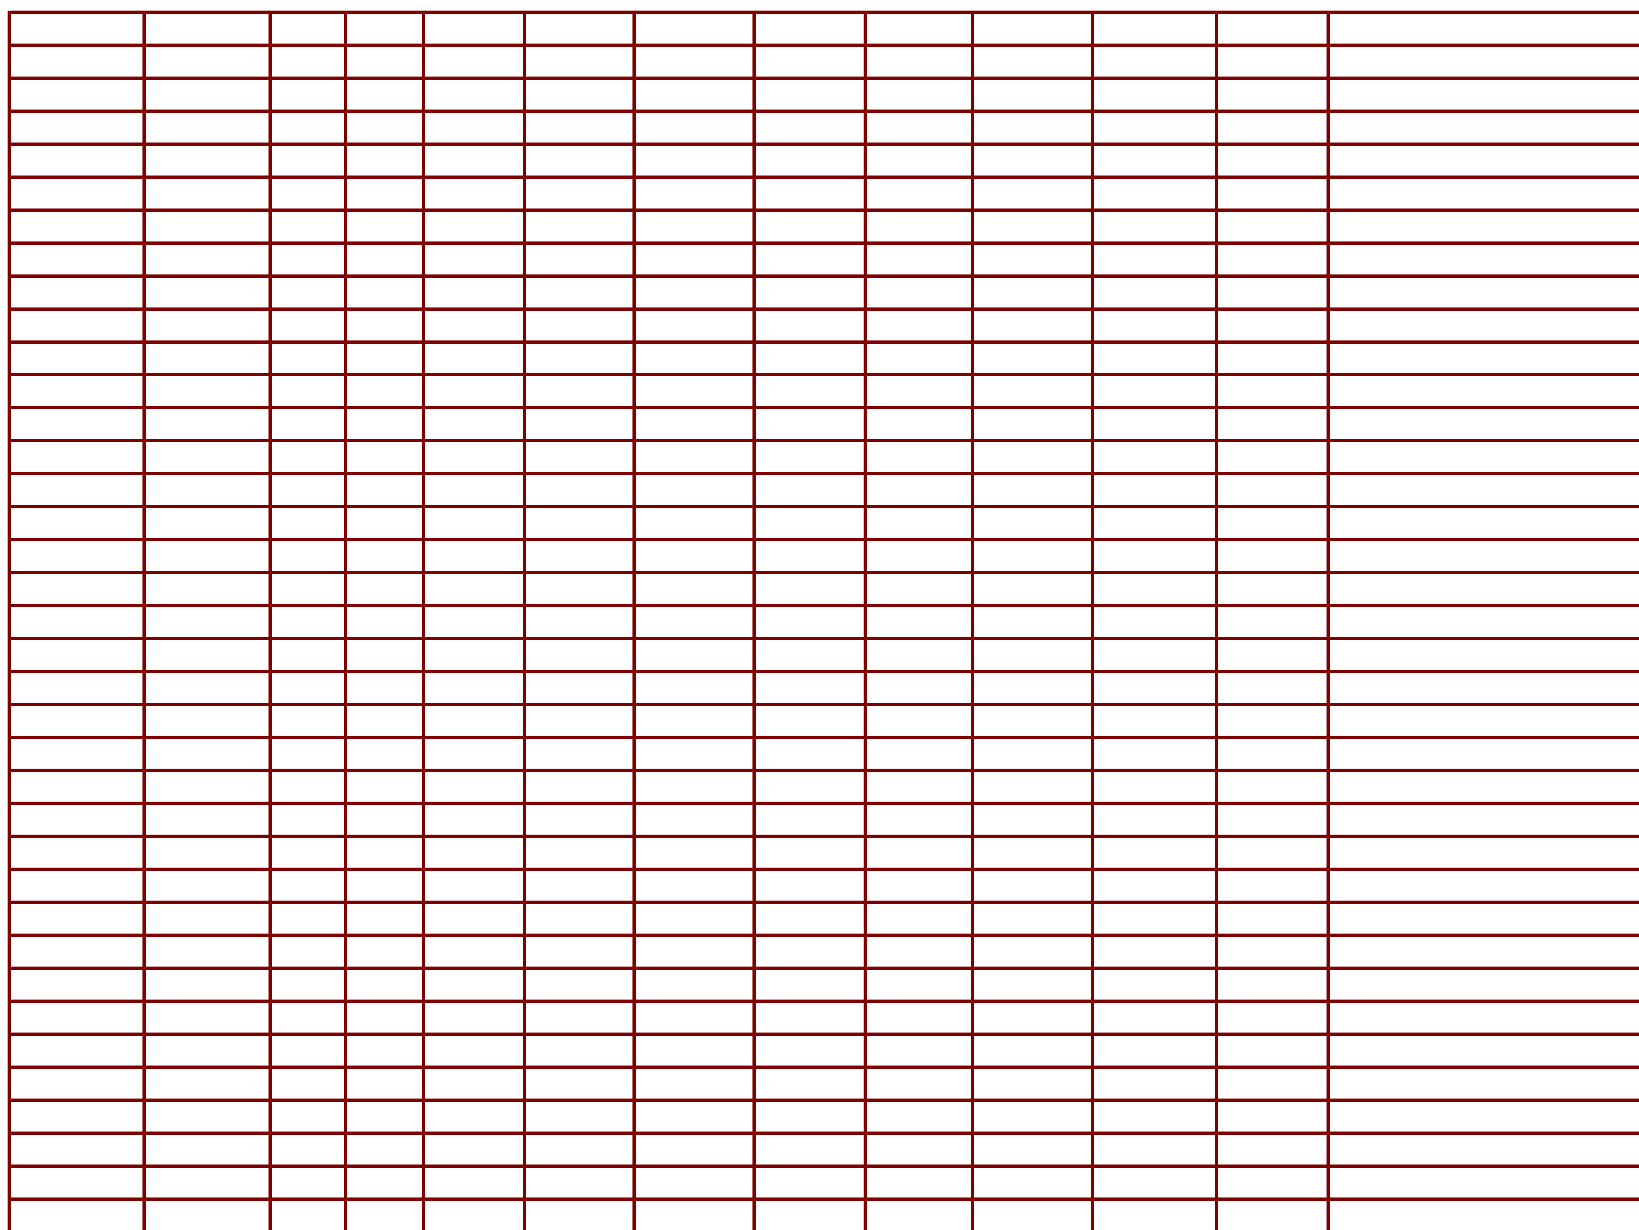

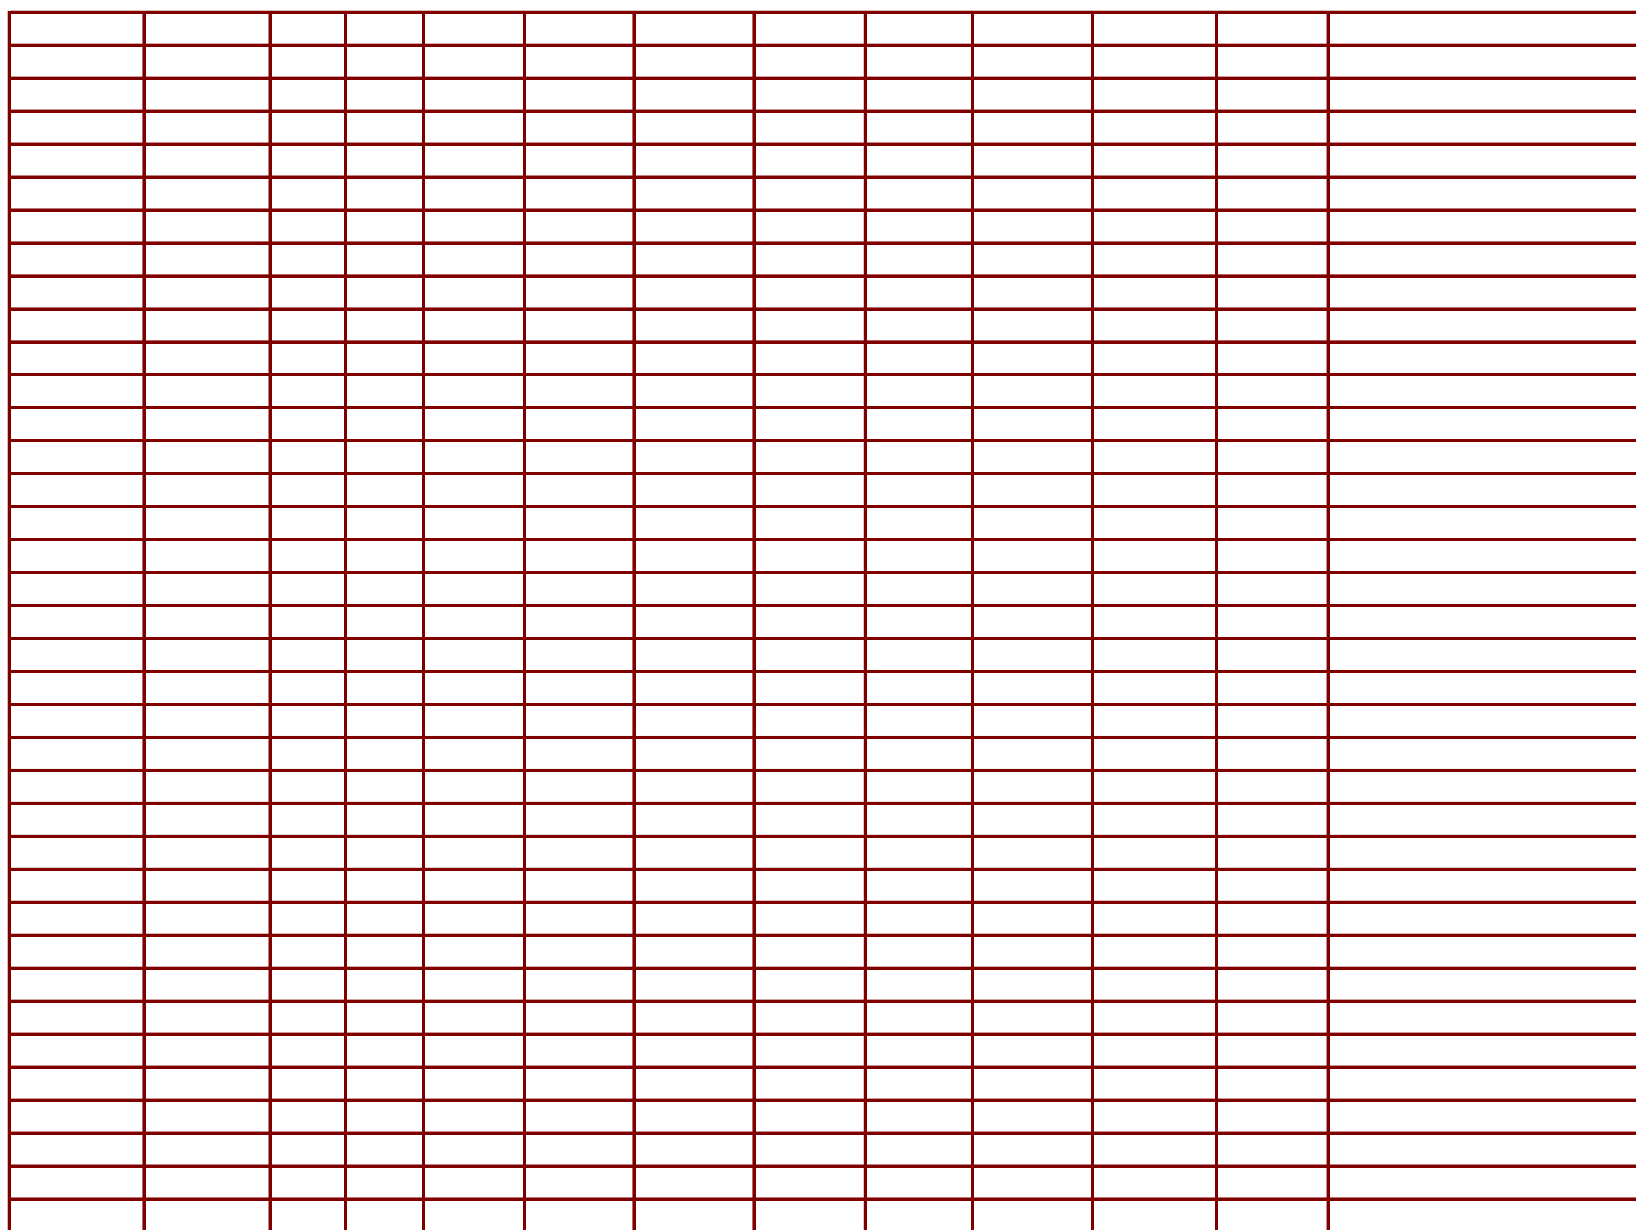

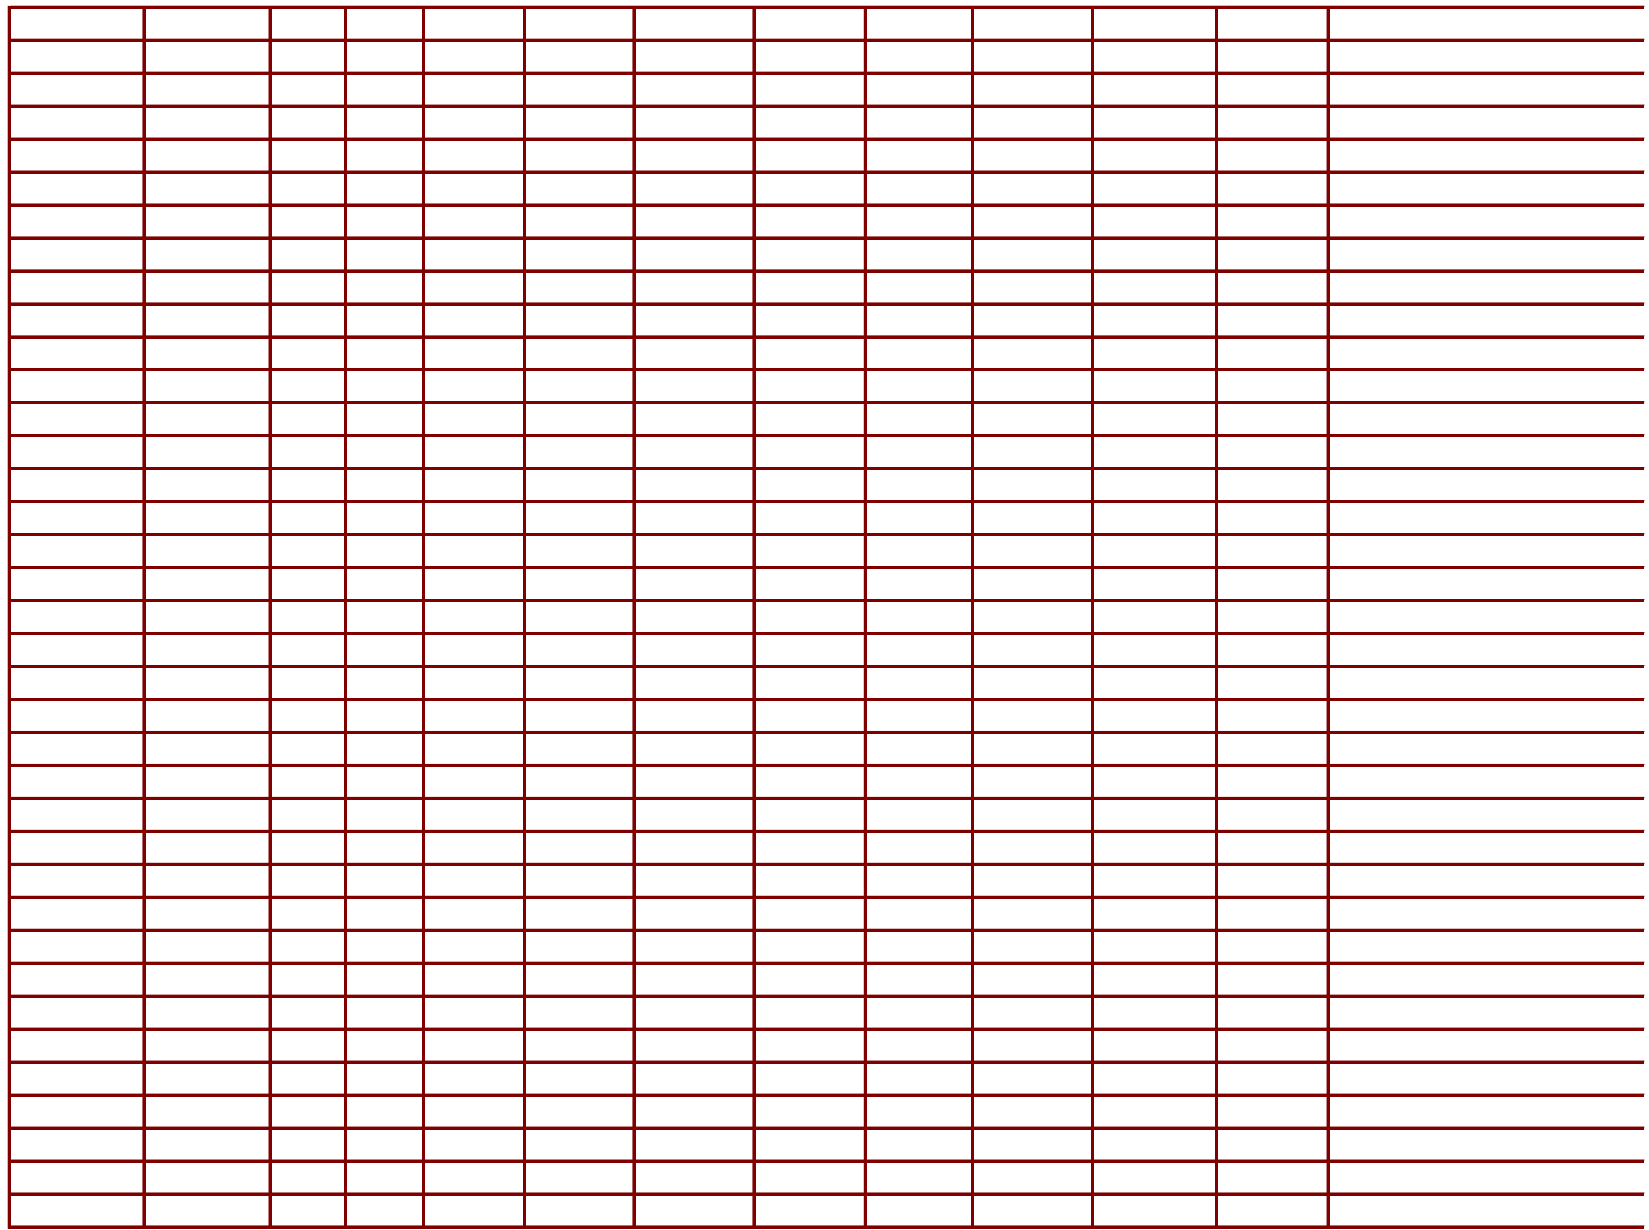

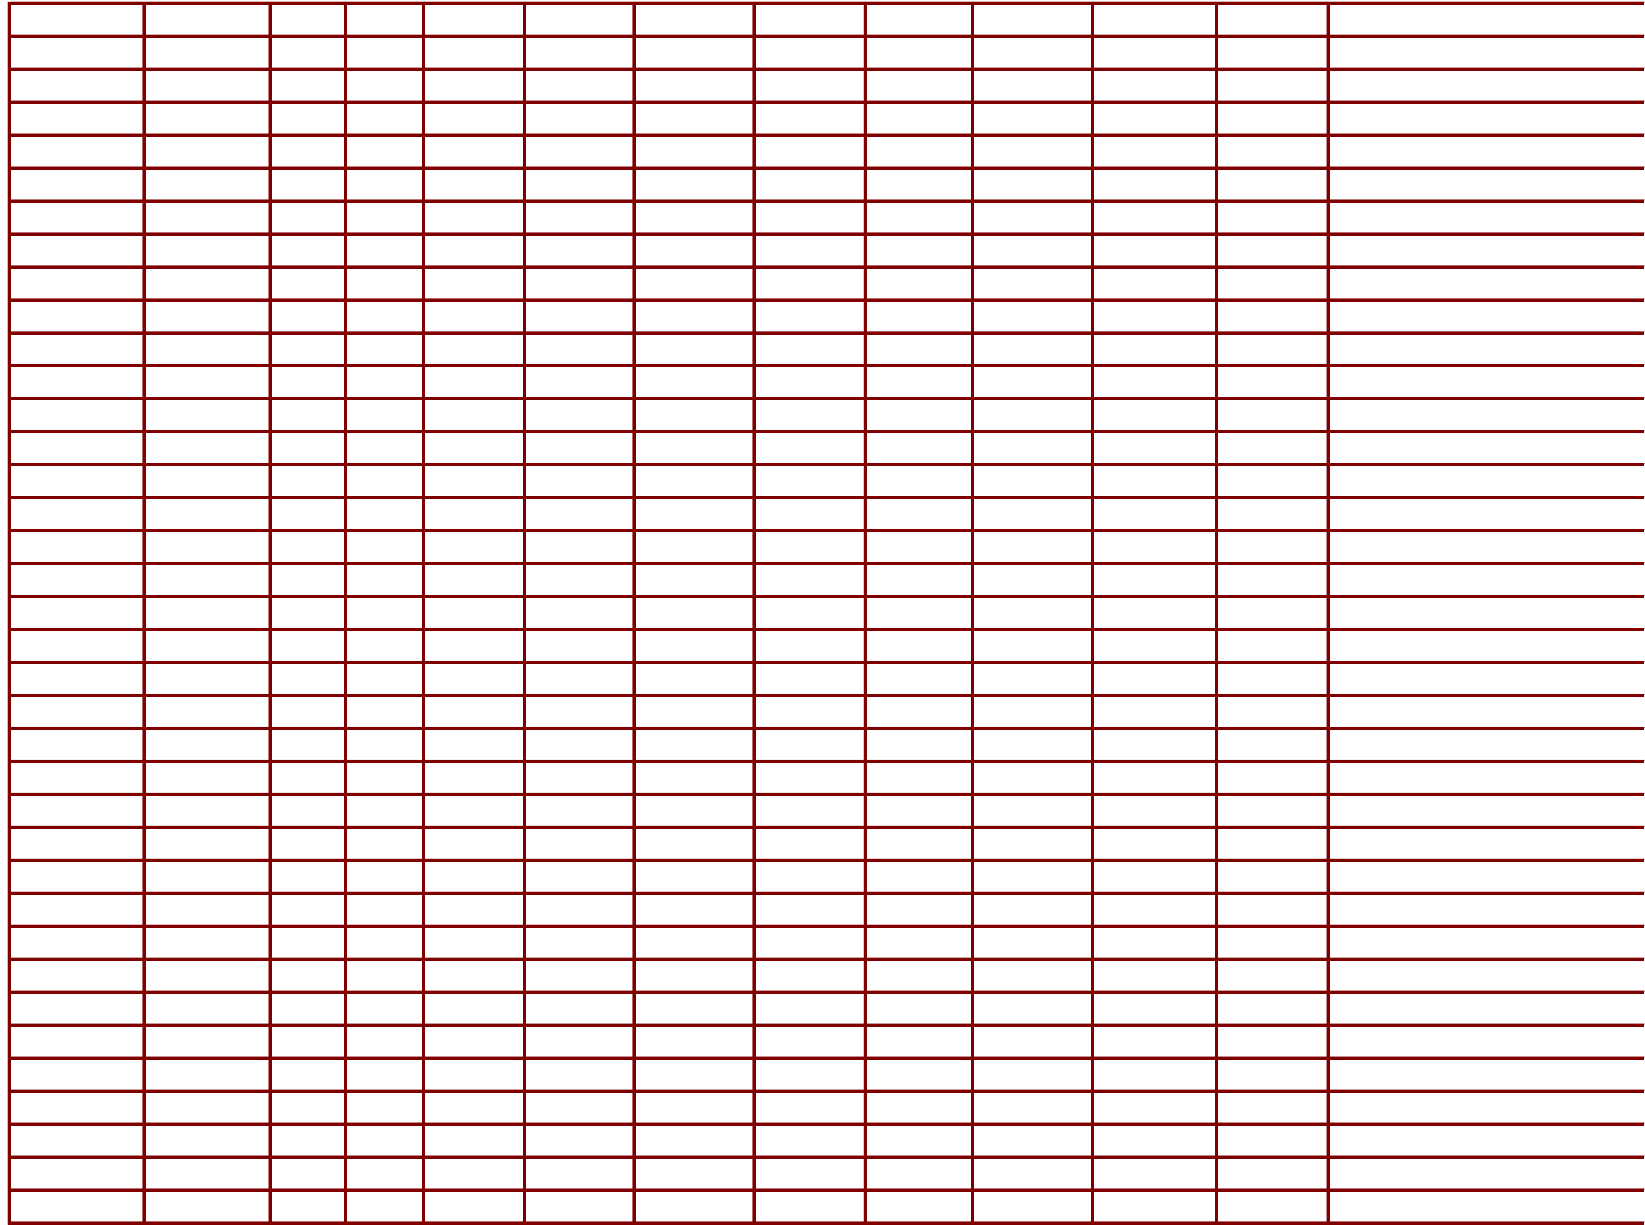

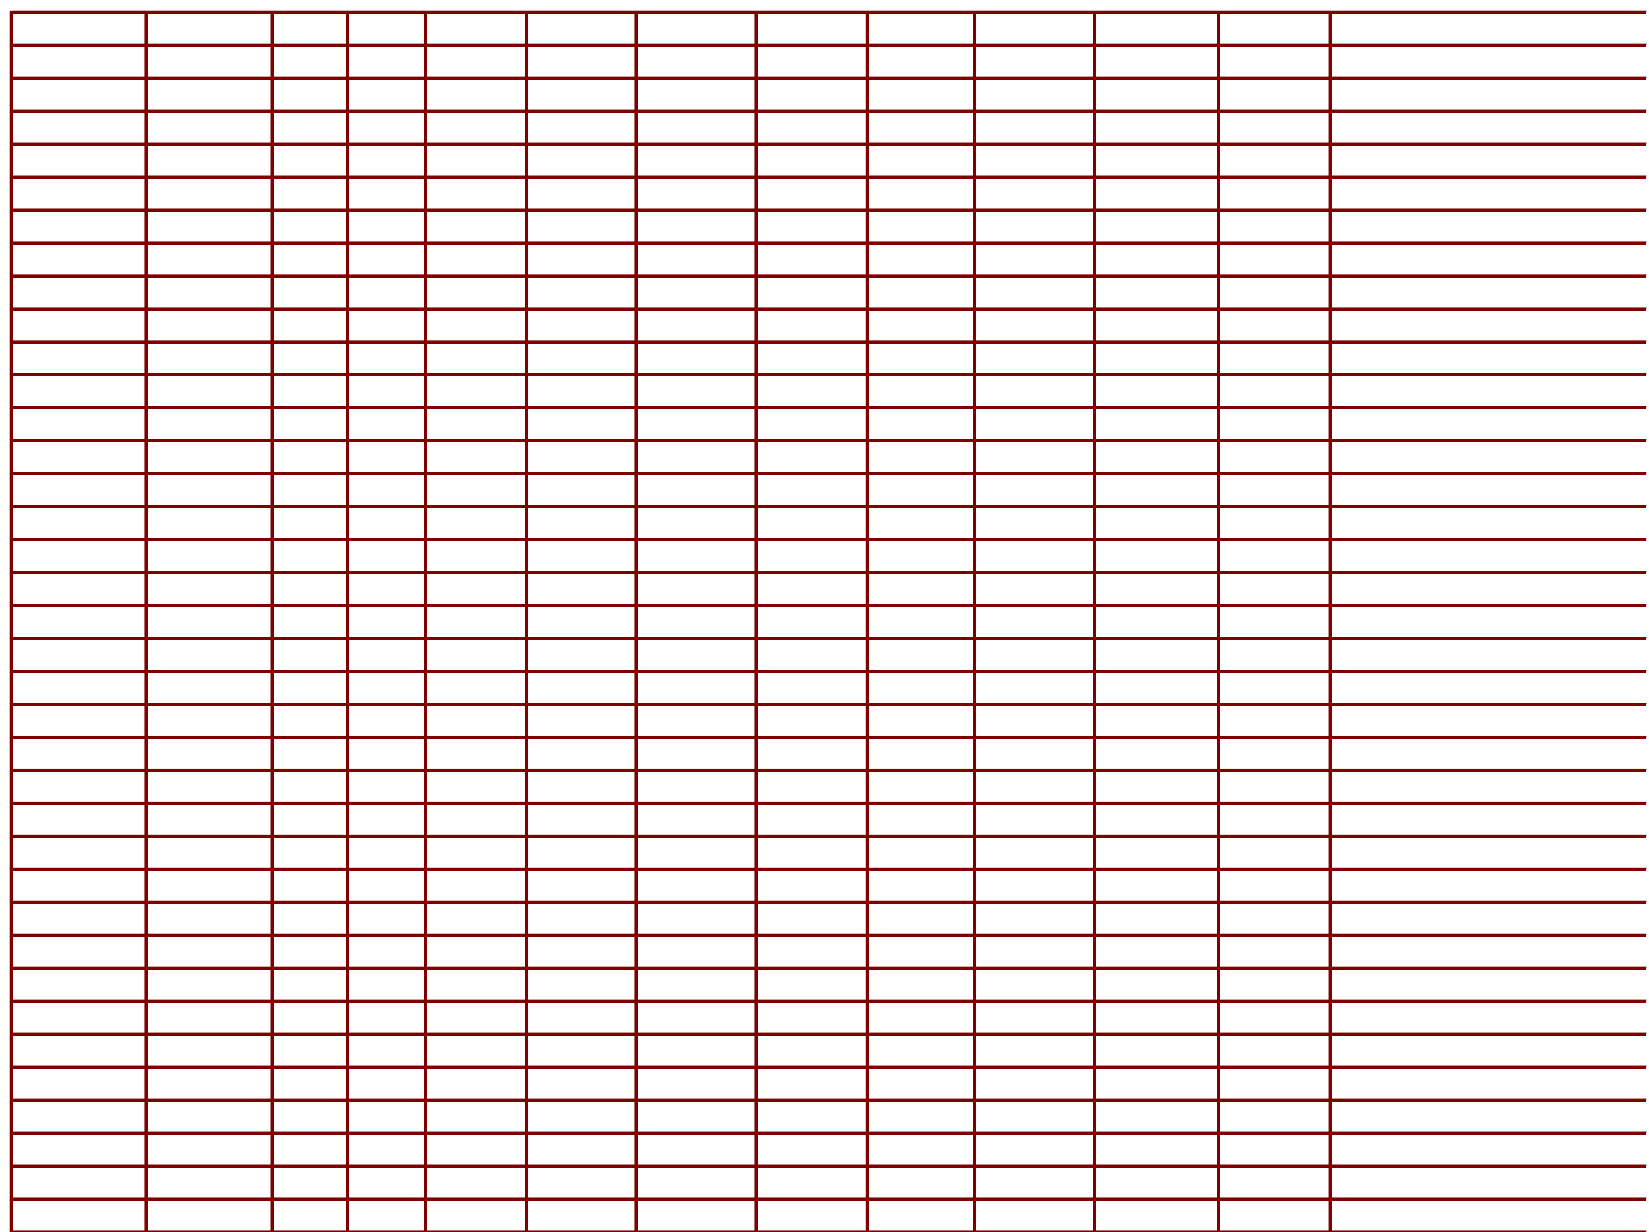

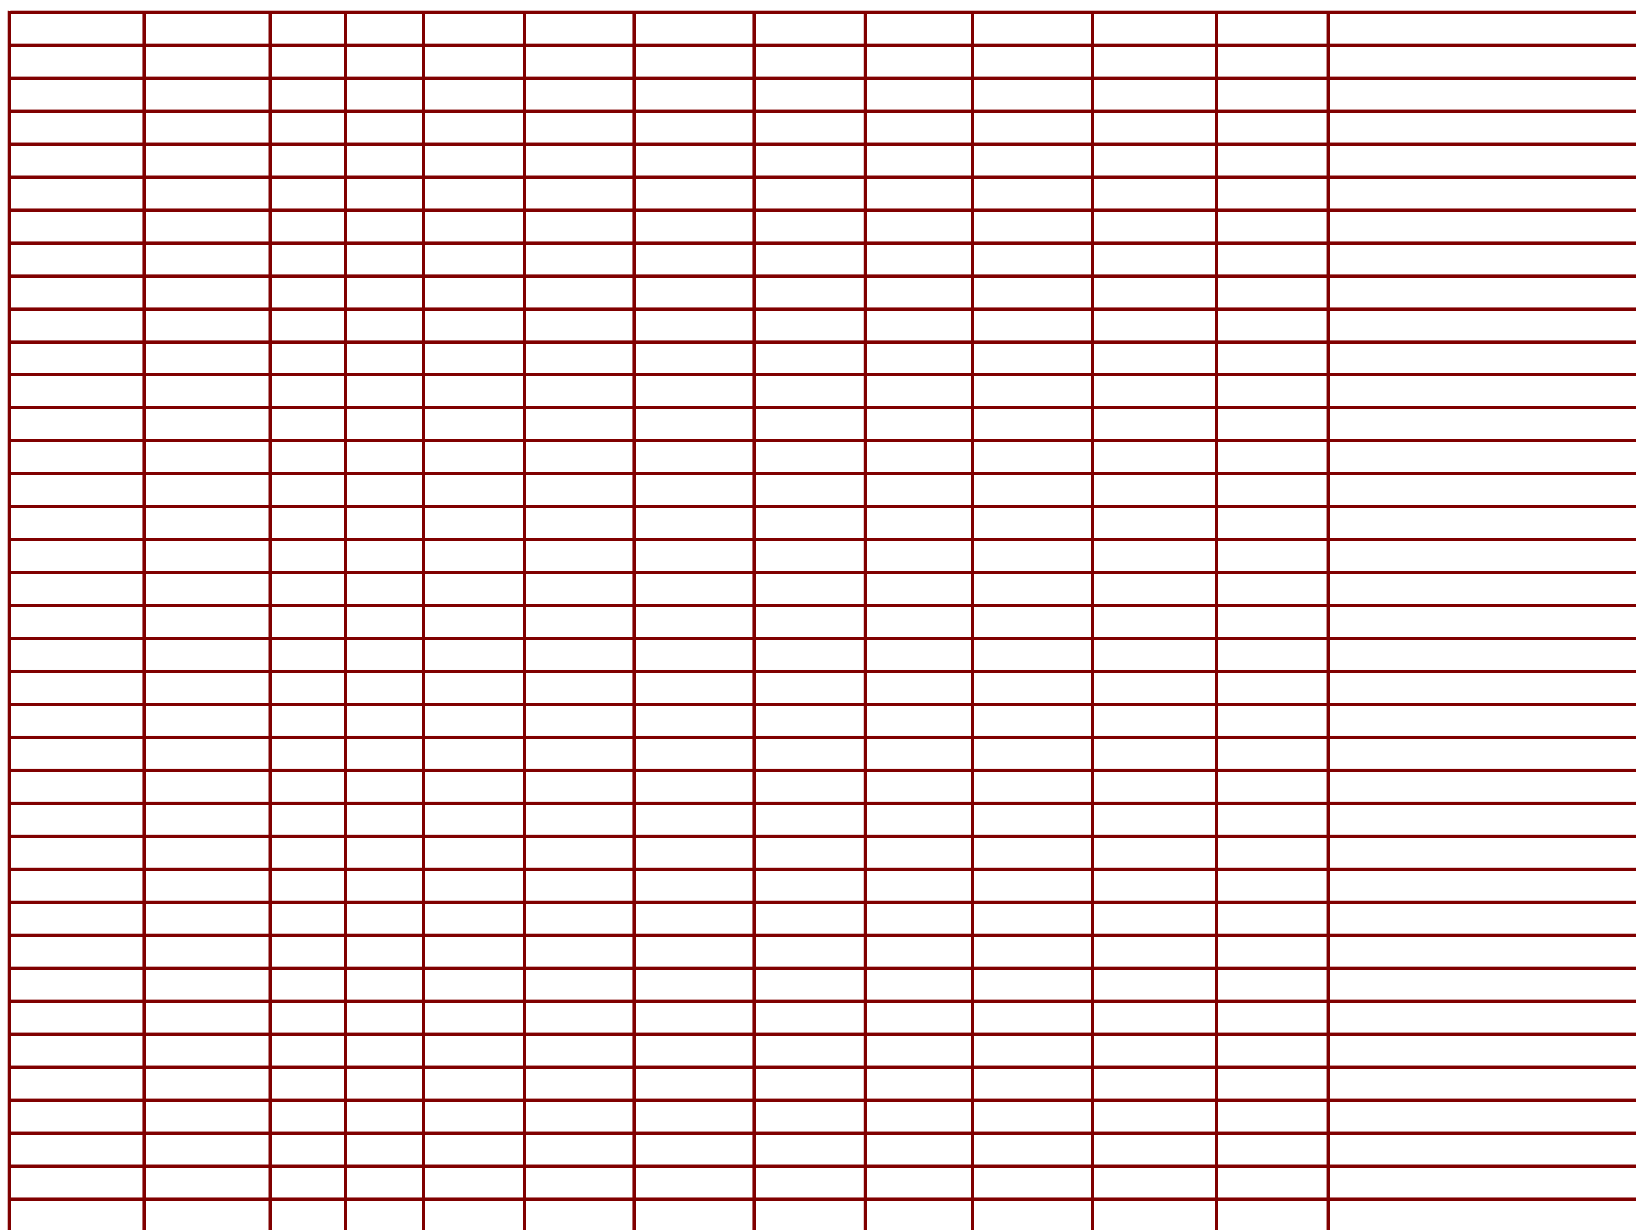

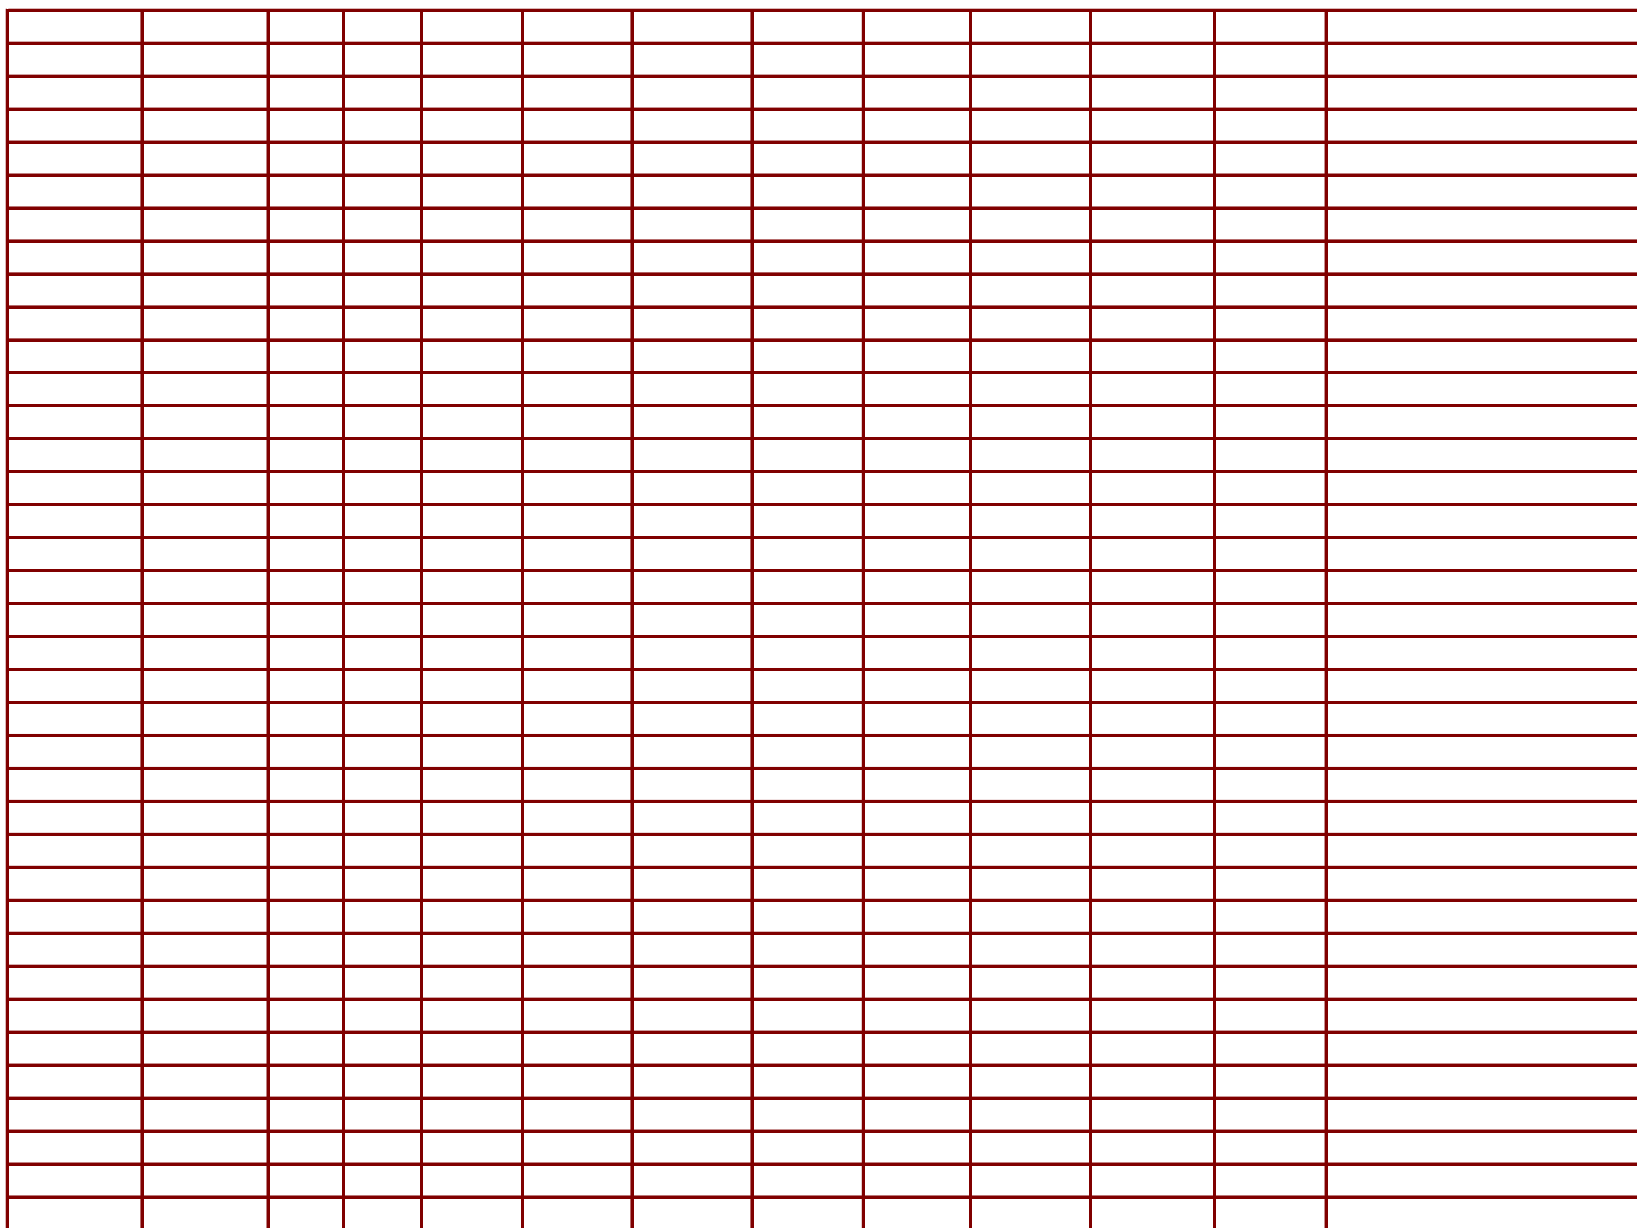

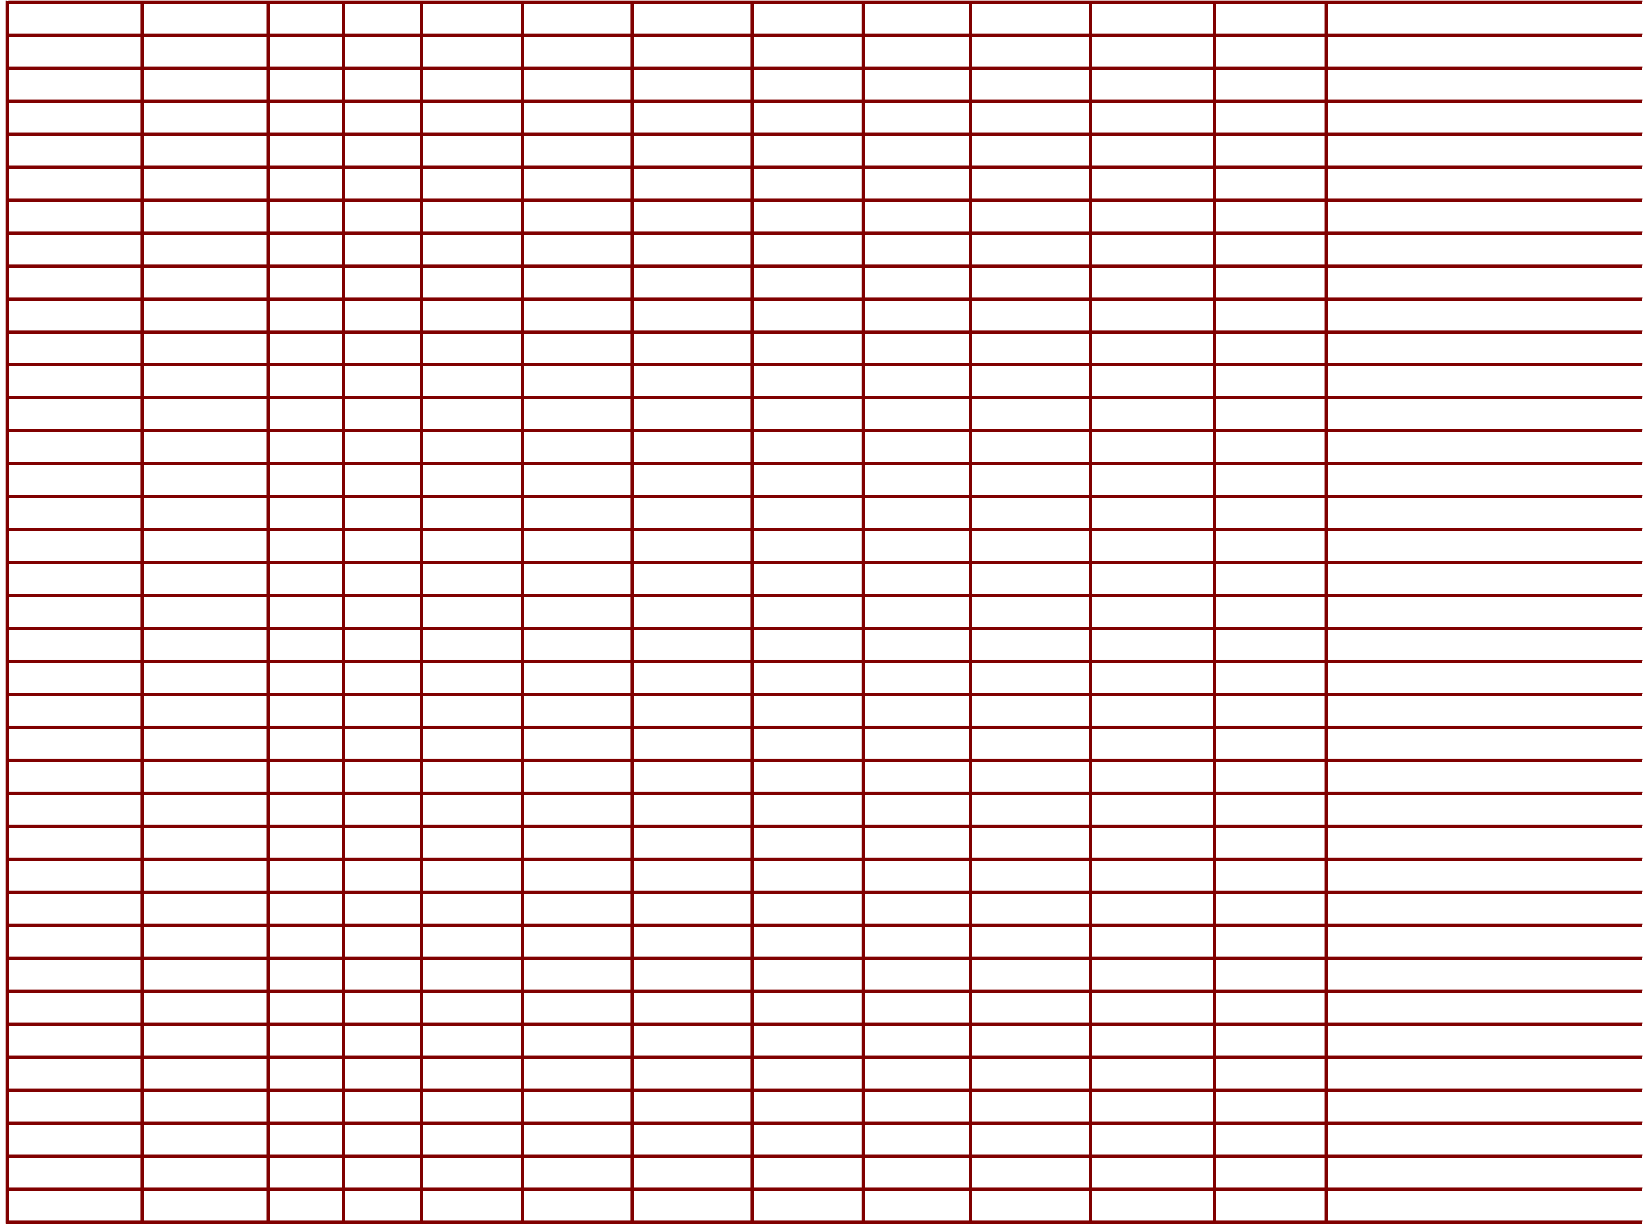

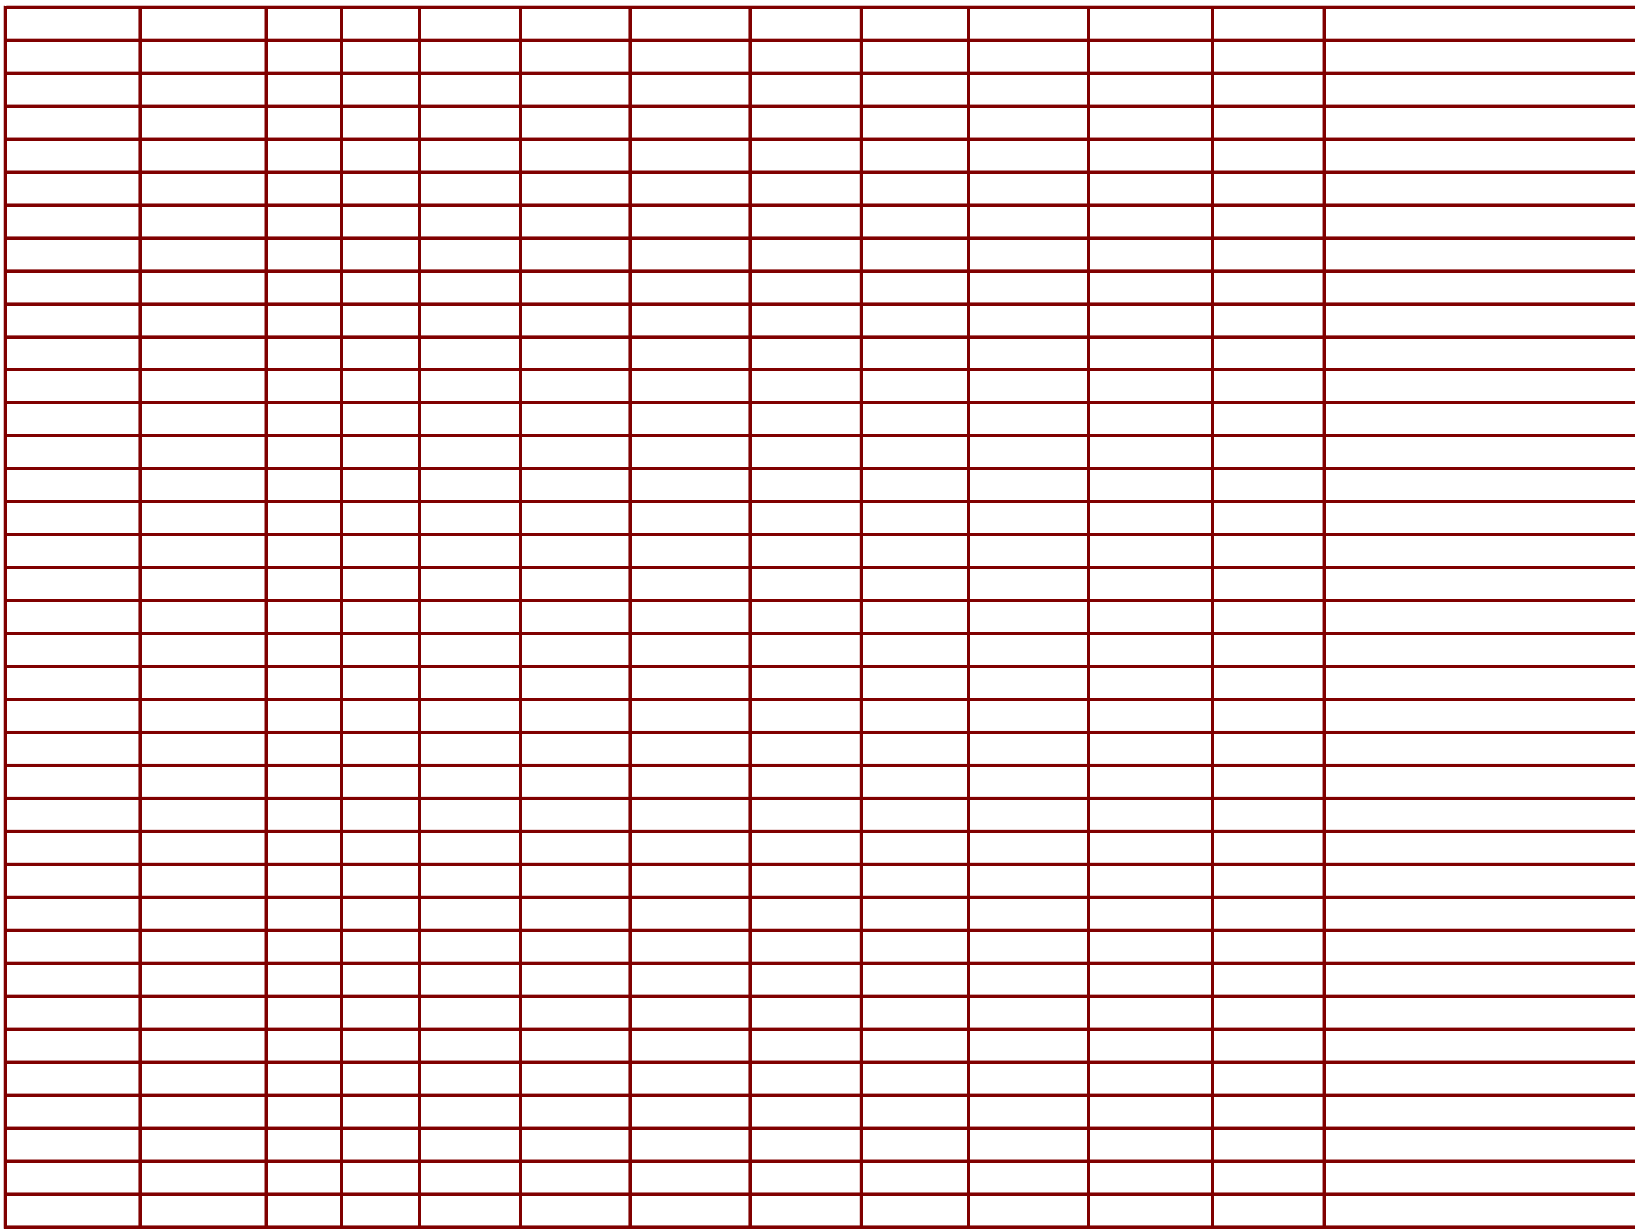

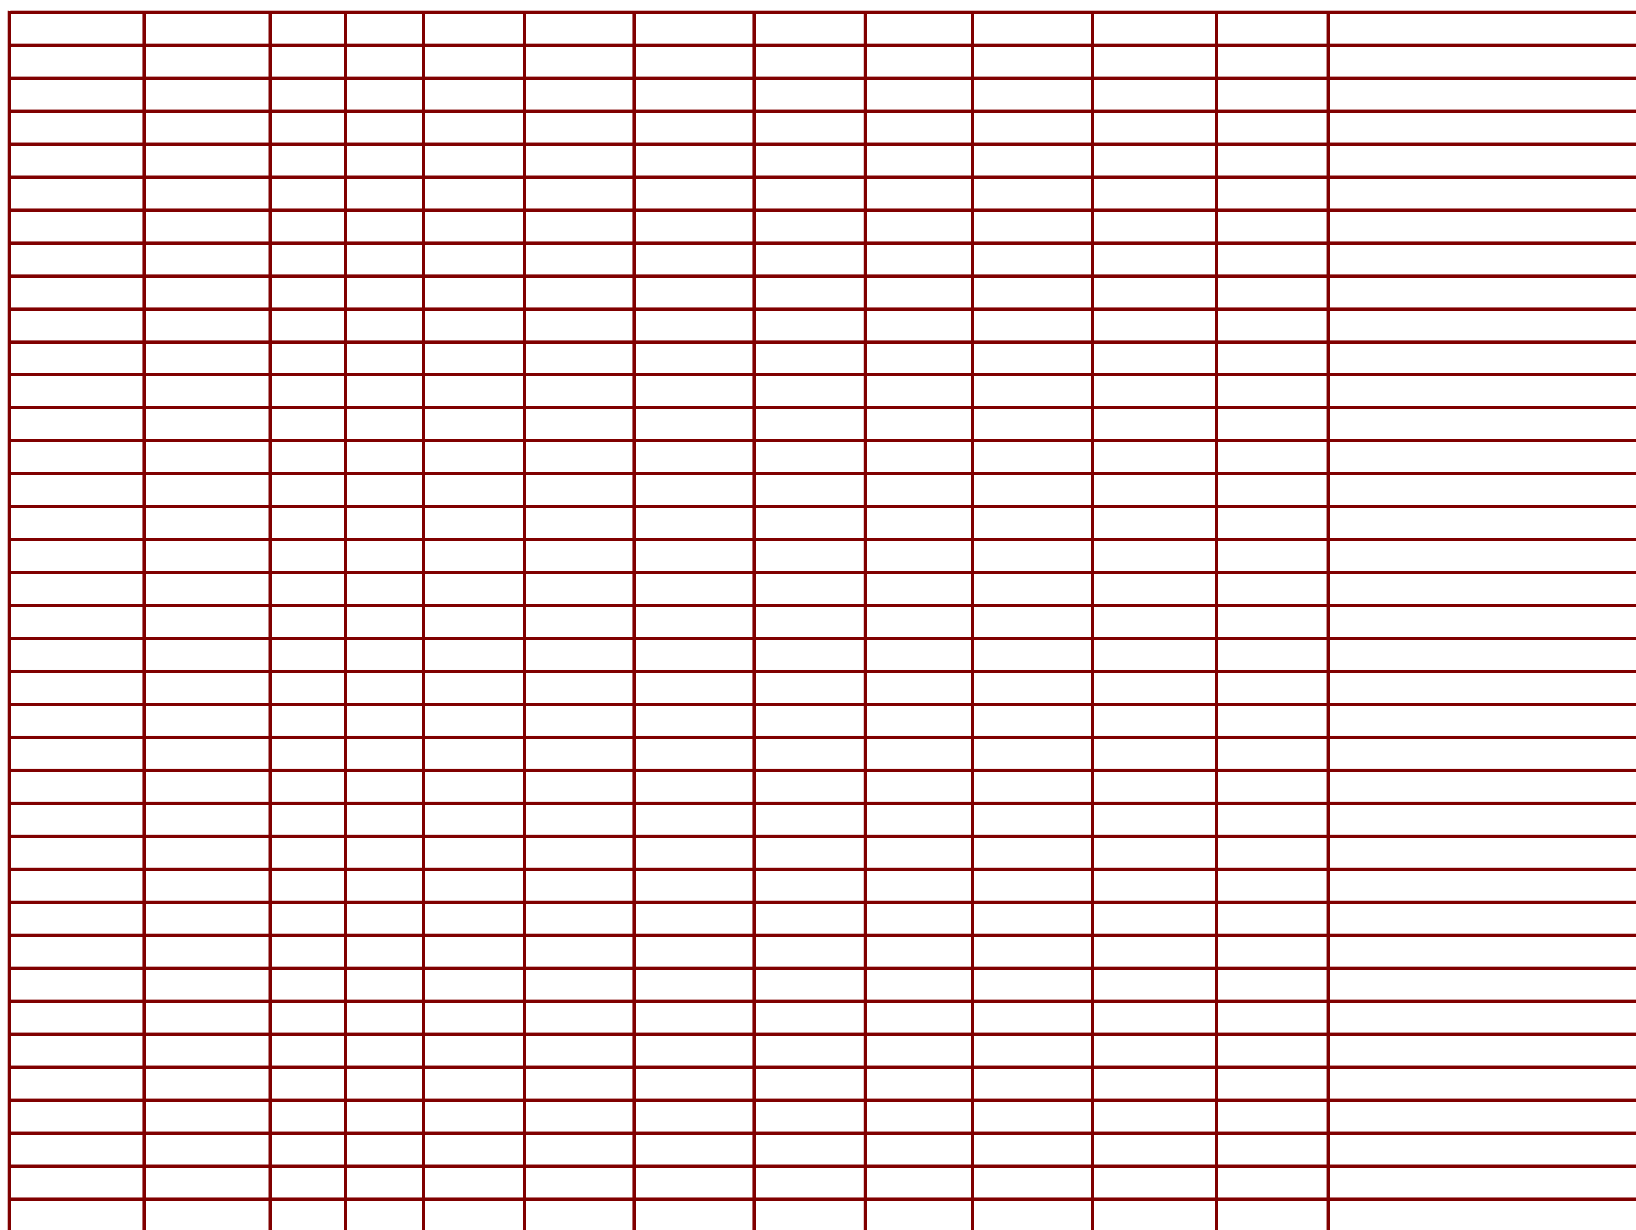

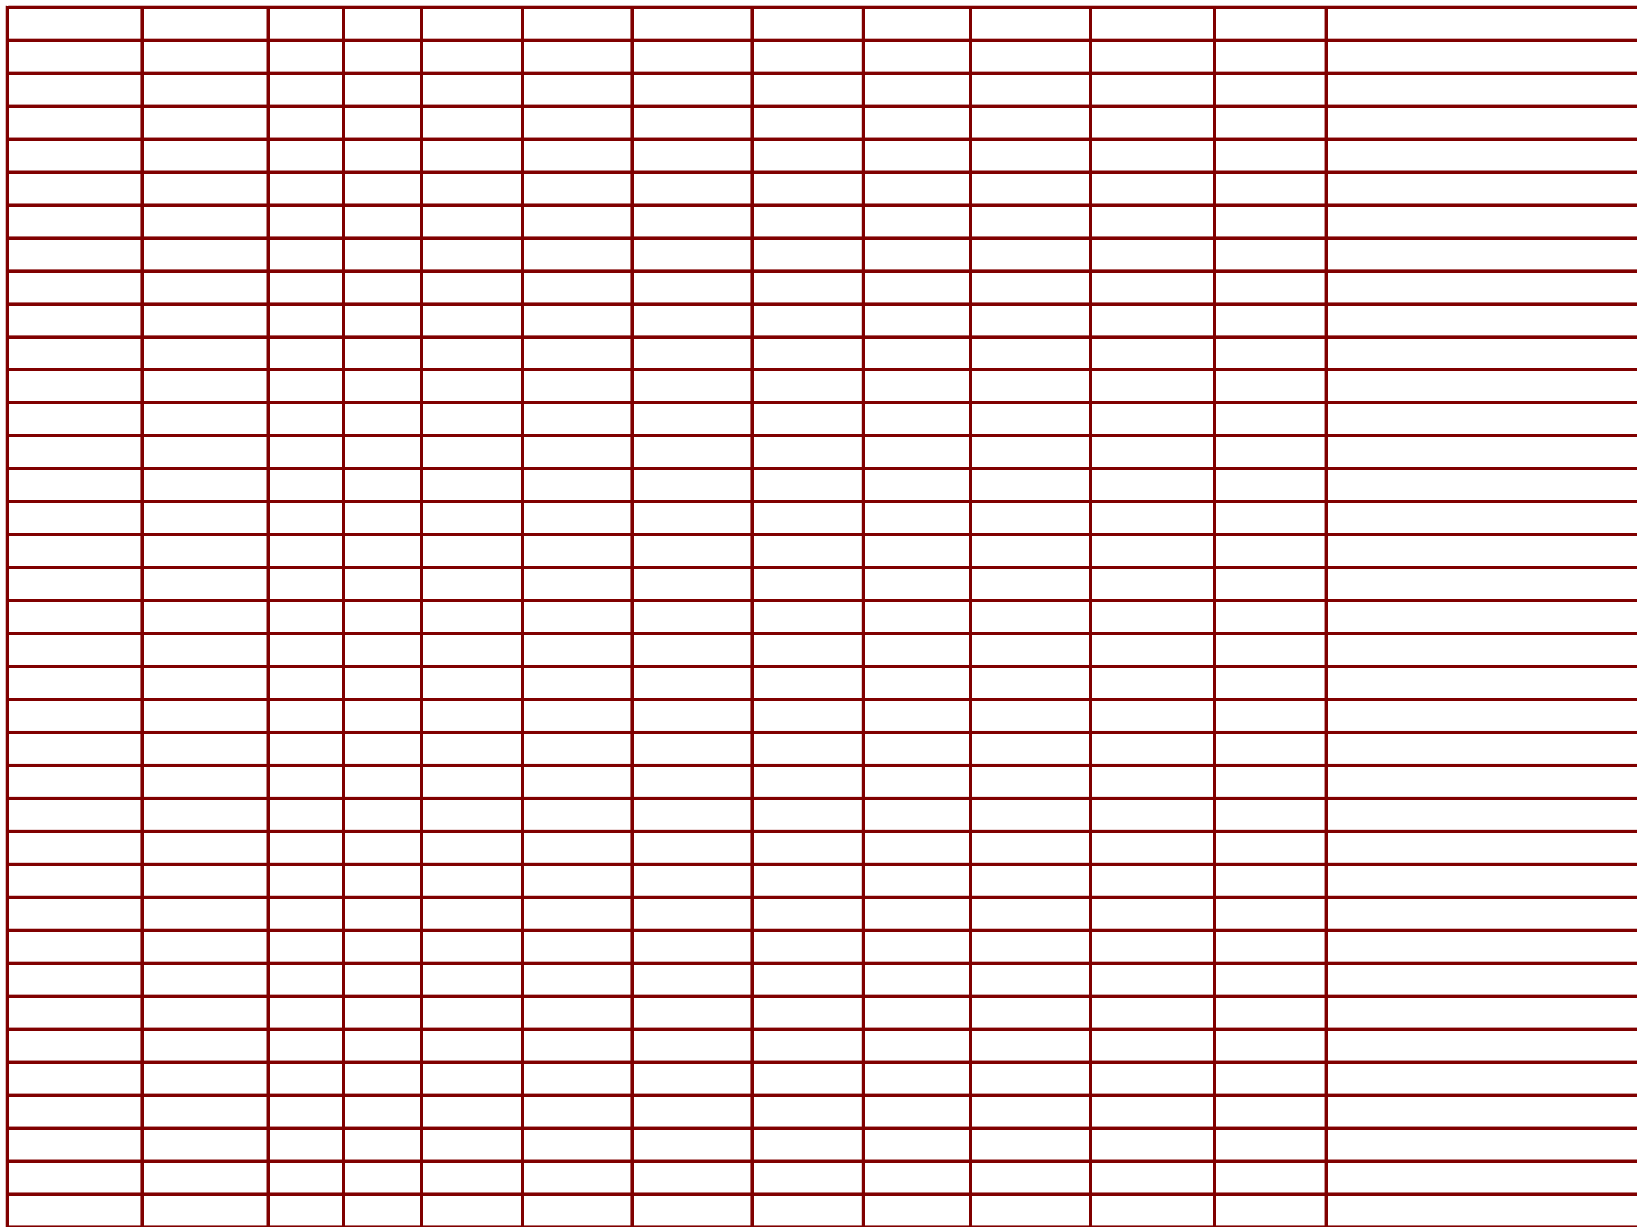

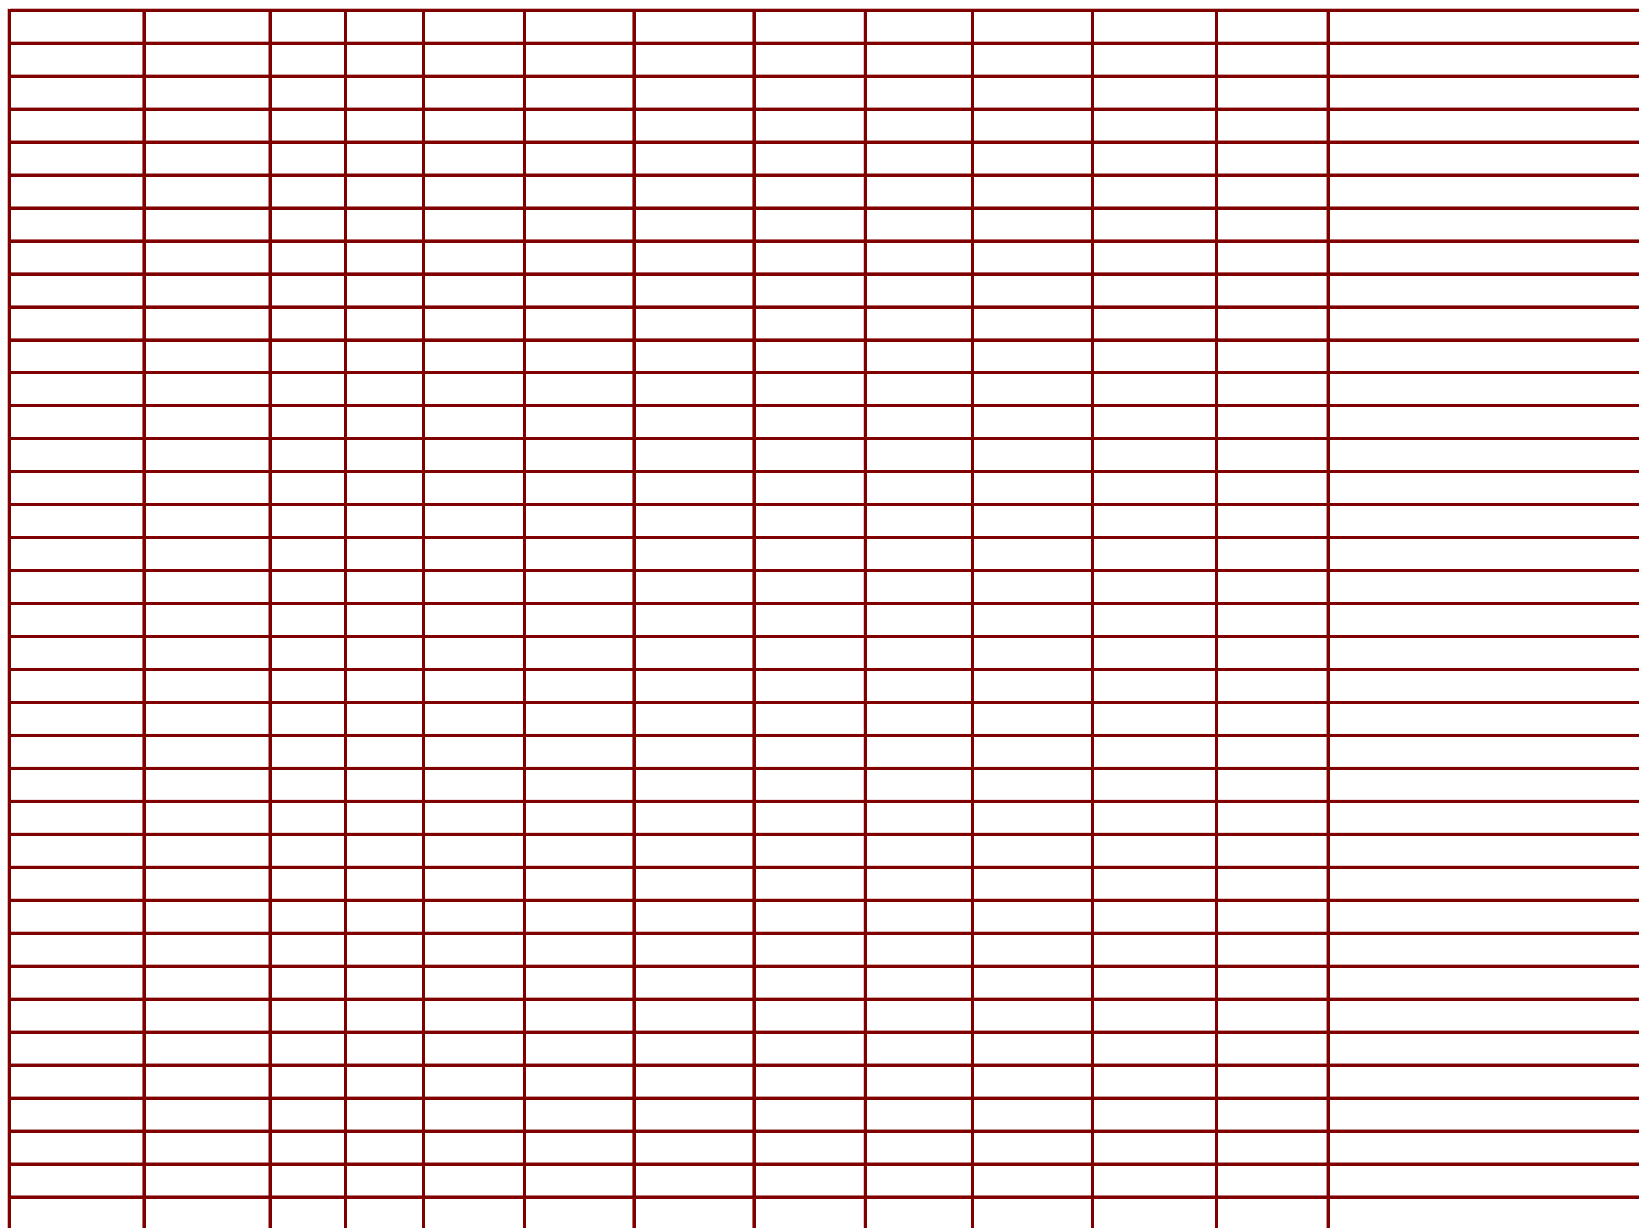

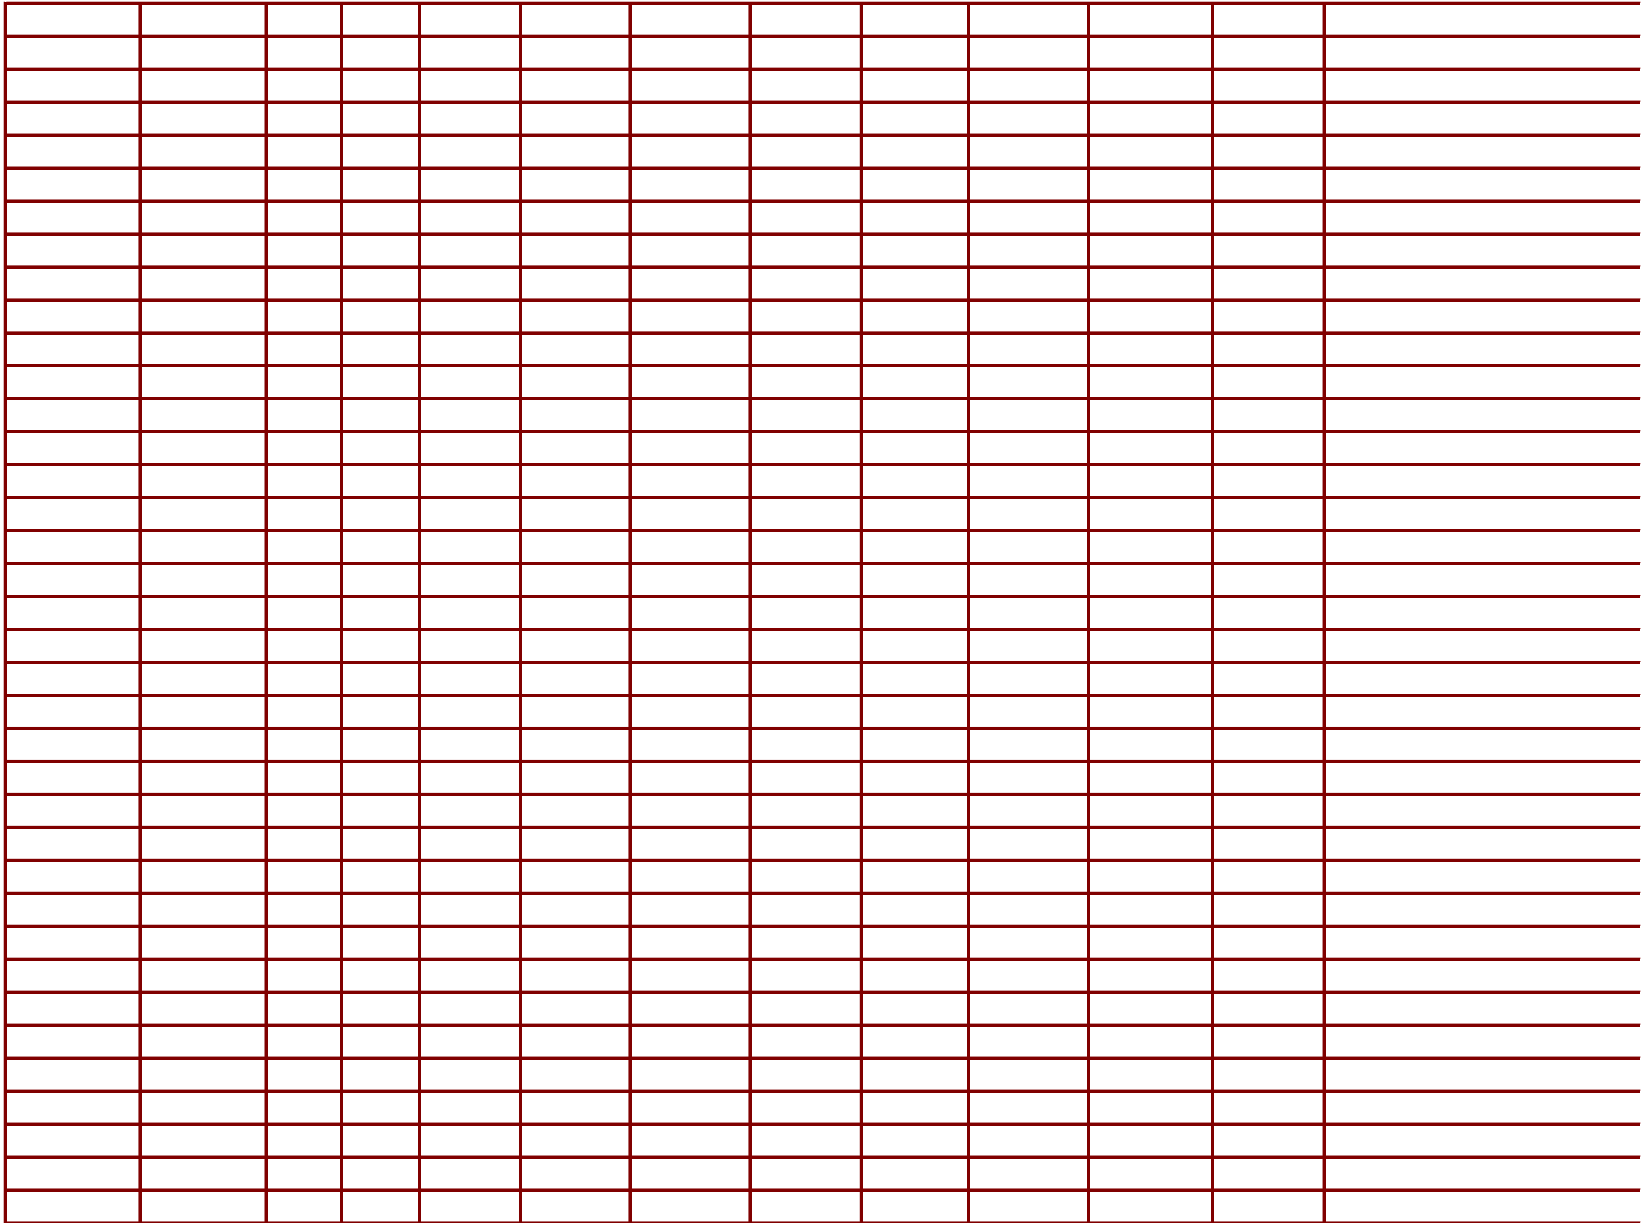

A grid of red lines forming a table structure with 13 columns and 25 rows. The grid is composed of 13 vertical lines and 25 horizontal lines, creating a series of empty rectangular cells. The lines are evenly spaced and extend across the entire width and height of the grid area.

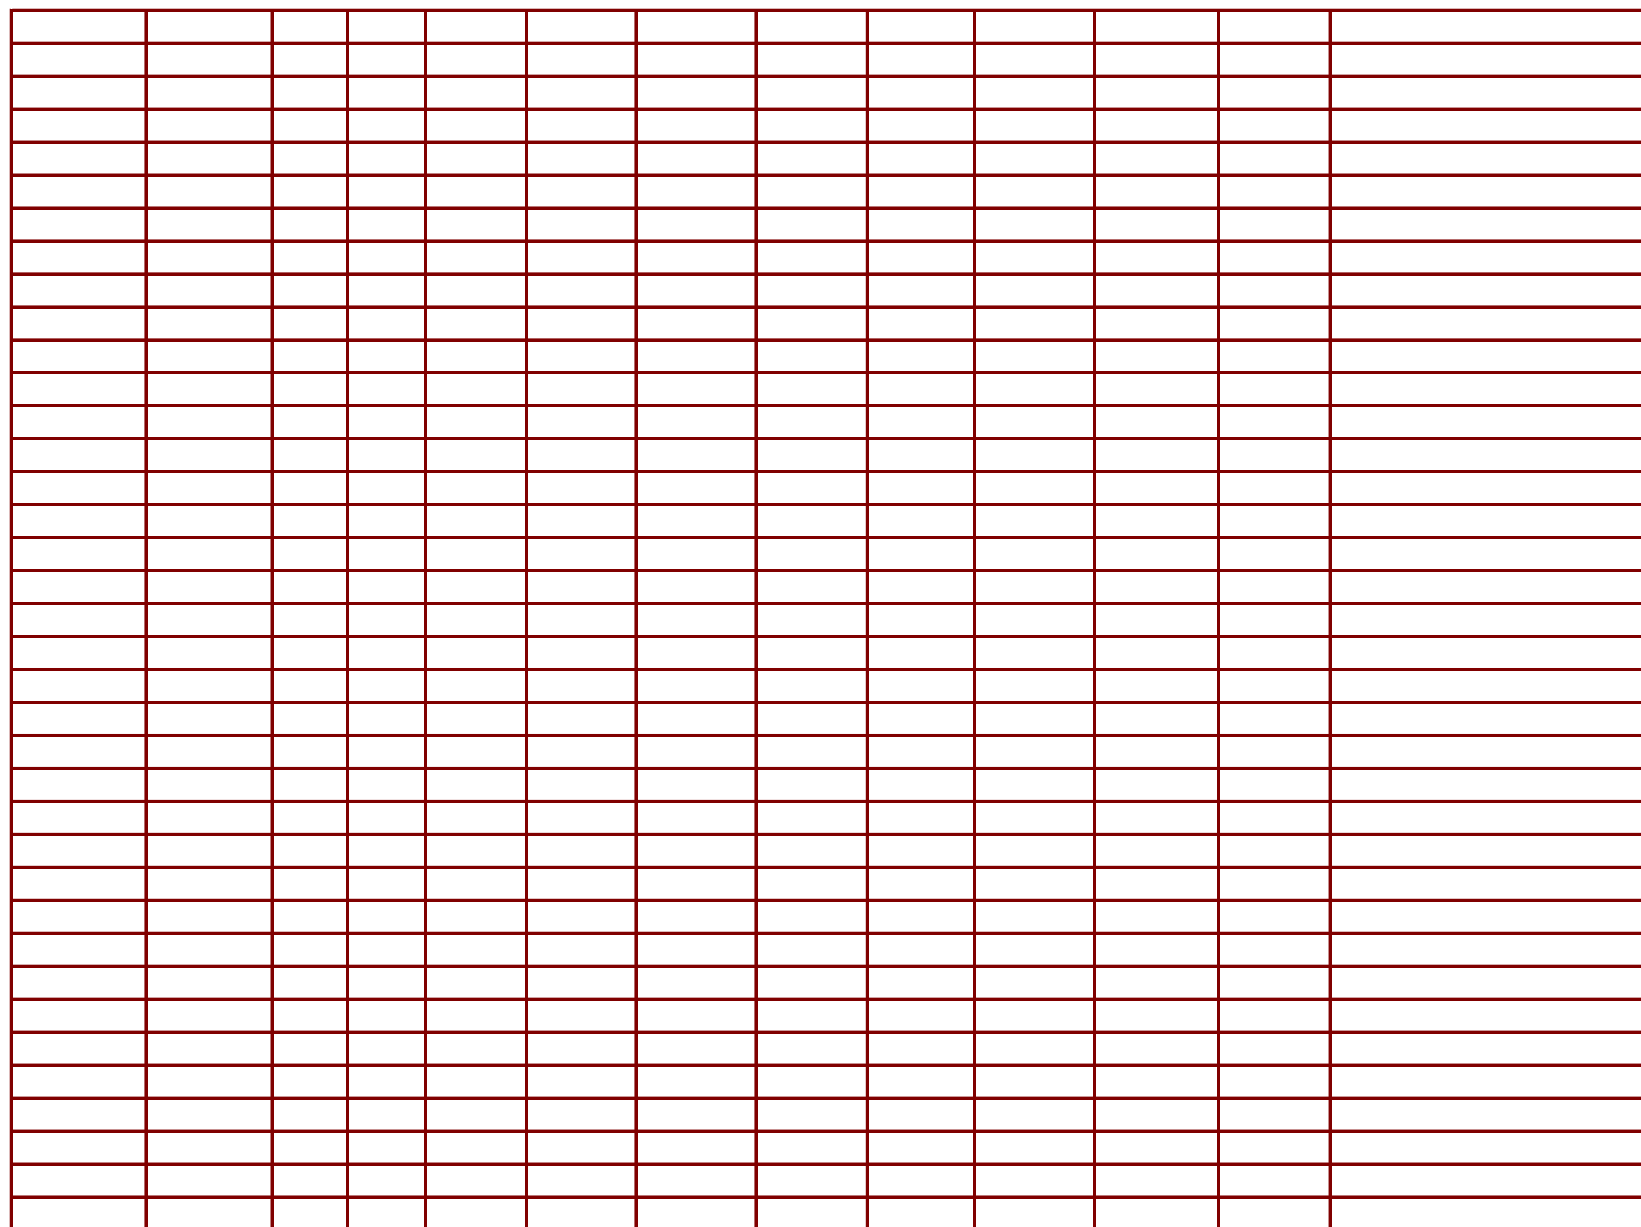

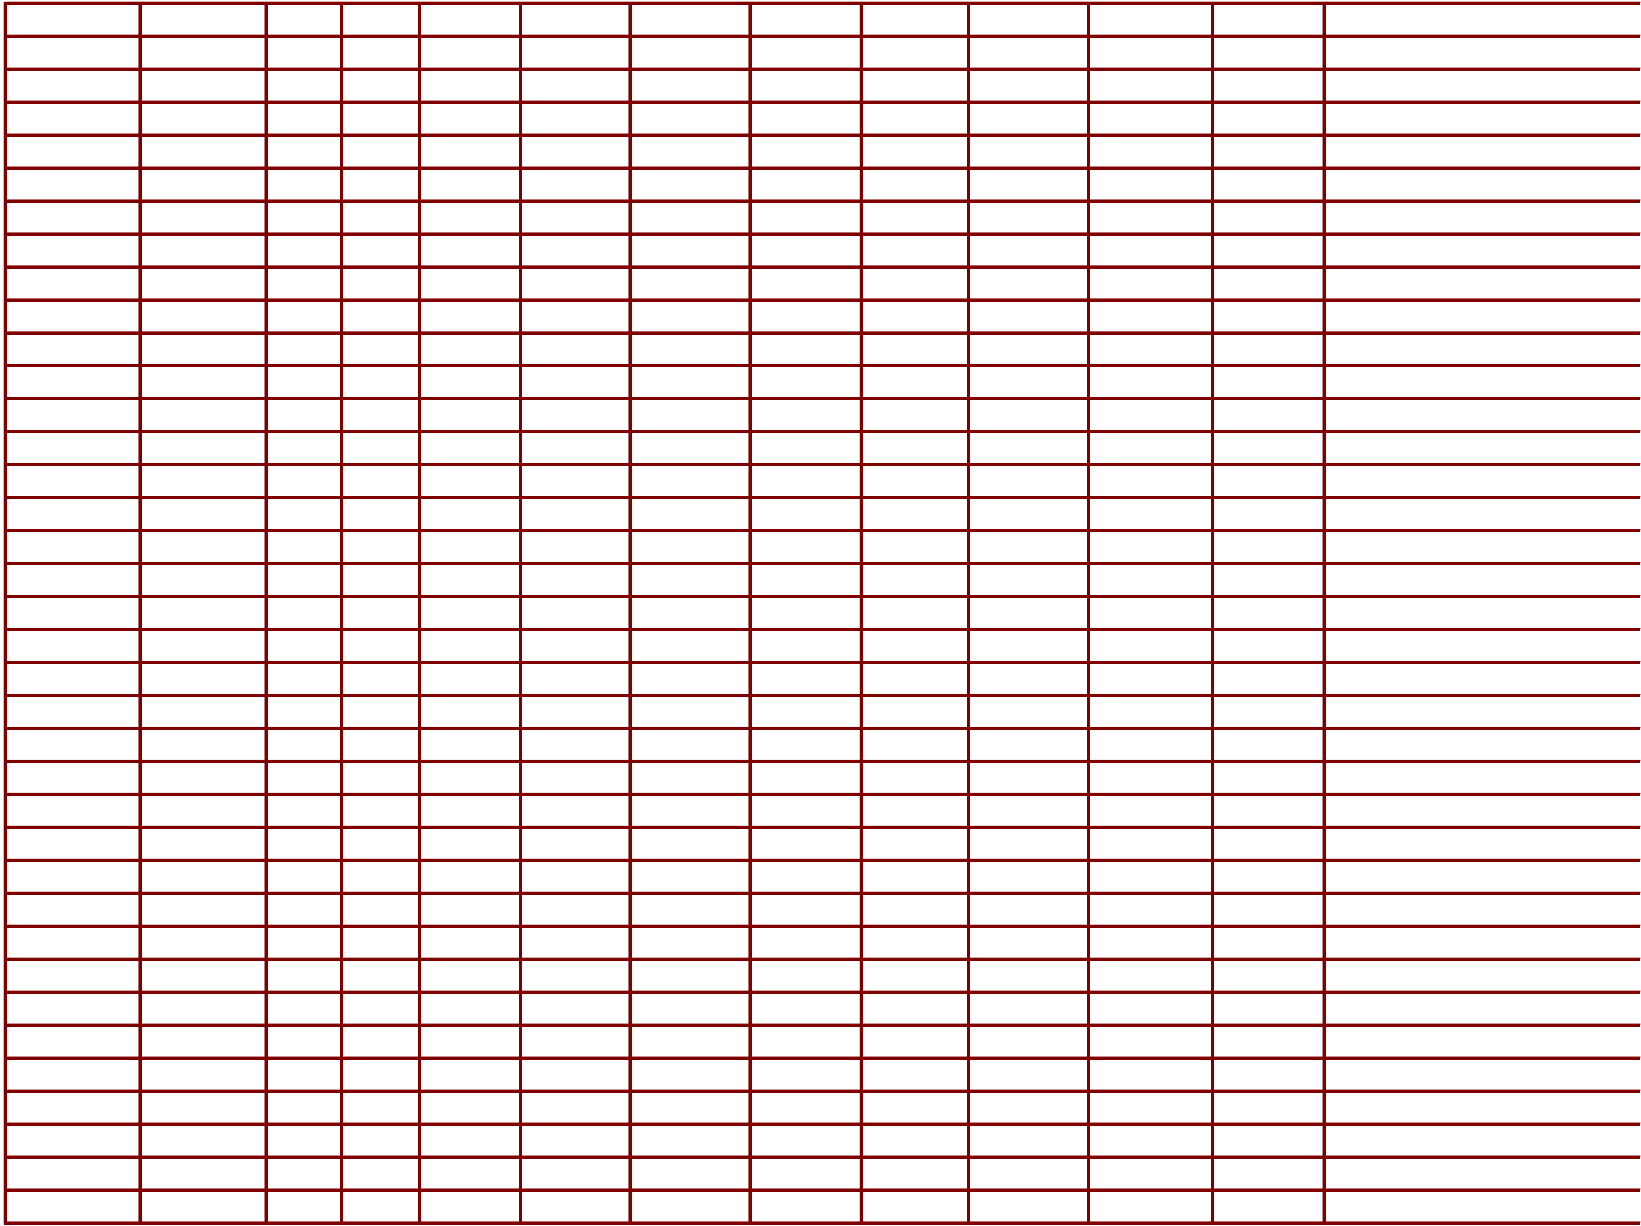

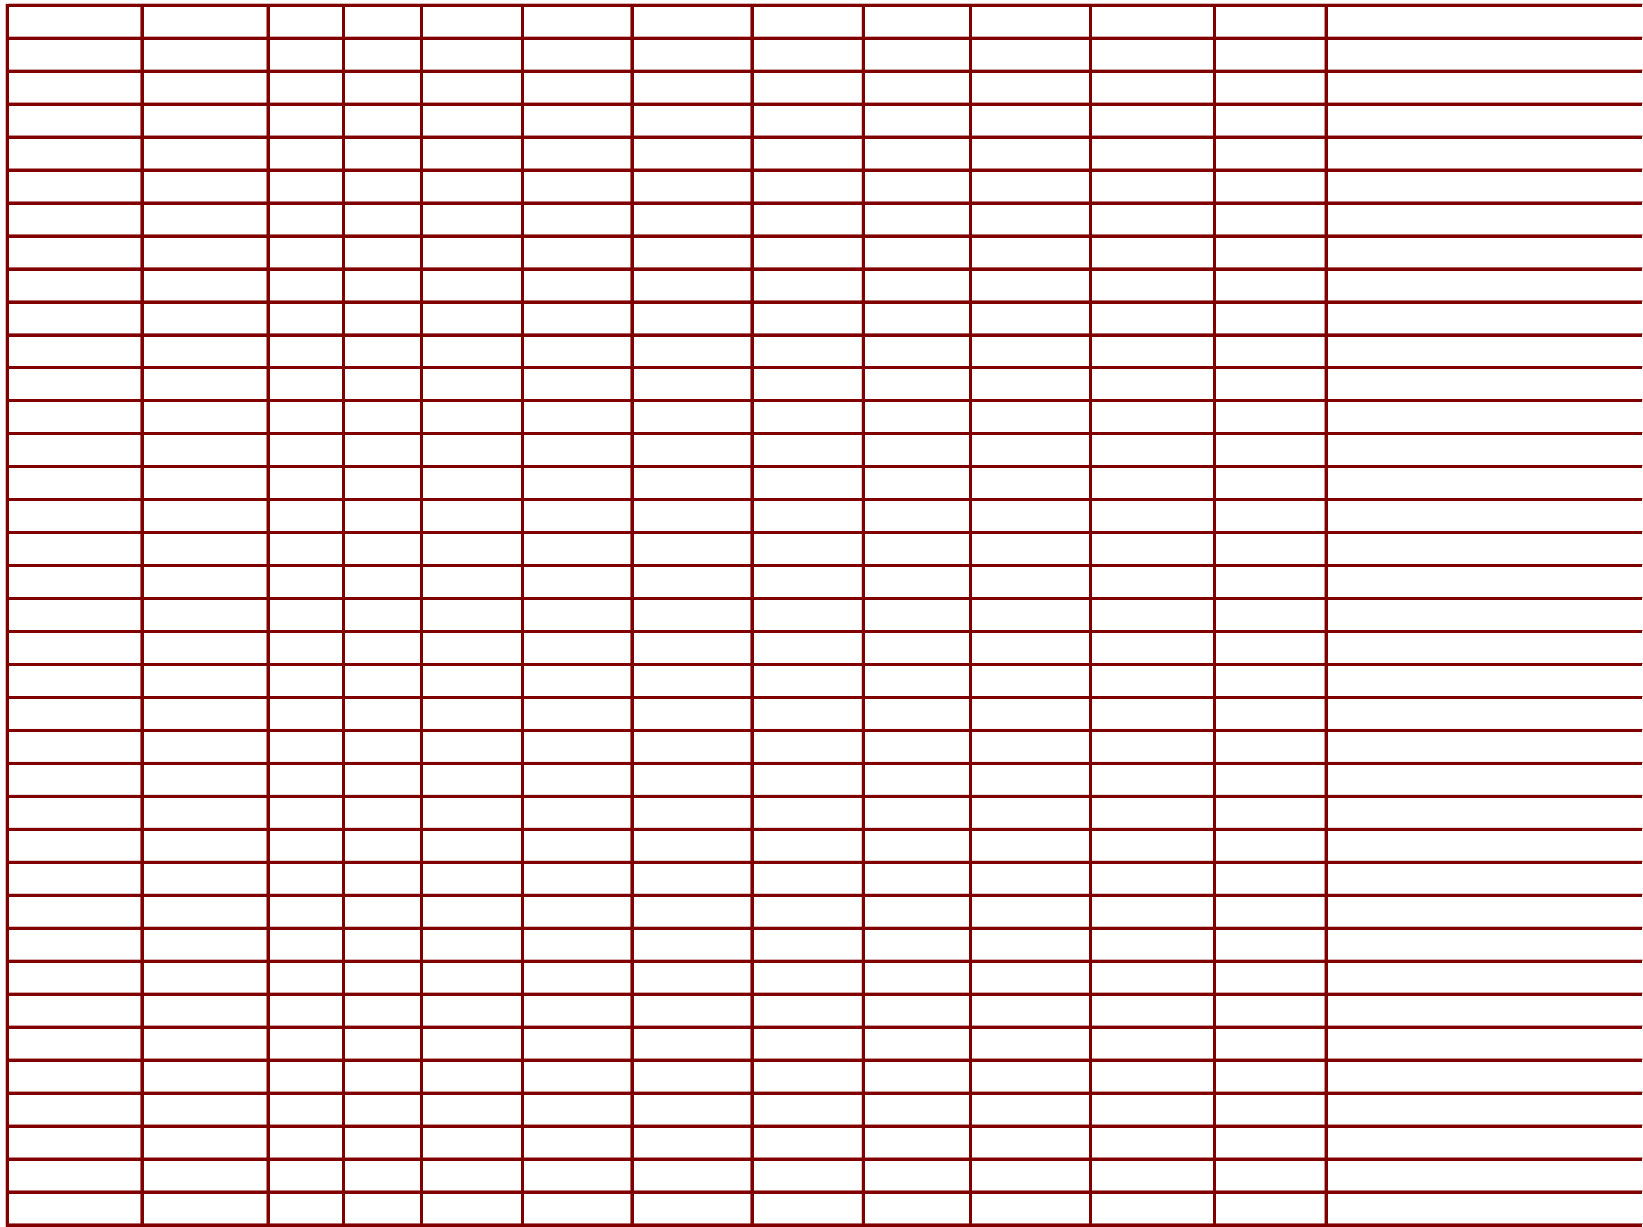

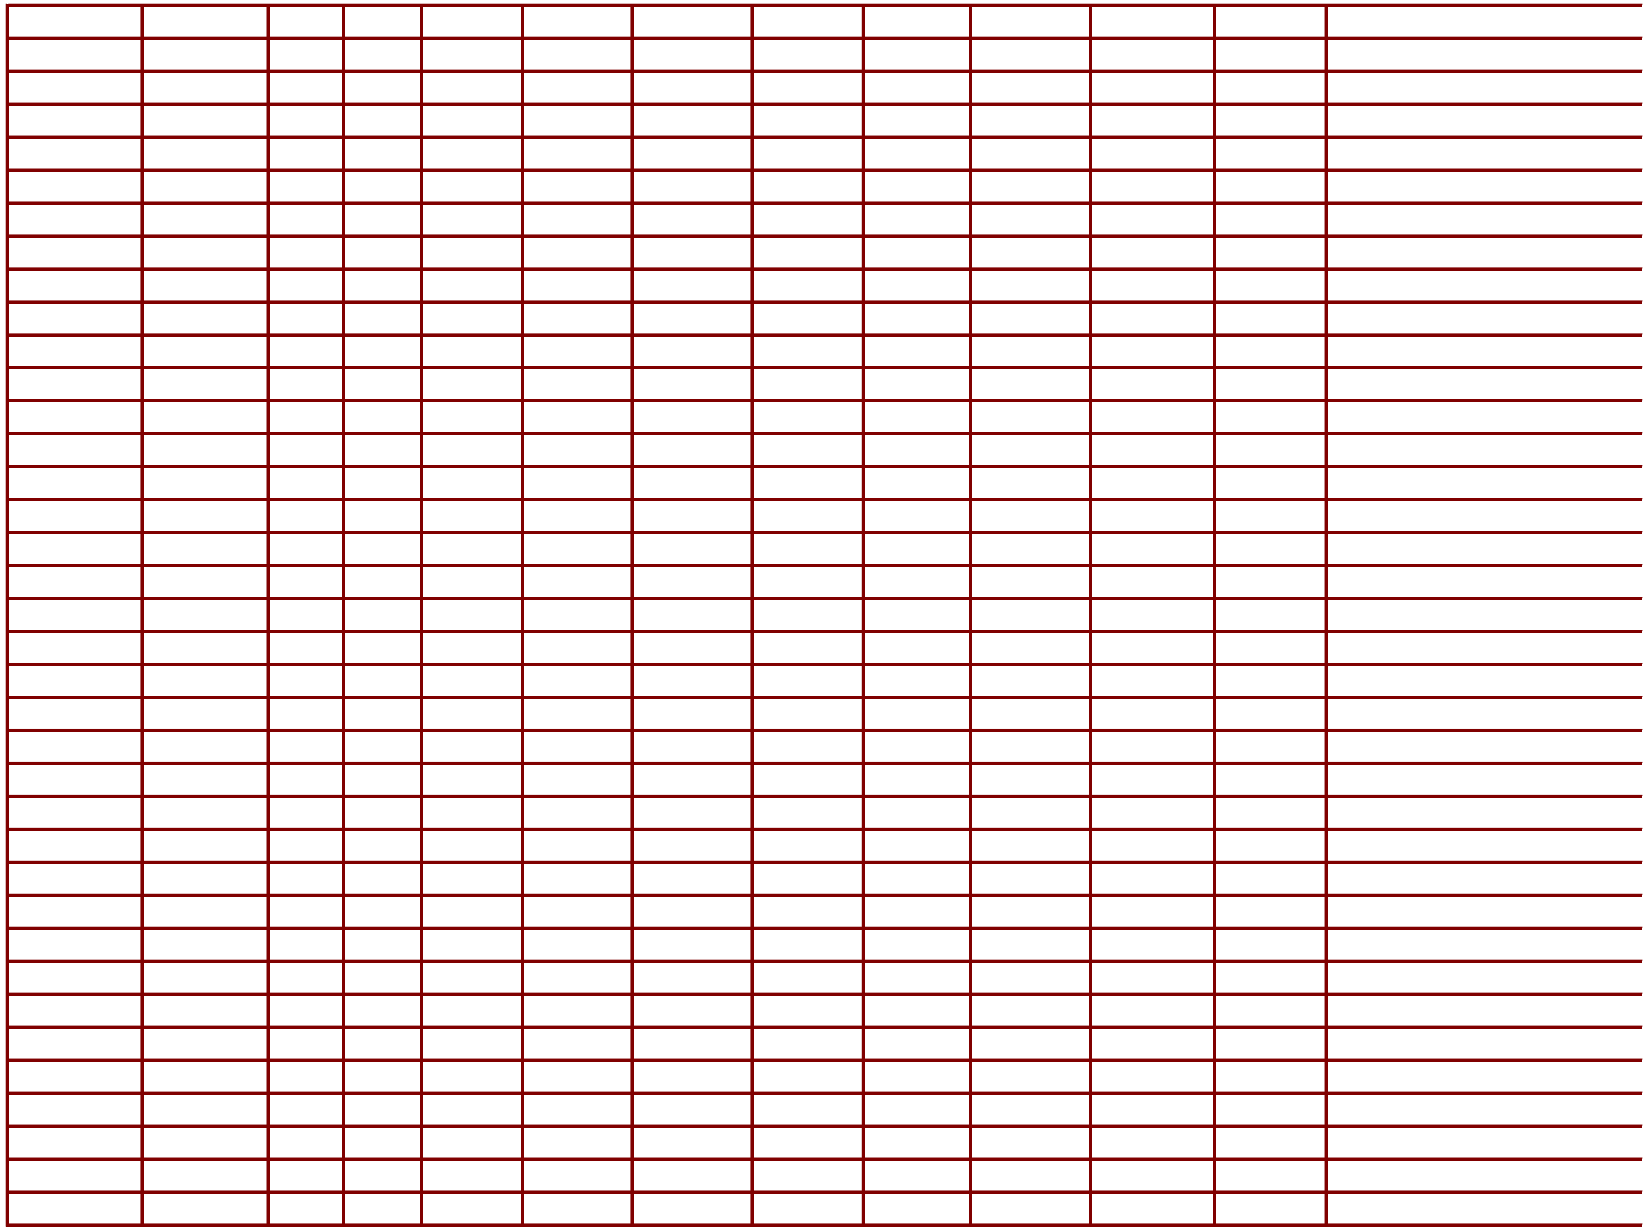

The image displays a blank sheet of graph paper. It features a uniform grid of 20 columns and 20 rows. The grid is formed by thin, dark lines on a white background. There are no markings, text, or data within the grid cells.

This image shows a blank grid with 12 columns and 24 rows. The grid is composed of thin red lines forming a rectangular pattern. The columns are of equal width, and the rows are of equal height. The grid is empty, with no text or data present.
